 Interest** Steven Mintz, 2013-10-04 This volume explores the opportunities and challenges facing the accounting profession in
 an increasingly globalized business and financial reporting environment It looks back at past experiences of the profession in
 attempting to meet its public interest obligation It examines the role and responsibilities of accounting to society including
 regulatory requirements increased emphasis on corporate social responsibility accounting fraud and whistle blowing
 implications internationalization of public interest obligations and providing the education needed to be successful The book
 incorporates an ethical dimension in making these assessments Its focus is a conceptual theoretical one drawing on classical
 philosophy the sociology of professions economic theory and the public interest dimension of accountants as professionals
 The authors of papers are long time contributors to the annual symposium on Research in Accounting Ethics sponsored by
 the Public Interest Section of the AAA *The Routledge Companion to Accounting Education* Richard M.S.
 Wilson, 2014-04-29 Many enquiries into the state of accounting education training undertaken in several countries over the
 past 40 years have warned that it must change if it is to be made more relevant to students to the accounting profession and
 to stakeholders in the wider community This book s over riding aim is to provide a comprehensive and authoritative source of
 reference which defines the domain of accounting education training and which provides a critical overview of the state of
 this domain including emerging and cutting edge issues as a foundation for facilitating improved accounting education
 training scholarship and research in order to enhance the educational base of accounting practice The Routledge Companion

to Accounting Education highlights the key drivers of change whether in the field of practice on the one hand e.g increased regulation globalisation risk and complexity or from developments in the academy on the other e.g pressures to embed technology within the classroom or to meet accreditation criteria on the other Thirty chapters written by leading scholars from around the world are grouped into seven themed sections which focus on different facets of their respective themes including student curriculum pedagogic and assessment considerations
