Schmid, 2015-10-02 Body language music visual displays and even different sounds are methods of communication but words still remain the primary method for transfer of thought Perhaps someday in the future humans will be able to exchange information from the brain to another person directly But for now we are generally limited to our language and the fragile and imprecise medium of words The basic problem with words is that they mean different things to different people In his teaching Jesus used a method of using words to convey a lesson called a parable an earthly story with a heavenly meaning Trying to understand or to define words is often no easy task and occasionally requires a unique methodology to accomplish the purpose Tomorrows Sights and Sounds attempts to demonstrate an effective use of words by definition poetry devotionals lessons and a review of holidays and their religious connection God has shown you O man what is good And what does the Lord require of you To act justly and to love mercy and to walk humbly with your God Micah 6 8 Folktales and Other Stories from the Edge of the Great Thirst Bhekumuzi Wuyane, 2015-10-06 As Bhekumuzi Wuyane perches himself on the great local dome of Dombodema he is approached by an elderly African storyteller who begins telling him about life in a harsh environment at the edge of the Kalahari Desert Amid a backdrop filled with cunning animals strong women feared and adored leaders and lovers and sworn enemies the man relays tales of the three great kingdoms that will eventually transform Wuyane and teach him valuable life lessons In his collection of twenty folk tales derived from that experience Wuyane weaves the African mans stories with others both old and new to emphasize the rapidly fading art of passing down messages through folklore As animals and people struggle both together and separately to overcome their challenges and survive in the desert leadership styles a variety of emotions and good and evil intentions are revealed illustrating the deeper meaning in every story told within the African culture When the tales conclude Wuyane meets with the older man once again relating the treasured messages he has learned Folktales and Other Stories from the Edge of the Great Thirst is a collection of stories with strong and timeless morals that will appeal to both current and future generations interested in fulfilling their visions The Making War Brenda Cooper, 2020-10-07 Fans will be pleased with this complex space opera world featuring genetically modified siblings fighting for a better future Publishers Weekly The Making War is the long awaited final book in the series that began with the Endeavor award winning The Silver Ship and the Sea Six genetically engineered children fought to survive in a small town where everyone hated what they were on a difficult planet full of out sized predators with long teeth and sharp claws Because they were stronger than the colonists they found a way to live and eventually a way to leave Alicia wants nothing more than to fly But if she survives the dangerous transformation that will give her wings she will become a slave In the meantime her ex lover Joseph plans to fight for her freedom in a battle between two opposing planets Powerful fleets are about to meet in the empty dark of space and he wants neither to win For help he has his family including his pacifist sister
