Secular Christ A Contemporary Interpretation Of Jesus:

Secular Christ John J. Vincent, 1968 Voices from the Borderland Chris Shannahan, 2016-04-01 Urban theology affirms the importance of context notably the place of the city in theological reflection However it has often been confined to particular contexts or theological camps and thus failed to engage with the fluidity of contemporary urban societies *Voices from the Borderland* presents an overview of urban theology arguing that the twenty first century demands a dialogical model of theology that enacts progressive change The volume draws on studies of the multicultural and multi faith British urban experience and situates these within the wider international context The works of influential theologians in the field are examined and the dialogue between theology globalisation post colonialism postmodernism and post religious urban culture critically explored The volume is unique in bringing together urban liberation theology urban black theology reformist urban theology globalisation urban theology and post religious urban theology Radical Disciple Ian K. Duffield, Robert P. Hoch-Yidokodilona, 2025-08-14 In *Radical Disciple* readers will be introduced to John Vincent's work by way of those who knew him best students friends and colleagues Each tells a story or offers a kind of testament warts and all as John would put it In John Vincent's thinking this is a serious kind of book it relays the facts without missing the many splendored thing So along with the facts readers will find the dramatic amusing serious and anecdotal Most importantly they will find a living testament to John Vincent's vision of radical urban theology and discipleship **Building a People of Power** Robert C. Linthicum, 2015-09-15 Jesus never intended the church to become an institution he intended it to be a people of power transforming the world Power is the capacity ability and the willingness to act Most people and systems use power to dominate and control but others have used it relationally to liberate transform and even save Built around a biblical exploration of shalom *Building a People of Power* explains how local churches can use power to transform their communities and their cities Detailed power strategies are presented enabling churches to build productive relationships to address the primary issues of people they serve and to develop strong leaders faithful organizations and redeemed neighborhoods that live out shalom *A Theological Book List 1971* Theological Education Fund, 1971 **The Human Face of God** John Arthur Thomas Robinson, 1973 From the author of *Honest to God* and *The Priority of John* Contemporary Theology: An Introduction, Revised Edition Kirk R. MacGregor, 2020-07-28 Accessible and comprehensive *Contemporary Theology An Introduction* by professor and author Kirk R MacGregor provides a chronological survey of the major thinkers and schools of thought in modern theology in a manner that is both approachable and intriguing Unique among introductions to contemporary theology MacGregor includes Evangelical perspectives alongside mainline and liberal developments The influence of philosophy and the recent Christian philosophical renaissance on theology Global contributions Recent developments in exegetical theology The implications of theological shifts on ethics and church life *Contemporary Theology An Introduction* is noteworthy for making complex thought understandable and for tracing the landscape of modern theology

in a well organized and easy to follow manner Contemporary Authors Hal May,James Lesniak,1989 This volume of Contemporary Authors R New Revision Series brings you up to date information on approximately 250 writers Editors have scoured dozens of leading journals magazines newspapers and online sources in search of the latest news and criticism Writers appearing in this volume include Elizabeth Bishop Erica Jong Jack Kerouac Roger Zelazny **Pentecostalism, Secularism, and Post Christendom** Bradley Truman Noel,2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour

Department of Printed Books,1972 **The Secular as Methodology** Robert L. Montgomery,2018-08-14 Secularization is a process that has been taking place throughout the world but especially in the West It refers to limitations of various types to religious thoughts activities ownership and power but does not necessarily mean limitation on religious freedom Because of this contested double effect secularization is perceived both negatively and positively I propose that the secular be viewed primarily as a methodology in various areas of life beginning most clearly with science but extending to many other areas of thought and activity When this is done I believe people then have the clear option to apply their faith to all of their thought and action and at the same time to allow for correction and improvement to their thought and action These corrections and improvements will be debated but in the end for Christians they are dependent on interpretations of the Bible Furthermore I believe the broad result for all people is to clarify the choice to believe in God or rather that we are chosen by God revealed in the Bible who is seeking to have fellowship with us

Thomas's Secular Commentaries on Scripture Thomas Philip,2025-08-18 This book investigates M M Thomas s biblical commentaries and their unique position at the intersection of religion and society It explores how Thomas inspired in part by Bonhoeffer s religionless Christianity adapted Western theological ideas and transformed them to reflect the social political and religious complexities of his own pluralistic context By examining these commentaries the book offers a fresh perspective on how Thomas engaged with the dynamic relationship between faith and society It also contributes a new dimension to the study of Indian Christianity marking the first in depth study of Thomas s secular biblical commentaries This book provides a pioneering contribution to the field of the study of Indian Christianity and the study of non Western contextual theologies It enriches the growing literature on biblical hermeneutics by offering new insights into how scripture can be interpreted in diverse cultural and political contexts By focusing on Thomas s unique theological approach this work not only enhances our understanding of Indian Christian thought but also broadens the scope of contemporary theological studies particularly within the global South It invites readers to consider how the intersection of theology and society shapes religious thought in pluralistic settings This book is intended for scholars graduate students and those involved in church studies as well as anyone interested in contextual theology and hermeneutics It is especially relevant for readers keen on understanding Indian Christianity and exploring how theology interacts with the social and political issues present in non Western contexts The book will appeal to those looking to deepen their understanding of how faith adapts to and engages with the complexities of modern society Mormonism in Dialogue with Contemporary Christian Theologies David Lamont Paulsen,Donald W. Musser,2007 This volume brings together for the first time a broad range of scholars from Mormon and other Christian traditions Replacing polemics and apologetics with dialogue these exchanges show how the full spectrum of contemporary theologies can be informed by uniquely Mormon ideas and correlatively how Mormon thought can be illuminated through the study of key ideas of the foremost theologians of the twentieth and twenty first centuries **The Christian Doctrine of the Church, Faith, and the Consummation** Emil Brunner,2014-10-10 Emil Brunner 1889 1966 was the most widely read theologian in the English speaking world throughout the mid twentieth century Brunner was Professor of Systematic and Practical Theology at the University of Zurich from 1924 55 His key works The Mediator The Divine Imperative and Man in Revolt were standard texts for Protestant seminaries for decades *Cinema, Religion and the Romantic Legacy* Paul Coates,2017-07-05 Cinema Religion and the Romantic Legacy

surveys the ways in which notions of religion and spirituality have impinged upon the cinema Cinema is conceived as a post Romantic form for which religion and spirituality can be unified only problematically While inspecting many of the well established themes and topoi of writing on religion and film such as films about priests and Christ figures it also seeks to problematize them focusing primarily upon the issues of religious representation foregrounded by such European directors as Kieslowski and Godard Coates draws on theories of theologians philosophers and cultural and literary critics including Otto Kant Schiller and Girard Addressing the relationship between religion and spirituality from a film studies specialist s perspective this book offers all those concerned with film media or religious studies an invaluable examination of artistic interaction with the theological and aesthetic issues of representation and representability Paul Coates is Reader in Film Studies at the University of Aberdeen Scotland and author of many books including *The Gorgon s Gaze* CUP *Film at the Intersection of High and Mass Culture* CUP *The Story of the Lost Reflection* Verso

The Theological Imagination

Gordon D. Kaufman, 1981-01-01 In this challenging work Gordon Kaufman asserts that the prime task of theology is the imaginative construction of the doctrine of God Kaufman maintains that both the absoluteness of the divinity and our own necessity demand that we construct the doctrine of God critically and in a manner appropriate to our own time and place In thorough examinations of God and theology Christ and christology and of the ultimate foundations of religious thought he shows how this construction can be accomplished faithfully and in full realization of our own humanity
