Many Kingdoms:

Kingdoms in the Heart of Africa Duone Ekane, 2024-07-19 The book *Kingdoms in the Heart of Africa* constitutes a thrilling tale of four fictitious prominent kingdoms that dominated the region called the heart of Africa. The four kingdoms Mbantuu kingdom, Utanne kingdom, Shanaba kingdom, and Manaka kingdom were in constant competition with each other. The book explores the power dynamics that dominated the relations between these kingdoms as they compete for the position of dominance in the region. Each of the kingdoms was headed by a powerful king except for the kingdom of Shanaba, which was headed by queen Edonge who was considered to be the goddess of Africa. There was constant rivalry between the kingdoms as each sought to assert itself as the most powerful kingdom in the region. Due to this suspicion prevailed amongst the kingdoms resulting in secret plots and alliances forming between the different kingdoms. Despite the tension, division, and conflict that beset the region, in these kingdoms vast masses of minerals that had never been discovered before in other parts of the world were found. This attracted foreign interest in the region whose sole quest was to conquer the region. An issue the kingdoms were oblivious to: The rise of these kingdoms propelled Africa to a place of prominence in the world. Modern geography simplified, by a member of the society of friends Modern geography, 1852 **Mosaic**, 1989 **A Journey Alone** Andrew Pappachen, 2021-02-05 Andrew's recent book *Story of Achu* was published in November 2020. This is a story of a person born in Kerala, India, in a poor family, achieved good education through scholarship in India, migrated to USA, advanced his education in Finance and Investment, became an investment banker, and became a millionaire in capitalistic USA. The story is narrated with contemporary governments and economic conditions in India and USA. **The Kabalistic and Occult Tarot of Eliphas Levi** Eliphas Levi, Daath Gnosis, 2013-02-28 This is a compilation of Eliphas Levi's writings on the 22 Major Arcana of the Tarot and their corresponding Hebrew letters. It includes the Magic Ritual of the Sanctum Regnum, some extracts from the Major Keys and the Clavicles of Solomon, and the Editor's Appendix is a large collection of Levi's drawings and diagrams for easy reference. The science of signs begins with the science of letters. Letters are absolute ideas. Absolute ideas are numbers. Numbers are perfect signs. In using ideas with numbers, one can operate upon the ideas like one can operate upon number and arrive at the mathematics of truth. The tarot is the key of letters and numbers. Now the tarot that we have today has come to us from Egypt passing through Judea. The keys of this tarot in fact correspond with the letters of the hebraic alphabet and some of its figures even reproduce the same form of the characters of this sacred alphabet. *The City of God* Saint Augustine, 2023-12-16 In *The City of God*, Saint Augustine meticulously juxtaposes the earthly city characterized by human vice and temporal power against the celestial city which embodies divine grace and eternal truth.
