Religion In Victorian Britain Vol Ii Controversies:

Religion in Victorian Britain: Controversies Gerald Parsons,1988 *Religion in Victorian Britain, Vol. IV* Gerald Parsons,1988 During the late 1980s and early 1990s the city of San Francisco waged a war against the homeless Over 1 000 arrests and citations were handed out by the police to activists for simply distributing free food in public parks Why would a liberal city arrest activists helping the homeless In exploring this question the book treats the conflict between the city and activists as a unique opportunity to examine the contested nature of homelessness and public space while developing an anarchist alternative to liberal urban politics that is rooted in mutual aid solidarity and anti capitalism In addition to exploring theoretical and political issues related to gentrification broken windows policing and anti homeless laws this book provides activists students and scholars examples of how anarchist homeless activists in San Francisco resisted these processes This book is relevant to United Nations Sustainable Development Goal 2 Zero hunger **The Growth of**

Religious Diversity - Vol 2 Gerald Parsons,2013-06-20 This is an extremely wide ranging text with good prospects in the A level market **The Growth of Religious Diversity - Vol 1** Gerald Parsons,2012-11-12 This two volume set considers the role and significance of religion in post war Britain focusing in particular upon the closely inter related themes of the decline of a specifically Christian Society and the emergence of a culturally and religiously plural society Three core questions are examined in depth to what extent and in what ways has religion remained a significant factor in British culture and society in the period since 1945 what role does religion play in interpreting and understanding the development of a multi cultural and multi ethnic society in post war Britain and to what extent has Britain remained or ceased to be a religious society during this period Volume 1 Traditions analyses the history and development of the major religious groups present in Britain in the period since 1945 The major religious traditions examined include the traditional Christian churches Judaism Islam Hinduism Sikhism Afro Caribbean religious groups New Religious Movements and the implicit religion of the silent majority who remain detached from organised religion but are by no means simply secular Volume 2 Controversies explores some of the challenges tensions and controversies presented by the emergence of an increasingly religiously plural society in Britain since 1945 In particular it focuses on the impact of religious pluralism on both the Christian churches and other religious traditions the relationship between communal and national identities and religion women and religion and the relationship between religion and changing attitudes to personal and especially sexual morality *Religion in Victorian Britain* Gerald Parsons,John Wolfe,1988 Provides an expansion of the first four volumes containing both specially written essays and a related compilation of primary sources drawn from the writings of the day The text explores the wider context of religion in Victorian Britain both in relation to the development of the Empire and its consequences The introduction sets the scene and also provides an overview of scholarship on Victorian religion in the years since the first four volumes were published in 1988

Unbelievers Alec Ryrie,2019-11-19 Long before philosophers started making the case for atheism powerful affectively

laden cultural currents were sowing doubt in Europe Alec Ryrie looks to the history of the Reformation and argues that emotions anger at priestly corruption and anxieties attending the erosion of time honored certainties were the handmaidens of atheism

The Oxford History of Anglicanism Anthony Milton,Jeremy Gregory,Rowan Strong,Jeremy N. Morris,William L. Sachs,2017 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world s largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume three of The Oxford History of Anglicanism explores the nineteenth century when Anglicanism developed into a world wide Christian communion largely but not solely due to the expansion of the British Empire By the end of this period an Anglican Communion had come into existence as a diverse conglomerate of often competing Anglican identities with their often unresolved tensions and contradictions but also with some measure of genuine unity The volume examines the ways the various Anglican identities of the nineteenth century are both metropolitan and colonial constructs and how they influenced the wider societies in which they formed Anglican Churches

