Ending and Unending Agony Philippe Lacoue-Labarthe, 2015-09-01 Published posthumously Ending and Unending Agony is Philippe Lacoue Labarthe's only book entirely devoted to the French writer and essayist Maurice Blanchot 1907-2003 The place of Blanchot in Lacoue Labarthe's thought was both discreet and profound involving difficult agonizing questions about the status of literature with vast political and ethical stakes Together with Plato Holderlin Nietzsche Benjamin and Heidegger Blanchot represents a decisive crossroads for Lacoue Labarthe's central concerns In this book they converge on the question of literature and in particular of literature as the question of myth in this instance the myth of the writer born of the autobiographical experience of death However the issues at stake in this encounter are not merely autobiographical they entail a relentless struggle with processes of figuration and mythicization inherited from the age old concept of mimesis that permeates Western literature and culture As this volume demonstrates the originality of Blanchot's thought lies in its problematic but obstinate deconstruction of precisely such processes In addition to offering unique challenging readings of Blanchot's writings setting them among those of Montaigne Rousseau Freud Winnicott Artaud Bataille Lacan Malraux Leclaire Derrida and others this book offers fresh insights into two crucial twentieth century thinkers and a new perspective on contemporary debates in European thought criticism and aesthetics

Romain Gary Ralph Schoolcraft, 2012-05-26 In this book Ralph Schoolcraft explores the extraordinary career of the modern French author film director and diplomat a romantic and tragic figure whose fictions extended well beyond his books Born Roman Kacew he overcame an impoverished boyhood to become a French Resistance hero and win the coveted Goncourt Prize under the pseudonym and largely invented persona Romain Gary Although he published such acclaimed works as *The Roots of Heaven* and *Promise at Dawn* the Gaullist traditions that he defended in the world of French letters fell from favor and his critical fortunes suffered at the hands of a hostile press Schoolcraft details Gary's frustrated struggle to evolve as a writer in the eye of a public that now considered him a known quantity Identifying the daring strategies used by this mysterious character as he undertook an elaborate scheme to reach a new readership Schoolcraft offers new insight into the dynamics of authorship and fame within the French literary institutions In the early 1970s Gary made his departure from the conservative literary establishment publishing works that boasted a quirky elliptical style under a variety of pseudonymous personae the most successful of which was that of an Algerian immigrant by the name of Emile Ajar Moving behind the mask of his new creation Gary was able to win critical and popular acclaim and a second Goncourt in 1975 But as Schoolcraft suggests Gary may have sold his shadow that is lost his authorial persona by marketing himself too effectively Going so far as to recruit a cousin to stand in as the public face of this phantom author Gary kept the secret of his true authorship until his violent death in 1980 from a self-inflicted gunshot wound The press reacted with resentment over the scheme and he was shunned into the ranks of literary oddities Schoolcraft draws from archives of the several thousand documents related to Gary housed at the French

publishing firms of Gallimard and Mercure de France as well as the Butler Library at Columbia University Exploring the depths of a story that has long remained shrouded in mystery Romain Gary *The Man Who Sold His Shadow* is as much a fascinating biographical sketch as it is a thought provoking reflection on the assumptions made about identities in the public sphere

Toward a New Poetics Serge Gavronsky, 1994-12-01 A quiet revolution is taking place in avant garde French poetry and prose In this collection of twelve interviews with some of France's most important poets and writers Serge Gavronsky introduces American readers to these exciting new developments As Gavronsky explains a neolyricism is now replacing the formalism of the 1960s 70s and 80s In his substantial introduction Gavronsky notes how the ideological definition of writing critique has given way to more open forms of writing Human experiences of the most ordinary kinds are finding a place in the text These interviews offer a view of the poets and writers creative processes and range over such topics as current literary theory the impact of American poetry in France and the place of feminism in contemporary French writing Each interview is accompanied by samples of the writer's work in French and in Gavronsky's English translations

Toward a New Poetics provides a highly informative cultural and critical perspective on contemporary writing in France introducing us to works which are now transforming the idea of literature itself

Art, Mimesis and the Avant-Garde Andrew Benjamin, 2005-07-26 First published in 1991 Routledge is an imprint of Taylor Francis an informa company

