Insanity on Trial Norman J. Finkel, 2012-12-06 The insanity defense debate has come full circle again The current round began when John Hinckley opened fire in 1972 it was Daniel M. Naghten who pulled the trigger the acts of both would be insanity acquittees provoked the press the populace a President and a Queen to expressions of outrage and triggered Congress the House of Lords judges jurists psychologists and psychiatrists to debate this most maddening matter Insanity which has historically been surrounded by defenses defenders and detractors found itself once again under siege on trial and undergoing rigorous cross examination Treatises were written on the subject testimony was taken and new rules and laws were adopted The dust has settled but it has not cleared What is clear to me is that we have got it wrong once again The full circle analogy and historical parallel to M. Naghten 1843 warrant some elaboration Hinckley's firing at the President captured by television and rerun again and again rekindled an old debate regarding the allegedly insane and punishment Caplan 1984 Maeder 1985 Szasz 1987 a debate in which the insanity defense is centrally situated The smolderings ignited anew when the Hinckley 1972 jury brought in its verdict not guilty by reason of insanity NGRI

Confronting Penal Excess David Hayes,2019-11-14 This monograph considers the correlation between the relative success of retributive penal policies in English speaking liberal democracies since the 1970s and the practical evidence of increasingly excessive reliance on the penal State in those jurisdictions It sets out three key arguments First that increasingly excessive conditions in England and Wales over the last three decades represent a failure of retributive theory Second that the penal minimalist cause cannot do without retributive proportionality at least in comparison to the limiting principles espoused by rehabilitation restorative justice and penal abolitionism Third that another retributivism is therefore necessary if we are to confront penal excess The monograph offers a sketch of this new approach late retributivism as both a theory of punishment and of minimalist political action within a democratic society Centrally criminal punishment is approached as both a political act and a policy choice Consequently penal theorists must take account of contemporary political contexts in designing and advocating for their theories Although this inquiry focuses primarily on England and Wales its models of retributivism and of academic contribution to democratic penal policy making are relevant to other jurisdictions too Book Review Digest ,1983 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **Sexual and Reproductive Justice** Jabulile Mary-Jane Jace Mavuso,Tracy Morison,2022-03-28 Sexual and Reproductive Justice From the Margins to the Centre offers new insights and perspectives on sexual and reproductive justice The thought provoking and diverse contributions in this volume which range from indigenous approaches to sexual violence to gender affirming primary and mental healthcare extend sexual and reproductive justice scholarship and spark critical questions novel thinking and ongoing dialogue in this field Graphic

Justice Thomas Giddens, 2015-03-24 The intersections of law and contemporary culture are vital for comprehending the meaning and significance of law in today's world. Far from being unsophisticated mass entertainment, comics and graphic fiction both imbue our contemporary culture and are themselves imbued with the concerns of law and justice. Accordingly, and spanning a wide variety of approaches and topics from an international array of contributors, *Graphic Justice* draws comics and graphic fiction into the range of critical resources available to the academic study of law. The first book to do this, *Graphic Justice* broadens our understanding of law and justice as part of our human world, a world that is inhabited not simply by legal concepts and institutions alone but also by narratives, stories, fantasies, images, and other cultural articulations of human meaning. Engaging with key legal issues including copyright, education, legal ethics, biomedical regulation, and legal personhood, and exploring critical issues in criminal justice and perspectives on international rights, law and justice, all through engagement with comics and graphic fiction, the collection showcases the vast breadth of potential that the medium holds. *Graphic Justice* will be of interest to academics and postgraduate students in cultural legal studies, law and the image, law narrative, and literature, law and popular culture, cultural criminology, as well as cultural and comics studies more generally.

Anatomy Of Madness Vol 2 W F Bynum, Michael Shepherd, Roy Porter, 2018-10-24 This is a collection of essays on the history of Psychiatry. Volume II of three offers works around the institutions and society from the eighteenth century to 1917. Disability, Criminal Justice and Law Linda Steele, 2020-04-29 Through theoretical and empirical examination of legal frameworks for court diversion, this book interrogates law's complicity in the debilitation of disabled people. In a post-deinstitutionalisation era, diverting disabled people from criminal justice systems and into mental health and disability services is considered therapeutic, humane, and socially just. Yet, by drawing on Foucauldian theory of biopolitics, critical legal and political theory, and critical disability theory, Steele argues that court diversion continues disability oppression. It can facilitate criminalisation, control, and punishment of disabled people who are not sentenced and might not even be convicted of any criminal offences. On a broader level, court diversion contributes to the longstanding phenomenon of disability-specific coercive intervention, legitimates prison incarceration, and shores up the boundaries of foundational legal concepts at the core of jurisdiction, legal personhood, and sovereignty. Steele shows that the United Nations Convention on the Rights of Persons with Disabilities cannot respond to the complexities of court diversion, suggesting the CRPD is of limited use in contesting carceral control and legal and settler colonial violence. The book not only offers new ways to understand relationships between disability, criminal justice, and law; it also proposes theoretical and practical strategies that contribute to the development of a wider reimagining of a more progressive and just socio-legal order. The book will be of interest to scholars and students of disability law, criminal law, medical law, socio-legal studies, disability studies, social work, and

criminology It will also be of interest to disability prisoner and social justice activists **Women, Madness and the Law**
Wendy Chan, Dorothy E. Chunn, Robert Menzies, 2012-10-12 This book explores for the first time in an edited collection the intersection of three key research areas women madness and the law and advances the debates on how law and the psy sciences play a critical role in regulating and controlling women s lives