The Church in the Nineteenth Century Frances Knight,2008-04-07 The nineteenth century was one of the most fascinating and volatile periods in Christian history It was during this time that Christianity evolved into a truly global religion which led to an ever greater variety of ways for Christians to express and profess their faith Frances Knight addresses the crucial question of how Christianity contributed to individual identity in a context of widespread urbanisation and modernisation She explores important topics such as the Evangelical revival led by the likes of the founder of the Christian Mission later the Salvation Army William Booth the Oxford Movement under Newman Keble and Pusey Mormonism and Protestant revivalism in the USA socialism and the impacts of Karl Marx and anarchism continuing theological divisions between Protestants and Catholics and the development of pilgrimage and devotion at places like Lourdes and Knock Her book also examines the most significant intellectual trends such as the rise of critical approaches to the Bible and the different directions that these took in Britain and America The author s unique emphasis on the ordinary experience of Christians worldwide makes her volume indispensable for students and general readers who will be fascinated by this sensitive twenty first century perspective on the nineteenth century

Lightfoot the Historian Geoffrey R. Treloar,1998 This is the first full length scholarly treatment of the life and work of J B Lightfoot Using large quantities of unpublished sources Geoffrey R Treloar presents a picture of Lightfoot in relation to the

social and cultural conditions of his day and explains the breakthrough the achieved for the higher criticism of the New Testament in the English Church BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Evangelical Protestantism in Ulster Society 1740-1890 David Hampton, Myrtle Hull, 2004-08-02 This major new book represents the first serious study of Irish evangelicalism The authors examine the social history of popular protestantism in Ulster from the Evangelical Revival in the mid eighteenth century to the conflicts generated by proposals for Irish Home Rule at the end of the nineteenth century Many of the central themes of the book are at the forefront of recent work on popular religion including the relationship between religion and national identity the role of women in popular religion the causes and consequences of religious revivalism and the impact of social change on religious experience The authors draw on a wide range of primary sources from the early eighteenth to the late nineteenth century In addition they display an impressive mastery of the wider literature on popular religion in the period

Mary Sumner Sue Anderson-Faithful, 2018-02-22 The founder and president of the Mothers Union one of the first and largest women s organisations Mary Sumner 1828 1921 was an influential educator and a force to be reckoned with in the Church of England of the late nineteenth and early twentieth centuries Using the analytical tools of the sociologist Pierre Bourdieu Sue Anderson Faithful locates Mary Sumner s life and thought against social and religious networks in which she was restricted by gender yet privileged by class and proximity to distinguished individuals This dichotomy is key to understanding the achievements of a woman who both replicated and shaped Victorian attitudes to women s roles in society To Mary Sumner mission and education meant the propagation of religious knowledge through progressive pedagogy Her activism was intended to promote social reform at home and nurture the growth of the British Empire with mothers wielding their political power as educators of future citizens The symbiotic relationship between Church and State concentrated power in the hands of a ruling class with which Mary Sumner identified and which she supported In her view the legitimacy of national and imperial rule was intertwined with the moral force of Anglicanism Sue Anderson Faithful interprets Mary Sumner s lifelong work in the light of these relationships contrasting her assertion of personal agency and an empowering discourse of motherhood with her simultaneous reinforcement of patriarchy and class privilege

Cosmology and the Scientific Self in the Nineteenth Century Howard Carlton, 2022-08-03 This book argues that while the historiography of the development of scientific ideas has for some time acknowledged the important influences of socio cultural and material contexts the significant impact of traumatic events life threatening illnesses and other psychotropic stimuli on the development of scientific thought may not have been fully recognised Howard Carlton examines the available primary sources which provide insight into the lives of a number of nineteenth century astronomers theologians and physicists to study the complex interactions within their biocultural brain body systems which drove parallel changes of perspective in theology metaphysics and cosmology In doing so he also explores three topics of great scientific interest during this period the question of the

possible existence of life on other planets the deployment of the nebular hypothesis as a theory of cosmogony and the religiously charged debates about the ages of the earth and sun From this body of evidence we gain a greater understanding of the underlying phenomena which actuated intellectual developments in the past and which are still relevant to today's knowledge making processes Charlotte Brontë's Atypical Typology Keith A. Jenkins, 2010 Charlotte Brontë's Atypical Typology traces Charlotte Brontë's reinscription of the Bible through her four novels paying special attention to her use of three strategies gender reversal the undermining of traditional notions of God's providential control of human history and the recasting of several otherworldly locales into settings within this world Although many scholars acknowledge the importance of Brontë's use of biblical material and a few may scrutinize specific passages the full body of Brontë's adult work has never been examined in this manner Indeed a full understanding of her fiction as well as her significance within the Victorian era cannot be reached apart from such an exploration Teachers and students of the Victorian novel in general as well as readers interested in early feminist perspectives will benefit from learning to read the Bible in the light of Charlotte Brontë's approach

