Pocket Maps and Public Poetry in the English Renaissance Katarzyna Lecky,2019-04-17 Katarzyna Lecky explores how early modern British poets paid by the state adapted inclusive modes of nationhood charted by inexpensive small format maps She explores chapbooks cheapbooks by Edmund Spenser Samuel Daniel Ben Jonson William Davenant and John Milton alongside the portable cartography circulating in the same retail print industry Domestic pocket maps were designed for heavy use by a broad readership that included those on the fringes of literacy The era s de facto laureates all banked their success as writers appealing to this burgeoning market share by drawing the nation as the property of the commonwealth rather than the Crown This book investigates the accessible world of small format cartography as it emerges in the texts of the poets raised in the expansive public sphere in which pocket maps flourished It works at the intersections of space place and national identity to reveal the geographical imaginary shaping the flourishing business of cheap print Its placement of poetic economies within mainstream systems of trade also demonstrates how cartography and poetry worked together to mobilize average consumers as political agents This everyday form of geographic poesis was also a strong platform for poets writing for monarchs and magistrates when their visions of the nation ran counter to the interests of the government

The Stylistics of Poetry Peter Verdonk,2013-08-15 Written over the last thirty years this collection of Professor Peter Verdonk s most important work on the stylistics of poetry clearly shows that the stylistics of poetic discourse is a diverse and valuable interdiscipline Discussing the poetry of Auden Heaney and Larkin amongst many others Verdonk covers everything from intrinsic textual meaning and external context in its widest sense to the reader s cognitive and emotive response to poems The book will appeal to all students on stylistics and literary linguistics courses especially those focussing on poetry and poetic language

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

St. James Reference Guide to English Literature: 20th century poetry ,1985 *A Short History of English Literature* Harry Blamires,2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer s main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole *Begin Afresh* Sisir Kumar Chatterjee,2025-03-12 *Begin Afresh* The Evolution of Philip Larkin s Poetry offers incisive insightful and yet lucid analyses of all the individual poems contained in the four major collections of Larkin 1922 1985 It also deals with his Juvenile Poems Brunette Coleman poems those in *In the Grip of Light* and *XX Poems* as well as his last poems The book also discusses Larkin s novels and d bats It evaluates the critical opinions regarding various aspects of Larkin s poetry especially the issue of its development and shows that it may not follow a clearly identifiable linear chronological line of evolution but it does evolve in a subtle way from one phase of his career to the next The book explores how Larkin discovered his own original inimitable idiosyncratic poetic voice by truly democratising English poetry for the first time by writing accessible and

pleasurable poetry and by forging a new poetic out of a philistine aesthetic which stands out as an artistic holotype It shows how Larkin restores the relation between poetry and the reading public a relation which was broken down by Modernist poets It also establishes how his poetic vision is neither optimistic nor pessimistic but realistic in that it preserves the universal human condition without moralising or philosophising The book aims to make a fresh departure in Larkin criticism and mark a new era in Larkin studies This volume will be of interest to students and researchers of Modernism twentieth century literature poetry language and literature
