The Duchamp Dictionary Thomas Girst, 2014-05-20 Girst elegantly unravels the skeins of Duchamp s thinking An essential compendium for puzzling out an essential artist Richard Armstrong Director of the Solomon R Guggenheim Museum and

Foundation Among the most influential artists of the last hundred years Marcel Duchamp holds great allure for many contemporary artists worldwide and is largely considered to be one of the founding fathers of modern art Despite this popularity books on Duchamp are often hyper theoretical rarely presenting the artist in an accessible way This new book explores the artist's life and work through short alphabetical dictionary entries that introduce his legacy in a clear and engaging way From alchemy and anatomy to Warhol and windows The Duchamp Dictionary offers a pithy and readable text that draws on in depth scholarship and the very latest research Thomas Girst includes close to 200 entries on the most interesting and important artworks relationships people and ideas in Duchamp's life from The Bicycle Wheel and Fountain to Walter and Louise Arensberg Peggy Guggenheim Katherine Dreier and Arturo Schwarz Delightful newly commissioned illustrations introduce each letter of the alphabet and accompany select entries capturing the irreverent spirit of the artist himself **Dada Culture**, 2016-08-01 How Dada is to break its cultural accommodation and containment today necessitates thinking the historical instances through revised application of critical and theoretical models The volume Dada Culture Critical Texts on the Avant Garde moves precisely by this motive bringing together writings which insist upon the continuity of the early twentieth century moment now at the start of the twenty first Engaging the complex and contradictory nature of Dada strategies instanced in the linguistic gaming and performativity of the movement's initial formation and subsequently isolating the specific from the general with essays focusing on Ball Tzara Serner Hausmann Dix Heartfield Schwitters Baader Cravan and the exemplary Duchamp the political philosophy of the avant garde is brought to bear upon our own contemporary struggle through critical theory to comprehend the cultural usefulness relevance validity and effective or otherwise oppositionality of Dada's infamous anti stance The volume is presented in sections that progressively point towards the expanding complexity of the contemporary engagement with Dada as what is often exhaustive historical data is forced to rethink realign and reconfigure itself in response to the analytical rigour and exercise of later twentieth century animal anarchic thought the testing and cultural placement of thoughts upon the virtual and the eventual implications for the once blissfully unproblematic idea of expression From the opening provocative proposition that historically Dada may have been the falsest of all false paths the volume rounds to dispute such condemnation as demarcation continues not only of Dada s embeddedness in western culture but more precisely of the location of Dada culture Ten critical essays by Cornelius Partsch John Wall T J Demos Anna Schaffner Martin I Gaughan Curt Germundson Stephen C Foster Dafydd Jones Joel Freeman and David Cunningham are supplemented by the critical bibliography prepared by Timothy Shipe which documents the past decade of Dada scholarship and in so doing provides a valuable resource for all those engaged in Dada studies today The Readymade Thief Augustus Rose, 2017 Lee Cuddy is 17 years old and on the run alone on the streets of Philadelphia After taking the fall for a rich friend Lee reluctantly accepts refuge in the Crystal Castle a cooperative of homeless kids squatting in an austere derelict building But homeless kids are disappearing from the streets of Philadelphia in suspicious numbers and Lee quickly discovers that the secret society s charitable facade is too good to be true Capital Kenneth Goldsmith, 2015-10-27 Here is a kaleidoscopic assemblage and poetic history of New York an unparalleled and original homage to the city composed entirely of quotations Drawn from a huge array of sources histories memoirs newspaper articles novels government documents emails and organized into interpretive categories that reveal the philosophical architecture of the city Capital is the ne plus ultra of books on the ultimate megalopolis It is also a book of experimental literature that transposes Walter Benjamin's unfinished magnum opus of literary montage on the modern city The Arcades Project from 19th century Paris to 20th century New York bringing the streets to life in categories such as Sex Commodity Downtown Subway and Mapplethorpe Capital is a book designed to fascinate and to fail for can a megalopolis truly be written Can a history no matter how extensive ever be comprehensive Each reading of this book and of New York is a unique and impossible passage The Writers Directory 2008
