Abiding in Emptiness Bhikkhu Analayo,2024-03-12 Abiding in Emptiness presents a practice related exploration of emptiness in daily life and formal meditation based on instructions found in the Buddha's Greater and the Smaller Discourses on Emptiness This presentation provides translations of the relevant textual portions followed by explanations a summary of the main points covered in each chapter and practice instructions The presentation in what follows is firmly grounded in early Buddhist thought contextualized within the doctrinal framework provided by the early discourses in clear awareness that this differs in some respects from perspectives underlying the Chan and the Mah mudr Dzogchen traditions Versions of the Greater and the Smaller Discourses on Emptiness exist in P li Chinese and Tibetan Nevertheless meditation on emptiness in its various forms has not garnered as much attention from Therav dins as it has from practitioners of Chinese and Tibetan Buddhism In an attempt to build a bridge between these different traditions and to facilitate an adoption of emptiness practices by contemporary practitioners operating within the framework of Therav da thought the translations are based entirely on P li discourse passages The author's annotations provide a comparative perspective on such quotations The main part of each chapter in this book consists in practice related explorations of quotations from the P li version of the Greater and the Smaller Discourses on Emptiness the Mah su atasutta and the C a su atasutta Toward the end of each exploration the author presents a verse translated from some other P li text which in one way or another captures in a poetical manner some of the main points to be kept in mind and a summary of the main points covered in the exploration The first part of the verse taken up in the first chapter entirely dedicated to daily life dimensions of emptiness practice as the indispensable foundation for going deep in formal sitting can also serve to convey the main theme underlying this whole book The Publishers' Circular and Booksellers' Record ,1910 Nectar #33 Swami Brahmeshananda,Annapura Sarada,Rabbi Rami Shapiro,Swami Bhuteshananda,Babaji Bob Kindler,Lex Hixon,Llewellyn Vaughn-Lee,Swami Aseshananda,2018-01-01 In an issue dedicated almost entirely to the spiritual artform of meditation Nectar of Nondual Truth explores and presents this most needed and necessary facet of spiritual life through the lighted windows of various religious traditions in conscious operation in today's world Yogic based eight limbed meditation upon everything from objects in matter to the realization of a yogi's conscious Essence is taken up Meditation on the timeless beneficial utterance of divine names in a tradition that also favors Reality as nameless is studied thoroughly by a Rabbi via the Jewish tradition Then even the very breath that utters the

divine names is inspected in an article on meditation by a teacher in the Sufi tradition The striking and sobering question asked in several traditions of India that of Who Am I is looked at first hand by an advanced meditator on personal retreat in the Ch an Zen tradition who then also takes his place as an interviewer to question a Japanese Roshi about meditation practice in the Soto Zen tradition Three revered Swamis of the Ramakrishna Order offer up their insights into this superlative examination of meditation and meditator from different perspectives Specifically the very purpose of sitting still and looking within to find the purpose of the entire practice is presented by a long time practitioner and finally an article scrutinizing this most subtle of all yogas from the succinctly nondual position is pondered via the noble Advaita Vedanta perspective Thus does this age old and crucial principle of inmost practice known in Raja Yoga as the singular doorway to Samadhi or Nirvana receive a thorough observation from all angles of sensitive experienced human awareness
