**Of an Alien Homecoming** Charles Bambach, 2022-07-01 Few themes resonate as powerfully in Heidegger as those connected to homecoming homeland and Heimat This emphasis plays out most powerfully in Heidegger s reading of H lderlin and his turn towards language art and poetizing as a way of thinking through the poet s relevance in the epoch of homelessness and the abandonment of the gods As the first book length study in English of the Heidegger H lderlin relation Of an Alien Homecoming addresses the tension within Heidegger s work between his disastrous political commitments during the era of National Socialism and his attempts to open a path to a German future nurtured on H lderlin s ideal of poetic dwelling Charles Bambach reads this work on H lderlin from 1934 1948 in conversation with the Black Notebooks and Heidegger s metapolitics even as he uncovers an ethical dimension within Heidegger that pervades his reading of poetry Throughout all of these various stages on Heidegger s thought path H lderlin remains the poet who poetizes the possibility of finding our lost home amidst the homelessness brought about in the epoch of technological thinking

Psychodrama.

Surplus Reality and the Art of Healing Zerka Toeman Moreno, Leif Dag Blomkvist, Thomas Rützel, 2000 In a book that is both intelligent and enriching the authors show how surplus reality can change lives Psychodramatists and mental health professionals who wish to take therapy beyond the verbal will find the book valuable reading Toni Morrison's Art. A Humanistic Exploration of The Bluest Eye and Beloved Sumedha Bhandari, 2017-02-08 Toni Morrison the eighth American to receive the Nobel Prize in Literature is perhaps the most formally sophisticated novelist in the history of African American literature Astutely she describes aspects of human lives and unlike many other writers reveals the hope and beauty that underlines the worlds ugliness Her artistic excellence lies in achieving a perfect balance between black literature and writing about the universal truth Although firmly grounded in the cultural heritage and social concerns of black Americans her work transcends narrowly prescribed conceptions of ethnic literature exhibiting universal mythical patterns and overtones Her novels thus mourn on universal concerns The endeavor in this study is to scrutinize the unspoken lexis of Toni Morrison's works and to unveil the layers of humanistic concerns that provide denotations to her words Earlier studies on this writer have concentrated on adjudging her as a writer addressing problems of black people However this book tries to extend this notion to encompass the problems of whole human community by assimilating blacks in the general drama of life Before dyeing the strings of Morrison's novels with the colour of humanist concerns this book delineates the term Humanism from which these humanistic concerns arise **The Common Cause**, 1913 *Magazine of the Women's City Club ... Women's City Club of Detroit*, 1929 **Literature And Spirit** David Patterson, 2021-03-17 If Bakhtin is right Wayne C Booth has said a very great deal of what we western critics have spent our time on is mistaken or trivial or both In Literature and Spirit David Patterson proceeds from the premise that Bakhtin is right Exploring Bakhtin's notions of spirit responsibility and dialogue Patterson takes his reader from the narrow arena of literary criticism to the larger realm of human living and human loving True to the spirit of Bakhtin he draws the Russian into a vibrant dialogue with other thinkers including Foucault Berdyaev Gide Lacan Levinas and Heidegger But he does not stop there He engages Bakhtin in his own insightful and unique dialogue meeting the responsibility and taking the risk summoned by dialogue Literature and Spirit therefore is not a typically cool and detached exercise in academic curiosity Instead it is a passionate and penetrating endeavor to respond to literature and spirit as the links in life's attachment to life The author demonstrates that in deciding something about literature we decide something about the substance and meaning of our lives Far from being a question of commentary or explication he argues our relation to literature is a matter of spiritual life and death The reader who comes before a literary text encounters the human voice And Patterson enables his reader to hear that voice in all its spiritual dimensions Unique in its questions and in its quest Literature and Spirit addresses an audience that goes beyond the ordinary academic categories It appeals not only to students of literature philosophy and religion but to anyone who seeks an understanding of spiritual presence and meaning in life Through his affirmation of what is dear Patterson responds to the needful question And

in his response he puts the question to his audience Where are you Literature and Spirit thus speaks to those who face the task of answering Here I am
