## **Matriarchs Goddesses And Images Of God A Critique Of A Feminist Theology:**

*Matriarchs, Goddesses, and Images of God* Susanne Heine, 1989

**Feminist Spirituality** Chris A. Klassen, 2009-01-01

This anthology addresses the experiences of third wave feminists in the construction and reformulation of spirituality. It is a useful resource for any course on women and or feminism and religion.

**Helpmates, Harlots, and Heroes, Second Edition** Alice Ogden Bellis, 2007-07-03 This best selling book now revised and updated shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament stories that have profoundly affected how women understand themselves as well as men's perception of them. Here Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century which renders a vast amount of refreshing exciting sometimes disturbing material.

**The Goddess Revival** Aida Besancon Spencer, Donna F.G. Hailson, Catherine Clark Kroeger, William David Spencer, 2010-09-01 The Goddess Revival is a Christianity Today Book Award Winner 1996. All of the authors are clearly sympathetic to the problems women have faced in the church throughout its history. They empathize with women who shun the patriarchal oppression of their churches to turn to goddess spirituality. They are also solidly grounded in the Scriptures, Christian theology and church history. They recognize the bondage imposed by goddess worship. This book presents a scholarly and clear consideration of the issues involved and builds a strong case for Christianity as the most woman friendly alternative. While providing a comprehensive study of goddess spirituality and examining the roots of the movement, the authors focus primarily on God and the way people have understood God through the centuries in both paganism and the Judeo-Christian tradition as both male and female. They demonstrate how the uniqueness of God contrasts with the multiplicity of gods and goddesses in pagan spiritualities while comparing the values in both traditions that are similar. That is a search for what is good, inner empowerment, unity, positive social change. In the process of building a clear Christian theology, they gently counter the arguments of their pagan opponents. In the end, the reader is left with a glorious picture of the one true God and a clear apologetic for those in nursing who insist that the Christian God is too oppressive and patriarchal to merit our allegiance. The appendixes provide a powerful case study of a young woman drawn into witchcraft. She explains why it appealed to her, then how it enslaved her and destroyed her marriage and other relationships. The two final appendixes offer some excellent biblical studies on the issues raised in the book. The total package provides an outstanding resource.

*Journal of Christian Nursing* Donald G. Bloesch, Paul Maher, 2007 Donald G. Bloesch is among the most important American theologians of the 20th and early 21st centuries. He calls himself a Catholic evangelical and indeed his appeal is as wide as those terms imply. His work has appeared in Catholic religious periodicals as well as many varieties of Protestant publications, both mainstream and lesser known. As a prolific author, Bloesch's writing is scattered across a large number of journals, many of which are difficult to access, and reviews of his work appear in an even larger range of forums. Donald G. Bloesch: A Research Bibliography collocates as many relevant

resources on Bloesch's writing as possible. The book provides a chronological listing and description of each work written by Bloesch as well as reviews of Bloesch's writing. Each entry gives the title, publication details, and notes about the relationship of the item described to other publications. Several indexes are also included, giving a checklist of books by Bloesch, a checklist of books to which Bloesch has contributed, and a list of book reviews that Bloesch has written about other authors. Finally, there is an alphabetical index of titles, names, and periodicals cited in the bibliography, making this the most comprehensive resource available on Bloesch.

**Feminism and Religion** Michele A. Paludi, J. Harold Ellens, 2016-03-21  
Renowned subject experts Michele A. Paludi and J. Harold Ellens lead readers through a detailed exploration of the feminist methods, issues, and theoretical frameworks that have made women central, not marginal, to religions around the world. At a conference in 2013, Gloria Steinem noted that religion is the biggest problem facing feminism today. In this insightful volume, a team of researchers, psychologists, and religious leaders, led by editors Michele A. Paludi and J. Harold Ellens, supply their expertise and informed opinions to examine the problems, spur understanding, and pose solutions to the conflicts between religion and women's rights, thereby advocating a global interest in justice and love for women. Examples of subjects addressed include the pro-life/pro-choice debate, feminism in new age thought, and the complex intersections of religion and feminism combined with gender, race, and ethnicity. The contributed work in this unique single-volume book enables a better understanding of how various religions view women both traditionally and in the modern context, and how feminist thinking has changed the roles of women in some world religions. Readers will come away with clear ideas about how religious cultures can honor feminist values such as family-friendly workplace policies, reproductive justice, and pay equity, and will be prepared to engage in conversation and constructive debate regarding how faith and feminism are interrelated today.

