this catalogue The author has also excluded a few more which he thought should be included in the same category although he has not been able to prove them erroneously referred to the ora of Colorado as for instance Californian Mexican or Alleghanian species accredited to Colorado but not to the intervening states He has also been forced by circumstances to exclude a score or so species recently described from Colorado but wholly unknown to the author Not being able to include them in his keys and being uncertain whether the descriptions really characterize new and valid species or merely represent redescrptions of old ones he thought it best to leave them out until more information could be had About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
