Maestro Myth:

The Maestro Myth Norman Lebrecht, 2001 Nearly ten years after its original publication *The Maestro Myth* continues to enthrall readers with its insightful look into the lives and careers of the world's most celebrated conductors. Now updated and including two new chapters, this volume portrays the politics and inflated economics surrounding the podiums of today's international classical music scene and the obstacles faced by blacks, women, and gays. From Richard Strauss to Herbert von Karajan to Leonard Bernstein to Simon Rattle, *The Maestro Myth* examines the world of classical music and the mounting crisis in a profession where genuine talent grows ever scarcer. It is a must-have resource for music aficionados as well as anyone interested in the behind-the-scenes lives of these music masters. Book jacket *The Maestro Myth* Norman Lebrecht, 1992-01 This book debunks today's largely uncritical view of the conductor's role, taking to task the overpaid, overpraised, and self-inflated men and women who have mounted the conductor's podium since the turn of the century. Few top conductors escape unscathed. Lebrecht is tireless in his exposure of Machiavellian shenanigans, professional rivalry, personal intrigue, and the increasing marketing pressures exacerbated by the vast sums now offered for top recording and performing contracts.

Perspectives on Conducting Róisín Blunnie, Ciarán Crilly, 2024-06-27 Rooted in research and practice, *Perspectives on Conducting* presents a multi-faceted exploration of the role of the modern-day conductor. Seeking to bring a more inclusive approach to understanding conducting as a career, this book expands beyond elite pathways to highlight the contributions made by conductors across different areas of musical engagement, including youth projects, community groups, and professional ensembles. Chapters by an international roster of authors address the challenges conductors face in working with a wide range of ensembles, including orchestras and choirs made up of young people, university and conservatory students, adult volunteers, and professional musicians. The contributors draw on their experience and expertise as practising conductors and scholar-practitioners to explore both the core musical responsibilities and the additional administrative and social demands placed on today's conductors. With topics including pathways to conducting careers, the creative role of the conductor in shaping new music, conducting mixed-ability ensembles, the experiences of women and queer conductors, and more, the perspectives collected here reflect the versatility required of the contemporary conductor, giving students and

emerging professionals a forward thinking view of the conductor's role Women's Leadership in Music Iva Nenic, Linda Cimardi, 2023-03-03 Various modes of women's contemporary cultural social and political leadership can be found in music. Informed by different histories and culturally bound social mores but also by a comparative perspective the contributors of this volume ask what can be considered leadership in culture from women's point of view. They deconstruct the notion of leadership as corporative and career related modes of success by showing how women's agency power and negotiation in and through music can and should be considered as empowering transformative and role modeling. By interweaving several disciplinary perspectives from ethnomusicology musicology and cultural management to sociology and anthropology this volume aims to substantially contribute to the study of women's leadership **The Orchestra: A Very Short Introduction** D. Kern Holoman, 2012-09-10 The Orchestra: A Very Short Introduction considers the structure roots and day to day functioning of the modern philharmonic society. Far from an anachronistic organization that cannot long survive it is shown to be powerful political and social force occupying critical positions in cultural diplomacy national identity and civic pride

Performing Digital David Carlin, Laurene Vaughan, 2016-03-03 Digital technologies have transformed archives in every area of their form and function and as technologies mature so does their capacity to change our understanding and experience of material and performative cultural production. There has been an exponential explosion in the production and consumption of video online and yet there is a scarcity of knowledge and cases about video and the digital archive. This book seeks to address that through the lens of the project Circus Oz Living Archive. This project provides the case study foundation for the articulation of the issues challenges and possibilities that the design and development of digital archives afford. Drawn from eight different disciplines and professions the authors explore what it means to embrace the possibilities of digital technologies to transform contemporary cultural institutions and their archives into new methods of performance representation and history **Leading Musically** Dag Jansson, 2018-04-17 Musical leadership is associated with a specific profession the conductor as well as being a colloquial metaphor for human communication and cooperation at its best. This book examines what musical leadership is by delving into the choral conductor role what goes on in the music making moment and what it takes to do it well. One of the unique features of the musical ensemble is the simultaneity of collective discipline and individual expression. Music is therefore a potent laboratory for understanding the leadership act in the space between leader and team. The musical experience is used to shed light on leading and following more broadly by linking it to themes such as authority control empowerment intersubjectivity sensemaking and charisma. Jansson develops the argument that musical leadership involves the combination of strong power and deep sensitivity a blend that might be equally valid in other leadership domains. Aesthetic knowledge and musical perception therefore offer untapped potential for leadership and organisational development outside the art domain *The Conductor's Challenge* Frank Battisti, 2016-06-01 Meredith Music Resource This extension and expansion of Guide to Score Study co authored with Robert Garofalo examines the various

