Sex Is Not A Natural Act & Other Essays Leonore Tiefer, 2018-03-09 Revisits and updates the centrality of the social construction of sexuality especially in the age of Viagra FSD female sexual dysfunction and the media saturation of sex Leonore Tiefer is one of the foremost sexologists working in the United States today she is a well known and respected scholar who writes engagingly and humorously about a wide array of topics in sexuality to appeal to both students and general readers Revised and updated with new pieces on the medicalization of sex FSD female sexual dysfunction and the politics of sex as well as classic pieces found in the original edition such as Am I Normal The Question of Sex Feminist Foundations Kristen A. Myers, Cynthia D. Anderson, Barbara J. Risman, 1998-03-10 There can be no doubt that feminism and its influence on the academy has wrought enormous changes on the social sciences in general and sociology in particular This edited volume is an outgrowth of a discussion that began on the Sociologists for Women in Society Listserv in which participants were asked to talk about key pieces in feminist scholarship that had particularly influenced their sociological thinking Editors Kristen A. Myers Cynthia D. Anderson and Barbara J. Risman have chosen articles that fall into what they consider the intellectual genres that compose feminist sociology This collection differs from others because the editors avoid organizing material by substantive specialty areas i.e. family race and ethnicity criminology or methods Their vision instead sees sociology as an integrated discipline where feminist contributions have systematically influenced the shape of the whole by similarly influencing the distinct parts In addition to simply compiling a comprehensive list of important articles from the last two decades the editors have invited major feminist scholars to comment and reflect on the articles in each section of the book These reflections help provide the historical and social context in which feminist scholarship has taken place This book will be of obvious appeal to feminist scholars and gender sociologists Yet as feminist thought rightfully takes its place away from the margins and toward the center of the discipline this book stands as a rich and useful resource for any contemporary

Rethinking Race in Modern Argentina Paulina Alberto, Eduardo Elena, 2016-03-21 This book reconsiders the relationship between race and nation in Argentina during the twentieth and twenty first centuries and places Argentina firmly in dialog with the literature on race and nation in Latin America from where it has long been excluded or marginalized for being a white European exception in a mixed race region The contributors based both in North America and Argentina hail from the fields of history anthropology and literary and cultural studies Their essays collectively destabilize widespread certainties about Argentina showing that whiteness in that country has more in common with practices and ideologies of Mestizaje and racial democracy elsewhere in the region than has typically been acknowledged The essays also situate Argentina within the well established literature on race nation and whiteness in world regions beyond Latin America particularly other European settler societies The collection thus contributes to rethinking race for other global contexts as well **Medical and Health Care Books and Serials in Print**, 1997 **WLW Journal** Women Library Workers (U.S.), 1983 **Access**, 1984 Contemporary Feminist Theory Mary Frances Rogers, 1998 This combination text and reader provides an introduction to contemporary feminist theory oriented toward undergraduates as well as master's level students Its organization around substantive topics and issues rather than conventional categories of feminist thinking effectively conveys the breadth and depth of feminist theorizing demonstrating the intersections and eclecticism that have become its hallmark It offers a strong multicultural dimension integrating diversity race ethnicity class and sexual orientation within the discussion of substantive topics As a supplement or as a main text it will prove highly useful in courses in feminist theory and women's studies as well as in gender studies sociology of women and contemporary social sociological theory Pub desc **Juju Fission** Chikwenye Okonjo Ogunyemi, 2007 Women especially leaders holding t te t tes with men to address political impasses have been recognized as shrewd double headed or witchlike distinctions that link them with juju or extraordinary survivalist powers Juju Fission Women's Alternative Fictions from the Sahara the Kalahari and the Oases In Between is a theoretical and analytical book on African women writers that focuses on seven representative novels from different parts of Africa Bessie Head's Maru South Africa Botswana Nawal El Saadawi's Woman at Point Zero Egypt Ama Ata Aidoo's Our Sister Killjoy or Reflections from a Black Eyed Squint and Changes Ghana Assia Djebar's A Sister to Scheherazade Algeria Calixthe Beyala's The Sun Hath Looked Upon Me Cameroon and Yvonne Vera's Nehanda Zimbabwe In