**God Beyond Gender** Gail Ramshaw, 1995  
The debate about God language has two opposing extremes. One side maintains that biblical language and masculine pronouns must be retained. The other argues that female imagery for God is preferable. Now Gail Ramshaw presents a third position, urging the inclusion of many images for God, the correction of others, and the total avoidance of any pronouns.

**Jesus Christ** Donald G. Bloesch, 2005-12-02  
Focusing on the person and work of Jesus, Donald G. Bloesch goes beyond current reconstructions to probe issues of theological method, models of salvation, the plausibility of miracles, the language of faith, and the doctrine of sin.

**Liturgical Language** Gail Ramshaw, 1996  
Through a review of the history of language, Ramshaw illustrates the difficulties of forming texts from words that have undergone numerous translations and whose primary meanings have also changed throughout the centuries. Her discussion of symbolic imagery and theological language illustrates how essential it is that words be evaluated and chosen with understanding and care.

**Helpmates, Harlots, and Heroes** Alice Ogden Bellis  
In this comprehensive book, the first of its kind, the author shares the work of many feminist biblical scholars who have examined women's stories in the last twenty-five years. These stories are powerful accounts of women in the Old Testament stories that have profoundly affected how women understand

*Theology as an Ecclesial Discipline* J Augustine Di Noia, 2024-07 The practice of theology depends in part on asking the right questions Not any sorts of questions not idle questions nor questions framed entirely by our own experience or the great issues of our times but good theological questions focus the mind of the inquirer on the endlessly intelligible self revelation of God to which the Sacred Scripture bears witness Our own questions and the great questions of our times have a place as long as they are purged of the ideological outlooks that can suppress or obscure the questions that the sacra pagina itself presses upon us Among the essays gathered in *Theology as an Ecclesial Discipline* the first set directs the reader s attention precisely to questions that trace the distinctive features of the nature of theology itself What are the principles and scope of the field of theology as practiced by believers in an ecclesial context Are historical critical methods of exegesis compatible with a properly theological interpretation of the Scriptures How can theology have a place in the academy as an intellectual discipline if the Magisterium seems to limit the scope of its inquiries The second part considers a range of questions that preoccupy contemporary Protestant and Catholic theologians Can the names Father Son and Holy Spirit be replaced by more inclusive titles in doctrine and liturgy By placing humanity at the center of theological investigation is Christian humanism distinct from secular humanism How can we be guilty of a sin committed by our first ancestors Can the Christian vision of procreative human sexuality survive the cultural onslaught of the sexual revolution The questions in the third part of this book arise from Catholic dialogue with non Christian religions or with other Christian communities or with conceptions of a cosmos in ecological crisis Is there a future for Catholic theology of religions How can people who do not believe in Christ be saved Is the cosmos a safe environment for human beings or alternatively how can the cosmos be protected from human depredation Can the concept of church stretch far enough to encompass Christian

communities that see themselves as strictly local and independent bodies      *The Greening of Protestant Thought* Robert Booth Fowler, 2000-11-09 The Greening of Protestant Thought traces the increasing influence of environmentalism on American Protestantism since the first Earth Day which took place in 1970 Robert Booth Fowler explores the extent to which ecological concerns permeate Protestant thought and examines contemporary controversies within and between mainline and fundamentalist Protestantism over the Bible's teachings about the environment Fowler explores the historical roots of environmentalism in Protestant thought including debates over God's relationship to nature and the significance of the current environmental crisis for the history of Christianity Although he argues that mainline Protestantism is becoming increasingly green he also examines the theological basis for many fundamentalists hostility toward the environmental movement In addition Fowler considers Protestantism's policy agendas for environmental change as well as the impact on mainline Protestant thinking of modern eco theologies process and creation theologies and ecofeminism      *The Myth of Matriarchal Prehistory* Cynthia Eller, 2001-04-13 According to the myth of matriarchal prehistory men and women lived together peacefully before recorded history Society was centered around women with their mysterious life giving powers and they were honored as incarnations and priestesses of the Great Goddess Then a transformation occurred and men thereafter dominated society Given the universality of patriarchy in recorded history this vision is understandably appealing for many women But does it have any basis in fact And as a myth does it work for the good of women Cynthia Eller traces the emergence of the feminist matriarchal myth explicates its functions and examines the evidence for and against a matriarchal prehistory Finally she explains why this vision of peaceful woman centered prehistory is something feminists should be wary of