stages conductors traverse in arriving at an interpretation Battisti emphasizes the importance of the conductor's imagination personality and ongoing study weeks months years in developing an interpretation that is personal well informed and faithful to the composer's expressive intent He examines the score analysis process including the role and function of a work's musical elements the need to balance intellectual understanding and intuitive feelings about a piece and the challenges faced by conductors when transforming an interpretation into a performance As examples he traces the procedures he used in forming interpretations of Lisbon and Horkstow Grange from Grainger's Lincolnshire Posy Copland's Down a Country Lane and Sinfonia from Stravinsky's Octet for Wind Instruments *Critical Essays in Music Education* Marvelene C. Moore, 2017-07-05

This volume of essays references traditional and contemporary thought on theory and practice in music education for all age groups from the very young to the elderly The material spans a broad range of subject areas from history and philosophy to art and music and addresses issues such as curriculum pedagogy assessment and evaluation as well as current issues in technology and performance standards Written by leading researchers and educators from diverse countries and cultures this selection of previously published articles research studies and book chapters is representative of the most frequently discussed and debated topics in the profession This volume which documents the importance of lifelong learning is an indispensable reference work for specialists in the field of music education **Leonard Bernstein** Paul

Laird, 2015-06-05 Beginning with an introductory essay on his achievements it continues with annotations on Bernstein's voluminous writings performances educational work and major secondary sources *Inside Conducting* Christopher

Seaman, 2013 What does a conductor actually do How much effect does he or she have Can the orchestra manage without one Why don't the players look at the conductor more Is it necessary for the conductor to play every instrument What about interpretation What happens at rehearsals Why do some conductors thrash around more than others Who's the boss in a concerto the soloist or the conductor These are some of the questions that receive lively and informative answers in this book by renowned conductor Christopher Seaman Composed of short articles on individual topics it is easy to consult and accessible Each article begins with an anecdote or saying and ends with quotes from musicians often expressing opposing views There are many books on the art of conducting but none like this Music lovers wondering what the figure on the podium actually does and aspiring conductors eager to learn more about the art and craft of leading an orchestra will all treasure this wise yet humorous book **The Cambridge Companion to Conducting** José Antonio Bowen, 2003-11-20

In this wide ranging inside view of the history and practice of conducting analysis and advice comes directly from working conductors including Sir Charles Mackerras on opera Bramwell Tovey on being an Artistic Director Martyn Brabbins on modern music Leon Botstein on programming and Vance George on choral conducting and from those who work closely with conductors a leading violinist describes working as a soloist with Stokowski Ormandy and Barbirolli while Solti and Abbado's studio producer explains orchestral recording and one of the world's most powerful managers tells all The book includes

advice on how to conduct different types of groups choral opera symphony early music and provides a substantial history of conducting as a study of national traditions It is an unusually honest book about a secretive industry and managers artistic directors soloists players and conductors openly discuss their different perspectives for the first time **Choral**

Conducting Colin Durrant, 2017-10-12 Choral Conducting Philosophy and Practice Second Edition is an updated resource for conductors and singers alike a college level text for students of choral conducting that considers conducting and singing from a holistic perspective This singer friendly and voice healthy approach examines the rehearsal environment alongside its musical performance counterpart The author explores what is involved in leading a choral group examining theories of learning and human behavior to understand the impact choral conductors have on the act of singing Divided into two main parts Philosophy and Practice the text begins with an historical look at conducting exploring questions of why people sing and why they sing together and ultimately presents the application of this philosophy showing how a conductor's gestures and patterns can influence vocal outcomes In addressing how singers learn and respond to choral music as well as how conductors communicate with singers in rehearsal and performance Choral Conducting turns an eye to learning how we learn and the role successful choral conductors play in motivating singers developing healthy singing habits and improving individual and ensemble vocal quality all with the aims of enhancing musical understanding New to this edition Updated diagrams photos and musical examples Revised sample choral programs Increased consideration of the orchestral conductor A renewed focus on the intersections of learning health and well being and the social perspective supported by new and recent research George Szell's Reign

