The Manuelle Gautrand Architecture, 2021 *Entretien avec Manuelle Gautrand* Gauthier Bolle, Maxime Decommer, Manuelle Gautrand, 2024-03-06

Née en 1961 à Marseille, l'architecte Manuelle Gautrand est notamment connue pour l'extension du LaM Villeneuve d'Ascq 2010, le showroom Citroën sur les Champs-Élysées 2007 ou la transformation de la Gaîté Lyrique Paris 2011. Son œuvre caractérisée par une forme de positivisme même lorsqu'elle prend place dans des contextes où l'absence semble se tenir sur cette ligne de crête entre sobriété et spectaculaire, discrétion et ostentation réelle et imaginaire. Mais au-delà de l'œuvre, le parcours accompli de Manuelle Gautrand est celui d'une femme architecte de la génération des années 1990. Loin de tout dogmatisme, sa position sans a priori assume tout autant l'adoption de méthodes rationnelles qu'une posture artistique accordant une place prépondérante au projet. Deuxième opus de la collection *Confidences* sur l'architecture, cet ouvrage met en lumière le parcours de l'architecte française à travers un long entretien mené par Gauthier Bolle et Maxime Decommer. Les échanges ont eu lieu en septembre 2022 au sein de l'agence de Manuelle Gautrand Paris. Ils sont structurés en trois parties. La première est celle de la construction du regard de l'architecte au cours de son enfance, sa formation et ses débuts professionnels. La deuxième retrace l'épanouissement et l'affirmation de sa méthode de conception et d'organisation de son travail. La troisième est consacrée aux questions de la transmission et de la transformation de l'existant, inscrivant sa pratique dans des enjeux actuels.

It includes biographies of women architects civil engineers furniture and industrial designers urban planners interior and landscape designers. It represents the main trends and major schools of architecture and design all over Europe. The biographical data covers education and training professional histories networks women have operated in including informal societies memberships in trade bodies and associations their profile as international national local and regional designers as well as looking at how women have promoted their work i.e. in exhibitions publications competition entries etc. The catalogue entries are followed by thirteen thematic essays on women architects and designers and by the outdoor exhibition catalogue Women's Tale A Reportage on Women Designers where photographs by ten finalists of the MoMoWo Photo competition are presented.