Religion in Victorian Britain: Traditions Gerald Parsons, 1988 This book is about science in theatre and performance It explores how theatre and performance engage with emerging scientific themes from artificial intelligence to genetics and climate change The book covers a wide range of performance forms from Broadway musicals to educational theatre from Somali drama to grime videos It features work by pioneering companies including Gob Squad Headlong Theatre and Theatre of Debate as well as offering fresh analysis of global blockbusters such as Wicked and Urinetown The book offers detailed description and analysis of theatre and performance practices as well as broader commentary on the politics of theatre as public engagement with science Science in performance is essential reading for researchers students and practitioners working between science and the arts within fields such as theatre and performance studies science communication interdisciplinary arts and health humanities Biblical Wisdom and the Victorian Literary Imagination Denae Dyck, 2024-02-08 Examining the creative thought that arose in response to 19th century religious controversies this book demonstrates that the pressures exerted by historical methods of biblical scholarship prompted an imaginative recovery of wisdom literature During the Victorian period new approaches to the interpretation of sacred texts called into question traditional ideas about biblical inspiration motivating literary transformations of inherited symbols metaphors and forms Drawing on the theoretical work of Paul Ricoeur Denae Dyck considers how Victorian writers from a variety of belief positions used wisdom literature to reframe their experiences of questioning doubt and uncertainty Elizabeth Barrett Browning George MacDonald George Eliot John Ruskin and Olive Schreiner This study contributes to the reassessment of historical and contemporary narratives of secularization by calling attention to wisdom literature as a vital distinctive genre that animated the search for meaning within an increasingly ideologically diverse world Nineteenth-Century Religion, Literature and Society Naomi Hetherington, Clare Stainthorpe, 2020-12-14 This four volume historical resource provides new

opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces

Fishing for Souls Stephen Friend, 2018-09-27 Fishing for Souls explores the origins and development of fishermen s missions in Britain focussing particularly on the nineteenth and early twentieth centuries This book is the first to view the entire picture of a significant although not broadly known part of British history and to add new relevant perspectives Dr Stephen Friend FRSA establishes an historical outline of the development of the churches work among British fishing communities and explores why a mission specifically concerned with fishermen was not initiated until the industry entered a period of economic decline during the early 1880s The factors relating to the development of British fisherman s missions are complex involving not only social and technological changes inside and outside the fishing industry but also changing theological perceptions that had a significant impact on attitudes to social conditions With its honesty and objectivity about developments especially those that were difficult and painful for the fishermen s mission societies at the time Fishing for Souls reveals the magnificent work that the various societies did and in some cases continue to do making it evident to all the readers

Dishonoured by History Meena Radhakrishna, 2001 This book explores how colonial policies converted itinerant groups on the one hand into a source of cheap labour and on the other into a category known as criminal tribes It also examines missionary activity especially the Salvation Army in the Madras Presidency in the nineteenth century

Religious Thought in the Victorian Age Bernard M. G. Reardon, 2014-09-12 An account of the intellectual and theological ferment of nineteenth century Britain the dynamic period when so many of the ideas and attitudes we take for granted today were first established including the impact of biblical criticism upon traditional theology and the belief in a social as well as a spiritual mission for the Church Key figures include Coleridge Newman Carlyle Matthew Arnold and F D Maurice Unavailable for some time the reappearance of this updated Second Edition will be welcomed by theologians and intellectual and literary historians alike

Modernity and the Second-Hand Trade J. Stobart, I. Van Damme, Ilja Van Damme, 2010-11-30 Bringing together the latest research on the neglected area of second hand exchange and consumption this book offers fresh insights into the buying and selling of used goods in western Europe during the eighteenth and nineteenth centuries and seeks to re-examine and redefine the relationship between modernity and the second hand trade