Marcia Hansen Kraus, 2017-10-11 George Szell was the Cleveland Orchestra's towering presence for over a quarter of a century From the boardroom to the stage Szell's powerful personality affected every aspect of a musical institution he reshaped in his own perfectionist image Marcia Hansen Kraus's participation in Cleveland's classical musical scene allowed her an intimate view of Szell and his achievements As a musician herself and married to an oboist who worked under Szell Kraus pulls back the curtain on this storied era through fascinating interviews with orchestra musicians and patrons Their recollections combine with Kraus's own to paint a portrait of a multifaceted individual who both earned and transcended his tyrannical reputation If some musicians hated Szell others loved him or at the least respected his fair minded toughness A great many remember playing under his difficult leadership as the high point in their lives Filled with vivid backstage stories George Szell's Reign reveals the human side of a great orchestra and how one visionary built a premier classical music institution **Bedtime Stories for Managers**

Henry Mintzberg, 2019-02-05 If you're like most managers and things keep you up at night now you can turn to a book that's designed especially for you But you won't find talking rabbits or princesses here There is a cow but it doesn't jump Henry Mintzberg has culled forty two of the best posts from his widely read blog and turned them into a deceptively light sneakily serious compendium of sometimes heretical reflections on management The moral here is this managers need to leave their castles and find out what's actually

going on in their kingdoms And like real bedtime stories these essays have metaphors galore So prepare to grow strategies like weeds and organize like a cow Discover the maestro myth of managing find the soft underbelly of hard data and learn why downsizing is bloodletting and your board should be a bee Mintzberg writes Just try not to be outraged by anything you read because some of my most outrageous ideas turn out to be my best They just take a while to become obvious **The Routledge Companion to Women and Musical Leadership** Laura Hamer, Helen Julia Minors, 2024-08-13 The Routledge Companion to Women and Musical Leadership The Nineteenth Century and Beyond provides a comprehensive exploration of women's participation in musical leadership from the nineteenth century to the present Global in scope with contributors from over thirty countries this book reveals the wide range of ways in which women have taken leadership roles across musical genres and contexts uncovers new histories and considers the challenges that women continue to face The volume addresses timely issues in the era of movements such as MeToo digital feminisms and the resurgent global feminist movements Its multidisciplinary chapters represent a wide range of methodologies with historical musicology models drawn from ethnomusicology analysis philosophy cultural studies and practice research all informing the book Including almost fifty chapters written by both researchers and practitioners in the field it covers themes including Historical Perspectives Conductors and Impresarios Women's Practices in Music Education Performance and the Music Industries Faith and Spirituality Worship and Sacred Musical Practices Advocacy Collectives and Grass Roots Activism The Routledge Companion to Women and Musical Leadership The Nineteenth Century and Beyond draws together both new perspectives from early career researchers and contributions from established world leading scholars It promotes academic practitioner dialogue by bringing contributions from both fields together represents alternative models of women in musical leadership celebrates the work done by women leaders and shows how women challenge accepted notions of gendered roles Offering a comprehensive overview of the varied forms of women's musical leadership this volume is a vital resource for all scholars of women in music as well as professionals in the music industries and music education today [Diversions and Animadversions](#) Alexander Coleman, 2017-07-28 This volume contains nearly all the criticism that Alexander Coleman wrote for The New Criterion between 1994 and 2003 A specialist in Spanish Portuguese and Latin American literature Coleman was also a superb essayist on music and his wide erudition as revealed in these writings demonstrates an easy mastery of the entire modernist tradition Diversions and Animadversions is divided into three parts The first contains Coleman's literary essays including a lengthy piece on Eba de Quieros the great master of Portuguese realism and shorter pieces on the Argentinian writer and Borges disciple Adolfo Bioy Casares as well as a review of the most recent translation of the poetry of Federico Garcia Lorca Coleman's greatest passion however was for music and part two contains essays concert and book reviews and reports on the cultural situation of music Among the subjects examined here are the operas of Schoenberg Berg Richard Strauss the recently published letters of Toscanini the music criticism of Virgil Thomson the fluctuating critical reputation of Jean

Sibelius and the authentic performance practice movement along with considerations of such instrumentalists as Sviatoslav Richter and Alicia de Larrocha The book concludes with Coleman's travel writings which are both evocative mood pieces and incisive social and political commentary Graced with personal appreciations by Roger Kimball and Denis Donoghue this volume encapsulates the work of a writer of rare wit capacious learning and eager if gently ironical curiosity *Asian Americans* Xiaojian Zhao, Edward J.W.
