Madness Reimagined: Envisioning a Better System of Mental Health in America Leonard A.

Steverson, 2019-07-15 *Madness Reimagined Envisioning a Better System of Mental Health in America* provides a comprehensive analysis of the current mental health system in the United States Presented from a sociological rather than a psychological perspective this book seeks to provide readers with an extensive but accessible look at its history the current

mental health treatment modalities the various mental health practitioners the different conditions known as mental health disorders as well as strategies for improving the system Trained both in clinical and applied therapy and sociology the author aims to provide a balance to the work that other books on mental health often lack As a result this book proposes a dual approach to the study of mental health Dr Steverson acknowledges that while disorders and treatment modalities require a micro level intrapsychic approach the overall analysis of the mental health system demands a macro level sociological approach Due to the recent changes in the American healthcare system and the concerns this has raised this book is a necessary and important contribution to its field It also reflects a growing desire from the public to better understand this subject as mental health issues continue to gain visibility in the public eye Free of psychological jargon and in an accessible format this book will not only appeal to academics and students but also to mental health consumers their families and people who are interested in advocacy

Narratives of Recovery from Mental Illness Mike Watts, Agnes Higgins, 2016-07-15 Narratives of Recovery from Mental Illness presents research that challenges the prevailing view that recovery from mental illness must take place within the boundaries of traditional mental health services While Watts and Higgins accept that medical treatment may be a vital start to some people's recovery they argue that mental health problems can also be resolved through everyday social interactions and through peer and community support Using a narrative approach this book presents detailed recovery stories of 26 people who received various diagnoses of mental illness and were involved in a mutual help group known as GROW Drawing on an in depth analysis of each story chapters offer new understandings of the journey into mental distress and a progressive entrapment through a combination of events feelings thoughts and relationships The book also discusses the process of ongoing personal liberation and healing which assists recovery and suggests that friendship social involvement compassion and nurturing processes of change all play key factors in improved mental well being This book provides an alternative way of looking at mental illness and demonstrates many unexplored avenues and paths to recovery that need to be considered As such it will be of interest to researchers academics and postgraduate students in the fields of psychiatry psychology nursing social work and occupational therapy as well as to service providers policymakers and peer support organisations The narratives of recovery within the book should also be a source of hope to people struggling with mental illness and emotional distress