Legacies of Anti-semitism in France Jeffrey Mehlman, 1983 *Legacies of Anti-Semitism in France* was first published in 1983 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions These four essays on Blanchot Lacan Giraudoux and Gide have as their focus the barely imaginable coherence which the writings of four major contemporaries take on when read in the light of France's pre World War II heritage of anti Jewish thought As the essays delve into such crucial topics as the inaugural silence in Blanchot's sense of literature the style of Lacan Giraudoux's relation to Racine and the sexual politics of Gide they engage a realm that at times seems or seemed anti Semitic in its essence Negotiating the complex ramifications of a lost tradition and the structure of its obliteration Jeffrey Mehlman in his conclusion speculates on the emblematic value of Walter Benjamin's perpetually deferred journey to Palestine via France and its import for textual interpretation A French version of Mehlman's essay on Blanchot published in *Tel quel* spurred an impassioned journalistic debate in Paris and London Broadening still further the context of that inquiry *Legacies* will prove a source of provocation and insight to all who are interested in the intellectual history of contemporary France

Gynesis Alice Jardine, 2019-06-30 Jardine's command of French theory is awesome Even more impressive is the fact that she manages to delve into the subject without ever losing sight of certain impertinent American questions Jane Gallop Department of French and Italian Miami University *Gynesis* from the Greek *gyn* signifying woman and *sis* designating process In her book Alice Jardine charts the territories and landscapes of contemporary French thought focusing on such concepts as woman and the feminine and relating them to the problem of

modernity Interdisciplinary in her approach she confronts and addresses important psychoanalytic philosophical and fictional texts that are largely the work of male writers In Part One Jardine charts the general boundaries of what she describes as the problematization of woman and in Part Two she explores three major topologies of contemporary French thought the breakdown of the Cartesian Subject the default of Representation and the demise of Man s Truth Part Three analyzes the work of Jacques Lacan Jacques Derrida and Gilles Deleuze three major French thinkers who according to Jardine are deeply involved in the process of gynesis and discusses their readings of such writers as Marguerite Duras Maurice Blanchot and Michel Tournier A final section turns to the question of comparativism by discussing male American and French writers those self consciously exploring the conceptual territories mapped in Part Two Looking at her texts from the vantage point of an American feminist Jardine voices the hope that feminism and modernity will not become mutually exclusive and by the same token that feminism will not grow less concerned with the question of female stereotyping A brilliant and engaging book that will undoubtedly provoke controversy Gynesis should find a large audience among students of contemporary thought including feminists literary and cultural critics and philosophers

Derrida From Now On Michael Naas,2009-08-25 Written in the wake of Jacques Derrida s death in 2004 Derrida From Now On attempts both to do justice to the memory of Derrida and to demonstrate the continuing significance of his work for contemporary philosophy and literary theory If Derrida s thought is to remain relevant for us today it must be at once understood in its original context and uprooted and transplanted elsewhere Michael Naas thus begins with an analysis of Derrida s attachment to the French language to Europe and to European secular thought before turning to Derrida s long engagement with the American context and to the ways in which deconstruction allows us to rethink the history identity and promise of post 9 11 America Taking as its point of departure several of Derrida s later works from Faith and Knowledge and The Work of Mourning to Rogues and Learning to Live Finally the book demonstrates how Derrida s analyses of the phantasms of sovereignty the essential autoimmunity of democracy or religion or the impossible mourning of the nation state can help us to understand what is happening today in American culture literature and politics Though Derrida s thought has always lived on only by being translated elsewhere his disappearance will have driven home this necessity with a new force and an unprecedented urgency Derrida From Now On is an effect of this force and an attempt to respond to this urgency

The Rhetoric of Hiddenness in Traditional Chinese Culture Paula M. Varsano,2016-12-20 This volume brings together fourteen essays that explore the role of hiddenness as both an object and a mode of representation in the history of cultural production in China from the Warring States Period 403 221 BCE to the end of the Qing Dynasty 1911 and beyond The rhetorical use of various forms of hiddenness makes its appearance in literary political philosophical and religious writings as well as in the visual arts Working in fields as disparate as traditional Chinese literature religion philosophy history medicine and art the contributors attempt to characterize one of the fundamental signifying practices in traditional Chinese cultural production In the process they not only reveal otherwise

obscure patterns connecting longstanding social political aesthetic and epistemological practices but also contribute to ongoing discussions well beyond the field of China studies regarding the representation and communicability of knowledge as well as the practices controlling its dissemination

The Endless Theory of Days Michael Bishop, 2007 The Endless Theory of Days The Art and Poetry of Gérard Titus Carmel seeks to set forth the case for the special multiple genius of a man who despite the experience of a biting melancholy resulting from loss despite an indefectible feeling of estrangement from the world despite too the corrosive sense of art's of languages's deceptiveness has never lost sight of a curious duty to the shadows that haunt and that with now a strangeness that smiles yet beckon toward the very place finally clarified and recognised of pure evidence The place that is where beauty is named This place Gérard Titus Carmel may feel lies no doubt impossibly beyond the strict locus of his art and his writing but it is a place he has struggled with dignity and unceasingly deployed energy to bring to a semblance of incarnation in a vast plastic and poetical oeuvre that has stirred and will continue to stir the minds and hearts of all those from Derrida and Bonnefoy Alain Robbe Grillet and Pascal Quignard to Jacques Dupin and Marie Claire Bancquart and countless others who have witnessed its exquisitely solemn unfolding over today more than forty years

