Marco Pantani:

The Death of Marco Pantani Matt Rendell, 2012-11-15 The intimate biography of the charismatic Tour de France winner Marco Pantani now updated to include the 2014 and 2015 investigation into Pantani's death National Sporting Club Book of the Year Shortlisted for the William Hill Sports Book of the Year Award An exhaustively detailed and beautiful book a fitting ambivalent tribute to the man and to the dark heart of the sport he loved Independent On Valentine's day 2004 Marco Pantani was found dead in a cheap hotel It defied belief Pantani having won the rare double of the Giro d'Italia and the Tour de France in 1998 was regarded as the only cyclist capable of challenging Lance Armstrong's dominance Only later did it emerge that Pantani had been addicted to cocaine since 1999 Drawing on his personal encounters with Pantani as well as exclusive access to his psychoanalysts and interviews with his family and friends Matt Rendell has produced the definitive account of an iconic sporting figure

Man on the Run Manuela Ronchi, Gianfranco Josti, 2005-09-29 On 14 February 2004 Marco Pantani was found dead in a hotel room in Rimini The 34 year old climbing specialist nicknamed The Pirate was a Tour de France and Giro d'Italia champion but his career was blighted by doping allegations after he was thrown out of the 1999 Giro d'Italia for failing a blood test In the last months of his life he kept extensive notes for a book that would have told his story Pantani was the first Italian to win the Tour de France cycling's premier race since Felice Gimondi in 1965 He was the last man to win the Tour before Lance Armstrong embarked on a record equalling five straight victories But Pantani's career went into free fall when he was ejected from the 1999 Giro while in the lead after failing a test for haematocrit an indicator though not proof of the use of performance enhancing drugs Scandal followed Pantani and during the 2001 Giro a syringe containing traces of insulin was found in his hotel room in a police raid Pantani insisted the syringe had been planted and that he did not stay in the room on the night in question A court dismissed his claim for lack of proof and he was suspended for six months but later acquitted of sporting fraud in October 2003 Thanks to her close rapport with Pantani's family Manuela Ronchi has been able to tie together the loose ends of his story to loyally reconstruct the life of the champion From his childhood discovery of cycling to the triumphs losses and scandal that accompanied one of the few sporting personalities capable of inspiring in his fans a passion for cycling here for the first time is the full intimate authentic and personal story of Pantani's remarkable career

Marco Pantani John Wilcockson, 2005 Marco Pantani won the Tour de France and Giro d'Italia in the same year 1998 a feat previously achieved only by giants of the sport like Eddy Merckx Fausto Coppi and Miguel Indurain The master cyclist was also a victim of the drug culture of pro cycling eventually sinking into a deep depression and dying alone in a hotel room on Valentine's Day 2004 This book chronicles the highs and lows of Pantani's life and cycling career through the words of leading American and European sportswriters and it includes candid color shots of Pantani in action by renowned sports photographer Graham Watson

The Story of the Tour de France Bill McGann, Carol McGann, 2008-07 What they are saying about The Story of the Tour de France After forty years of study on the subject I can

with some confidence say Bill and Carol McGann's *The Story of the Tour de France* is the finest such work ever produced in the English language and perhaps in any. Most of my preferred references are in French one runs to over 800 pages yet the McGanns' opus revealed information new to me in almost every paragraph. Their research has been not only impeccable but insightful. Owen Mulholland, author of *Uphill Battle and Cycling's Golden Age: The Story of the Tour de France* How a Newspaper Promotion Became the Greatest Sporting Event in the World by Bill and Carol McGann is a must read. *Road Bike Action Magazine* For any historian of the sport the McGanns' *Tour de France* history is essential reading. Details of the stages and the riders are not glossed over. For those who are new to the sport the McGanns bring the glory days of the sport alive with the intrigue that still exists today. Epic stages that might have faded into oblivion are eloquently recounted so that future generations of cyclists will know the rich history of our beautiful sport. Neil Browne, editor *Road Magazine*. Besides towering over all bicycle races the *Tour de France* endures for its unique Gaulic character like Victor Hugo's *Les Misérables*. The McGanns' passionate and insightful writing evokes the raucous cast of riders, promoters and journalists thrusting through highs and lows worthy of opera. This volume stands out as a must read book for anyone seeking to appreciate cycling's race of races. Peter Joffe, Nye, author of *The Six Day Bicycle Races: America's Jazz Age Sport* and *Hearts of Lions*. Volume 1 of *The Story of the Tour de France* concluded with Jacques Anquetil's record setting fifth Tour win. Volume 2 opens with the greatest Italian racer of the modern age, Felice Gimondi, and his effortless victory at the young age of 22. Despite his extraordinary talent he never won the Tour again. Starting in 1969 Eddy Merckx began his run of 5 victories. Bernard Hinault, who also managed to win 5, followed him. Unable to fulfill his destiny as a likely 5 time winner because of a hunting accident, LeMond won the Tour 3 times. LeMond's era was followed by the remarkable Spaniard Miguel Indurain, the first man to win the Tour 5 times in a row. The late 1990s were a time of extreme crisis for the Tour as the culture of doping within the professional cycling community erupted into the scandal of 1998. *The Story of the Tour de France* deals with this episode at length. Emerging from a near fatal bout of cancer, Lance Armstrong went on to do what no other rider in the Tour's long history had ever been able to accomplish: win the Tour 7 times. Following Armstrong's retirement the Tour was again seized by scandal; this time Floyd Landis' disqualification for drugs after winning the 2006 Tour. The book concludes with the story of the 2007 Tour followed by a quest for the greatest ever Tour de France rider and an epilogue that explains the reasons for the extraordinary success of the Tour. Bill and Carol McGann have had their lives inextricably tied up with bicycles about as long as they can remember. Their first date was a bike ride. Bill, formerly a Category 1 racer, has been a contributor to several cycling magazines and is widely acknowledged as an expert on road bikes and cycling history. Since his father gave him a small 1 speed English lightweight bicycle when he was 5 years old, Bill has been in love with everything about bikes. Carol, a former college biology instructor, is also an accomplished rider, having cycle toured extensively. Together they started Torelli Imports in 1981, a firm specializing in high performance cycle equipment. [Sport Italia](#) Simon Martin, 2011-07-22. The
