of Commons has come under considerable attack in recent years Many critics have contended that the House has been unresponsive to public opinion and that its party leaders have too much control while leaving individual MPs essentially powerless The House has also faced challenges by the courts since the introduction of the Charter a powerful bureaucracy equipped with specialized knowledge and new telecommunications systems that are redefining the transfer of information

Through an examination of academic judicial political and legal commentary *The People's House of Commons* explores the role of the House as a public institution While addressing much of the criticism that has been levelled at the House David E Smith considers the competing political models and inherent tensions and their affect on public understanding Smith maintains that court decisions are transforming the political system from one dominated by parties to one that promotes individual participation He argues that reforms such as fixed election dates or stronger parliamentary committees have constitutional significance since their implementation would alter the practice of responsible government which for more than a century has been a party government A definitive work by one of Canada's foremost experts in the field of political science *The People's House of Commons* explores the ramifications of many of the changes currently being proposed to Canada's political system with particular reference to their affect on prerogative power parliamentary privilege party discipline bicameralism and the role of the opposition **Annual Bulletin of Historical Literature** ,1957 **Canadiana** ,1975 Populism and Democratic Thought in the Canadian Prairies, 1910 to 1945 David H.
