Americans who would like to learn Karate Judo and Jujitsu have neither the time nor the money to devote to studying them Thus those who teach these techniques throughout the United States are continually being asked to compile a single course of instruction in attack and defense One such teacher Karl Freudenberg a prominent exponent of all three techniques has here prepared a manual of essentials to help the man who wants to increase his fighting potential a manual that if studied diligently will provide the reader with the means to make the best of his natural weapons Mr Freudenberg's book offers chapters on using the hands as weapons effective karate punching the Kung fu chop throwing preparation and techniques and restraining methods It should serve as an excellent introduction to the art and science of Karate Judo and Jujitsu

Strength Training Manual for Judo Canyon Turring Twer,2000 **My Judo** - Mick Cutajar,2011-09-20 My Judo Counters Combinations Volume 2 depicts the martial art not only from a competitor's point of view but also from an instructor's aspect any martial arts trainer would be mad not to hold a copy It religiously follows the teachings of the great architect of Judo Professor Jigoro Kano a master who has always tried to expand a Judoka's education and encouraged his students to apply their own minds to inventing new moves and counter moves In striving to achieve Professor Kano's aims one can only begin to understand the true mechanics of the sport of Judo as a self defense mechanism and indeed the creed that underscores this martial art In this book the author shares a brief history of Judo and how it has become a way of life for him a passion that he wishes to share with the people around him As well My Judo Counters Combinations Volume 2 aims to explain and provide visual examples of Judo Methods which include techniques from the intermediate methods of foot and leg reaps foot sweeps to high end hips and major leg throws most commonly used in MMA today followed by 4 5 counters and combination for each method The easy step by step photos will guide you through a world not published before making it one of the must volumes to have at home or at the do jo Judo is an acquired art and once one is trained in its mechanics it will become a lifetime skill that will enrich his or her life Volume 2 is not a beginner's training book It would be best used as a

training and education manual designed to compliment one's study of the sport of Judo such as the course of sports coaching specialising in martial arts. Most of the techniques shown can be used in all martial art type sport such as Judo striking Jujutsu and full submission no rules contest. Volume 2 has all the good methods used in MMA caged fights once you learn the method countering will never be the same.