Scandal and Aftereffect Steven Ungar, 1995 Scandal and Aftereffect will make a crucial contribution to discussions about the function of memory in the relationship of history to cultural production and about the history of history itself

Cinipoetry Christophe Wall-Romana, 2013-01-28 Cinipoetry analyzes how French poets have remapped poetry through the lens of cinema for more than a century In showing how poets have drawn on mass culture technology and material images to incorporate the idea technique and experience of cinema into writing Wall Romana documents the long history of cross media concepts and practices often thought to emerge with the digital In showing the cinematic consciousness of Mallarmé and Breton and calling for a reappraisal of the influential poetry theory of the early filmmaker Jean Epstein Cinipoetry reevaluates the bases of literary modernism The book also explores the crucial link between trauma and trans medium experiments in the wake of two world wars and highlights the marginal identity of cinepoets who were often Jewish gay foreign born or on the margins What results is a broad rethinking of the relationship between film and literature The episteme of cinema the book demonstrates reached the very core of its supposedly highbrow rival while at the same time modern poetry cultivated the technocultural savvy that is found today in slams e poetry and poetic digital hybrids

Biography and the Question of Literature in France Ann Jefferson, 2007-01-04 Containing critical readings of some major French authors in the light of the evolving relations between biography and literature this book offers a history of French literature over a 300 year period and also a discussion of biography its forms history and functions

Roger Laporte: The Orphic Text Ian MacLachlan, 2017-12-02 This is the first full length study devoted to Roger Laporte whose lifelong exploration of the stakes of writing has produced a body of work on the borderline of literature and philosophy Charting the development of Laporte's writing in relation to the work of Heidegger Levinas Blanchot and Derrida this study

offers both a comprehensive reading of Laporte's oeuvre and a new perspective on an important strand of recent thinking about literature. In particular, it is claimed here that the imperfect reflexivity of Laporte's Ophic texts effects a singular opening to reading and that in doing so it illuminates the ethical dimension of literature which has been the subject of much recent discussion.

From Bataille to Badiou Adrian May, 2018 This exhaustive reading of the review *Lignes* provides the first in-depth study of a French intellectual periodical publication from the 1980s to the contemporary moment. It demonstrates the preservation and development of French Theory into the new millennium and provides a new cultural history of France from the fall of the Berlin Wall to the 2016 terror attacks.

Philippe Lacoue-Labarthe John McKeane, 2017-12-02 Philippe Lacoue Labarthe 1940-2007 was a professor of philosophy and also a poet, a translator and a playwright. His life and work were dedicated to the philosophical and political movements of the post-1968 era from his communal life together with Jean-Luc Nancy to his collaborations with Jacques Derrida. These movements also carried him towards disparate modes of writing such as poetry and theatre. The tension between Lacoue Labarthe's timely and untimely meditations governs the approach in this study, the first to attempt an accessible and comprehensive account of this forceful thinker.

Textual Practice Terence Hawkes, 2005-10-26 First published in 1991, Routledge is an imprint of Taylor & Francis, an informa company.

The French Connections of Jacques Derrida Julian Wolfreys, John Brannigan, Ruth

Robbins, 1999-04-01 Addresses for the first time the issue of Derrida's relation to French poetics, writing, thought and culture.

Philippe Lacoue-Labarthe's Phrase Christopher Fynsk, 2016-12-20 This book presents an interpretation of a volume of poetry and theoretical reflections, *Phrase*, by the late Philippe Lacoue Labarthe, who is widely known as one of the major contributors to thinking about the relation between philosophy and literature in the continental tradition. His work has shaped the deconstructive approach to the question of the subject and has opened important paths of research relating to the topic of literary mimesis. Along with Jean-Luc Nancy, he made very important contributions in the areas of romantic literary theory and psychoanalytic theory. Christopher Fynsk's analysis of *Phrase* focuses principally on two of its key motifs. Fynsk first deals with the theme of infancy and draws forth the deep relation to Blanchot that is revealed in this text. The second motif, which organizes the narrative of the autobiographical component of *Phrase*, which Lacoue Labarthe entitles a history of renunciation, names the condition of modern poetic speech. Thus Fynsk interprets the history of renunciation and elucidates the meaning of what Lacoue Labarthe terms literature.
