Gilbert and Gubar's The Madwoman in the Attic after Thirty Years Annette R. Federico, 2011-01-25 When it was published in 1979 Sandra M Gilbert and Susan Gubar's *The Madwoman in the Attic: The Woman Writer and the Nineteenth Century Literary Imagination* was hailed as a pathbreaking work of criticism changing the way future scholars would read Jane Austen Mary Shelley the Brontës George Eliot and Emily Dickinson This thirtieth anniversary collection adds both valuable reassessments and new readings and analyses inspired by Gilbert and Gubar's approach It includes work by established and up and coming scholars as well as retrospective accounts of the ways in which *The Madwoman in the Attic* has influenced teaching feminist activism and the lives of women in academia These contributions represent both the diversity of today's feminist criticism and the tremendous expansion of the nineteenth century canon The authors take as their subjects specific nineteenth and twentieth century women writers the state of feminist theory and pedagogy genre studies film race and postcolonialism with approaches ranging from ecofeminism to psychoanalysis And although each essay opens *Madwoman* to a different page all provocatively circle back with admiration and respect objections and challenges questions and arguments to Gilbert and

Gubar's groundbreaking work *The Madwoman in the Attic* The essays are as diverse as they are provocative Susan Fraiman describes how *Madwoman* opened the canon politicized critical practice and challenged compulsory heterosexuality while Marlene Tromp tells how it elegantly embodied many concerns central to second wave feminism Other chapters consider *Madwoman*'s impact on Milton studies on cinematic adaptations of *Wuthering Heights* and on reassessments of Ann Radcliffe as one of the book's suppressed foremothers In the thirty years since its publication *The Madwoman in the Attic* has potently informed literary criticism of women's writing its strategic analyses of canonical works and its insights into the interconnections between social environment and human creativity have been absorbed by contemporary critical practices These essays constitute substantive interventions into established debates and ongoing questions among scholars concerned with defining third wave feminism showing that as a feminist symbol the raging madwoman still has the power to disrupt conventional ideas about gender myth sexuality and the literary imagination

Bible and Bedlam Louise J. Lawrence, 2018-08-23 *Bible and Bedlam* first critically questions the exclusion and stereotyping of certain biblical characters and scholars perceived as mad as such judgements illustrate the sanism prejudice against individuals who are diagnosed or perceived as mentally ill perpetuated within the discipline of Western biblical studies Second it seeks to highlight the widespread ideological gatekeeping protection and policing of madness in both western history and scholarship with regard to celebrated biblical figures including Jesus and Paul Third it initiates creative exchanges between biblical texts interpretations and contemporary voices from mad studies and sources autobiographies memoirs etc which are designed to critically disturb disrupt and displace commonly projected and often pejorative assumptions surrounding madness Voices of those subject to diagnostic labelling such as autism schizophrenia and or psychosis are among those juxtaposed here with selected biblical interpretations and texts

Whose University is It, Anyway? Sandra Acker, Anne Wagner, Kimine Mayuzumi, 2008 *Whose University Is It Anyway* paints a dynamic portrait of what goes on behind the scenes at today's Canadian universities In compelling accounts the contributors discuss how equity and gender shape their experiences as they explore the realities they face as professors reaching assistants students contingent faculty tenured faculty and administrative staff This is a timely and important contribution Book jacket

Solitudes of the Workplace Elvi Whittaker, 2015-12-01 *Solitudes of the Workplace* focuses on experiences of marginalization uncertainty and segregation created by the hierarchical structures of categories in universities and by gendered identities Studying a wider range of women's roles in universities than prior research the experiences of support staff senior administrators researchers non academic administrators and contract teachers are added to those of faculty and students The essays show how attempts to introduce new knowledge are manoeuvred and the resistance this process can encounter as well as the ways in which institutional policies can blur and change identities Addressing longstanding issues such as the entanglement of gender and the assessment of merit attention is also given to how new identities are claimed and successfully projected Essays presenting workers points of view reveal the confusion that

occurs when official policy and everyday knowledge conflict when processes like tenure and other status changes create troublesome realities and when it becomes routine to experience status denigration Within the social order of the university and its existing boundaries gender issues of past decades sometimes surface but all too often remain an unspoken presence Solitudes of the Workplace is a revealing look at the isolating experiences and inequities inherent in these institutional environments *How to Make It as a Woman* Alison Booth,2004-11-25 Publisher Description **Teaching**

Transatlanticism Linda K Hughes,2015-02-05 The 18 chapters in this book outline conceptual approaches to the field and provide practical resources for teaching ranging from ideas for individual class sessions to full syllabi and curricular frameworks **A Resistance of Witches** Morgan Ryan,2025-07-15 RESISTANCE IS MAGIC War II meets A Discovery of

systems The editors argue that Women as victim is not an emancipatory cry that encourages all women to join efforts in combating patriarchy Rather the label victim is at its core highly analogous to right wing conservative agendas that keep women politically passive The authors of this collection celebrate the various forms of resistance that women exemplify at individual and collective levels Book Jacket **Madwomen in Social Justice Movements, Literatures, and Art** Jessica Lowell Mason,Nicole Crevar,2023-01-10 Madwomen in Social Justice Movements Literatures and Art boldly reasserts the importance of the Madwoman more than four decades after the publication of Sandra Gilbert and Susan Gubar s seminal work in feminist literary criticism The Madwoman in the Attic Since Gilbert and Gubar s work was published the Madwoman has reemerged to do important work rock the academic boat and ignite social justice agency inside and outside of academic spaces moving beyond the literary context that defined the Madwoman in the late 20th century In this dynamic collection of essays scholars creative writers and Mad activists come together to re define the Madwoman in pluralistic and expansive ways and to realize new potential in Mad agency This collection blazes new directions of thinking through Madness as a gendered category comprised of a combination of creative works that re imagine the figure of the Madwoman speeches in which Mad identifying artists and writers reclaim the label of Madwoman and scholarly essays that articulate ambitious theories of the Madwoman The collection is an interdisciplinary scholarly resource that will appeal to multiple academic fields including literary studies disability studies feminist studies and Mad studies Additionally the work contributes to the countermovement against colonial sanist patriarchal and institutional social practices that continue to silence women and confine them to the metaphorical attic Appealing to a broad audience of readers Madwomen in Social Justice Movements Literatures and Art is a cutting edge inquiry into the implications of Madness as a theoretical tool in which dissenting deviant and abnormal women and gender non conforming writers artists and activists open the door to Mad futurities

demonstrating ways in which we can make more explicit the interdisciplinary significance of disability studies and by extension disability theory activism experience and culture Disability Avoidance and the Academy Challenging Resistance will interest students and scholars of disability studies education studies and cultural studies **The Shadow Cadets of**
