Art, Allegory and the Rise of Shi'ism in Iran, 1487-1565 Kia Chad Kia, 2019-06-03 Transforming our understanding of Persian art this impressive interdisciplinary book decodes some of the world's most exquisite medieval paintings. It reveals the hidden meaning behind enigmatic figures and scenes that have puzzled modern scholars focusing on five miniature paintings. Chad Kia shows how the cryptic elements in these works of art from Timurid Persia conveyed the mystical teachings of Sufi poets like Rumi, Attar and Jami and heralded one of the most significant events in the history of Islam: the takeover by the Safavids in 1501 and the conversion of Iran to Shiism.

Mystical Dimensions of Islam Annemarie Schimmel, 2011 Thirty five years after its original publication *Mystical Dimensions of Islam* still stands as the most valuable introduction to Sufism, the main form of Islamic mysticism. Pagan Mysticism Michael York, 2018-12-10 As a non-dogmatic religion, paganism is a spirituality that is variously interpreted in terms of nature worship, this worldliness, the valuing of the physical and multiple understandings of the sacred. Like most religions, pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho-spiritual consciousness that radically diverges from ordinary waking awareness. This volume addresses two fundamental questions: namely, how do the world's religions understand the mystical and its pursuit, and how and why does paganism offer something different? Proverbially, the mystical quest is an ultimate human endeavour. The re-emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation.

Justice and Remembrance Reza Shah-Kazemi, 2006-06-28 Ali b. Abi Talib, son-in-law and cousin of the Prophet Muhammad, first Shi'i imam and fourth caliph, is a monumental figure within the Islamic tradition. But

despite the immense importance of Imam Ali there is a dearth of literature in Western languages about his life and thought. This book the first serious engagement in English with the intellectual principles underpinning his teachings is therefore a welcome and valuable addition to the sources available. It consists of three parts. Part one introduces the person of Ali in a general manner and focuses particularly on the spiritual and ethical content of his teachings. Part two evaluates Ali's sacred conception of justice. Part three addresses the theme of spiritual realization through the remembrance of God, the central mystical practice of the Sufis. Justice and Remembrance will be of great value to students and scholars of Islamic thought as well as to those interested in the relationship between spirituality and ethics.
