*A Tale of Two Cultures* Gary Goertz,James Mahoney,2012-09-09 Some in the social sciences argue that the same logic applies to both qualitative and quantitative methods In *A Tale of Two Cultures* Gary Goertz and James Mahoney demonstrate that these two paradigms constitute different cultures each internally coherent yet marked by contrasting norms practices and toolkits They identify and discuss major differences between these two traditions that touch nearly every aspect of social science research including design goals causal effects and models concepts and measurement data analysis and case selection Although focused on the differences between qualitative and quantitative research Goertz and Mahoney also seek to promote toleration exchange and learning by enabling scholars to think beyond their own culture and see an alternative scientific worldview This book is written in an easily accessible style and features a host of real world examples to illustrate methodological points

*Homeschooling High School* Shirley Erwee,2014-08-28 Prospective homeschoolers are parents looking for an alternative to the mainstream educational system for their offspring But homeschooling children at high school level strikes fear into even the most dedicated of homeschoolers They need information and answers to their questions And with the current educational and unemployment problems in South Africa young people need clear direction and guidance to help them achieve their goals In addition to exploring the popular ways to gaining a recognised matric certificate outside the formal school system *Homeschooling High School* also challenges readers to rethink their values particularly the value they place on certification and to consider some unconventional or alternative paths to success In a clearly presented format the book includes advice on legal matters identifying appropriate courses sourcing study material tips on entrepreneurship financing tertiary studies and the testimonies of successful homeschooled graduates *Homeschooling High School* is a comprehensive guide to plotting a path through high school and beyond

*The Many Paths of Change in International Law* Nico Krisch,Ezgi Yildiz,2024-01-22 How does international law change How does it adapt to meet global challenges in a volatile social and political context *The Many Paths of Change in International Law* offers fresh theoretically informed and empirically rich answers to these questions It traces drivers conditions and consequences of change across the different fields of international law and paints a complex and varied picture very much in contrast with the relatively static imagery prevalent in many accounts today Drawing on inspirations from international law international relations sociology and legal theory this book explores how international law changes through means other than treaty making Highlighting the social dynamics through which different areas and institutional contexts have generated their

own pathways it presents a theoretical framework for tracing change processes and the conditions that affect their success Based on this framework each contribution illuminates the paths of change we observe in contemporary international law The explorations centre on strategies forms forces and social contexts and draw on primary source material and in depth case studies Overall the volume offers a fascinating account of an international legal order in flux with a dynamic not captured through traditional doctrinal lenses and helps situate change processes and their varied implications in international law and politics A relevant book for everyone wanting to understand change and its consequences in international law This is an open access title It is made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 International licence It is available to read and download as a PDF version on the Oxford Academic platform
