"The highest Christian conscience in the world today, when it all free from prejudice, most emphatically says that our Empire was not only justified in going to war, but that it was serving the high interests of the nations of the world in so doing."

— *The Christian Guardian*, August 4, 1915

"I could not have forced myself, had I wanted to, to prayer. . . . The idea of God disgusted me as much as the war, and I felt that only a weak-minded person could drag theology into this stark and meaningless room. . . . So, instead of taking God's name into my heart, I took it in vain again and again, silently, though others may have thought me praying."

**Marching as to War** Pierre Berton, 2002 WhiteHots      **Canada's Army** J. L. Granatstein, 2011-01-01 Canada's Army traces the full three hundred year history of the Canadian military from its origins in New France to the Conquest the Revolutionary War and the War of 1812 from South Africa and the two World Wars to the Korean War and contemporary peacekeeping efforts and the War in Afghanistan Granatstein points to the inevitable continuation of armed conflict around the world and makes a compelling case for Canada to maintain properly equipped and professional armed forces pub desc

Winston Churchill and Mackenzie King Terry Reardon, 2012-10-06 Born just two weeks apart in 1874 Winston Churchill and William Lyon Mackenzie King took different paths to achieve their objective of a parliamentary career Churchill through military exploits and King via academic excellence When he became prime minister King realized that Canada had to progress from a subservient position to an independent one Thus when the Second World War broke out Canada's parliament made its own decision to be a participant King had been highly critical of Churchill's vehement anti Nazi stance in the 1930s However when Churchill became prime minister King and Canada gave him whole hearted support King changed his opinion of Churchill and this developed into almost hero worship as the war progressed Not just a chronicle of the relationship between these two men during the 50 years they knew each other this book also examines their influence on the progress of their countries during that period      **Canada's Great War, 1914-1918** Brian Douglas Tennyson, 2014-11-25 Canada's Great War 1914 1918 How Canada Helped Save the British Empire and Became a North American Nation describes the major role that Canada played in helping the British Empire win the greatest war in history and somewhat surprisingly resulted in Canada's closer integration not with the British Empire but with its continental neighbor the United States When Britain declared war against Germany and Austria Hungary in August 1914 Canada was automatically committed as well because of its status as a Dominion in the British Empire Despite not having a say in the matter most Canadians enthusiastically embraced the war effort in order to defend the Empire and its values In Canada's Great War 1914 1918 historian Brian Douglas Tennyson argues that Canada's participation in the war weakened its relationship with Britain by stimulating a greater sense of Canadian identity while at the same time bringing it much closer to the United States especially after the latter entered the war Their wartime cooperation strengthened their relationship which had been delicate and often strained in the nineteenth century This was reflected in the greater integration of their economies and the greater acceptance in Canada of American cultural products such as books magazines radio broadcasting and movies and was symbolized by the astonishing American response to the Halifax explosion in December 1917 By the end of the war Canadians were emerging as a North American people no longer fearing close ties to the United States even as they maintained their ties to the British Commonwealth Canada's Great War 1914 1918 will interest not only Canadians unaware of how greatly their nation's participation in the First World War reshaped its relationship with Britain and the United States

but also Americans unacquainted with the magnitude of Canada's involvement in the war and how that contribution drew the two nations closer together
