**Security, Reform and Peace** Washington Institute for Near East Policy. Presidential Study Group, 2005 **The Palestinian Strategic Report 2005** Dr. Mohsen Mohammad Saleh, Dr. Basheer Nafi', 2007-05-15 The Palestinian Strategic Report is a highly academic annual report that assesses the Palestinian situation. It rigorously studies the developments of various aspects of the Palestinian issue i.e. internal political affairs, economic development, demographic indicators, the Arab Islamic and international stands and the Israeli attitudes and policies, all within an academic, well documented context that is supported with the most recent statistical data. This report is the product of a massive team work exerted by a group of affiliated researchers and specialists, editors and consultants. It is published both in Arabic and English. The first Report covered the year 2005, followed by the reports on 2006 and 2007. The report was well received and highly acclaimed, especially within academics. Two years later, it can be surely asserted that this report is a must reference for every researcher or academic interests in the contemporary developments of the Palestinian issue and the Arab Israeli conflict. Moreover, its English version is among the few highly academic and objective writings in this field by an Arab research centre. **The Routledge Handbook of Terrorism Research** Alex Schmid, 2011-02-25 This major new Handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies. The content of the Handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries, as well as the specific expertise and experience of the volume editor and the various contributors. Together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations. The work also features a large collection of typologies and surveys a wide range of theories of terrorism. Additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the Internet. It also includes the most comprehensive World Directory of Extremist Terrorist and other Organizations associated with Guerrilla Warfare, Political Violence, Protest and Organized and Cyber Crime. The Routledge Handbook of Terrorism Research will be an essential work of reference for students and researchers of terrorism and political violence, security studies, criminology, political science and international relations, and of great interest to policymakers and professionals in the field of counter terrorism. *The Routledge Handbook of Terrorism Research* Alex Peter Schmid, 2011 This volume is a monumental collection of definitions, conceptual frameworks, paradigmatic formulations and bibliographic sources which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism. The Rebirth of the Middle East Jerry M. Rosenberg, 2009-09-28 In *The Rebirth of the Middle East* Rosenberg discusses how peace, stability and prosperity are dependent upon economic and trade relations between Israel and Palestine, as well as other neighboring Arab and Muslim countries. The world is poised to participate in this healing process with funding and training and lacks only the needed conditions to proceed. Rosenberg asserts that this process of stabilization can

**The European Union Decoded** Maria Lorca-Susino, 2016-07-07 The European Union EU and the Eurozone became the economic integration example to follow for years However the worldwide economic crisis that unfolded in 2007 put the whole economic integration process in question the European project in jeopardy and the euro under pressure with serious doubts that it can survive its first crisis The core argument of this book is twofold First it seeks to explain the difficult political economic and fiscal idiosyncrasies of all member states in order to put the reasons for the economic crisis into a new and clear perspective Second it argues that the institutional response put forward to explain this tremendous crisis is flawed and dangerous because it does not solve the main underlying problem the deep differences among member states on their understanding of economic and financial behavior This study counters the leading institutional explanation for the economic crisis that has impacted the entire EU It presents a unique and provocative explanation of why the EU and the Eurozone are still immersed in an economic crisis and will be of key interest to students and scholars of European Politics and Economics

**The State of Palestine** Philip Leech, 2016-10-26 The Palestinian national movement reached a dead end and came close to disintegration at the beginning of the present century This critical analysis of internal Palestinian politics in the West Bank traces the re emergence of the Palestinian Authority s established elite in the aftermath of the failed unity government and examines the main security and economic agendas pursued by them during that period Based on extensive field research interviews and participant observation undertaken across several sites in Nablus and the surrounding area it provides a bottom up interpretation of the Palestinian Authority s agenda and challenges the popular interpretation that its governance represents the only realistic path to Palestinian independence As the first major account of the Palestinian Authority s political agenda since the collapse of the unity government this book offers a unique explanation for the failure to bring a Palestinian state into being and challenges assumptions within the existing literature by addressing the apparent incoherence between mainstream debates on Palestine and the reality of conditions there This book is a key addition to students and scholars interested in Politics Middle Eastern Studies and International Relations 中国 美国 日本 俄罗斯 印度 巴西 南非 墨西哥 阿根廷 智利 哥伦比亚 秘鲁 厄瓜多尔 哥斯达黎加 危地马拉 洪都拉斯 尼加拉瓜 萨尔瓦多 巴拿马 牙买加 海地 多米尼加 圣多明各 巴巴多斯 特立尼达和多巴哥 圭亚那 苏里南 法属圭亚那 法属波利尼西亚 美属维尔京群岛 美属萨摩亚 关岛 北马里亚纳群岛 马绍尔群岛 密克罗尼西亚 帕劳 瑙鲁 图瓦卢 基里巴提

**Interpreting Global Security** Mark Bevir, Oliver Daddow, Ian Hall, 2013-08-15 This edited collection explores the fruitfulness of applying an interpretive approach to the study of global security The interpretive approach concentrates on unpacking the meanings and beliefs of various policy actors and crucially explains those beliefs by

locating them in historical traditions and as responses to dilemmas Interpretivists thereby seek to highlight the contingency diversity and contestability of the narratives expertise and beliefs that inform political action The interpretive approach is widespread in the study of governance and public policy but arguably it has not yet had much impact on security studies The book therefore deploys the interpretive approach to explore contemporary issues in international security combining theoretical engagement with good empirical coverage through a novel set of case studies Bringing together a fresh mix of world renowned and up and coming scholars from across the fields of security studies political theory and international relations the chapters explore the beliefs traditions and dilemmas that have informed security practice on the one hand and the academic study of security on the other as well as the connections between them All contributors look to situate their work against a broader historical background and long standing traditions allowing them to take a critical yet historically informed approach to the material

The End of the Middle East Peace Process Samer Bakkour,2022-06-23 Presenting the Middle East peace process as an extension of US foreign policy this book argues that ongoing interventions justified in the name of peace sustain and reproduce hegemonic power With an interdisciplinary approach this book questions the conceptualisation and general understanding of the peace process The author reinterprets regional conflict as an opportunity for the US through which it seeks to achieve regional dominance and control Engaging with the different stages and components of the peace process he considers economic military and political factors which both changed over time and remained constant This book covers the US role of mediation in the region during the Cold War the history and present state of US Israel relations Syria s reputation as an opponent of peace compared with its participation in peace negotiations and the Palestinian Israel conflict with attention to US involvement The End of the Middle East Peace Process will primarily be of interest to those hoping to gain an improved understanding of key issues concepts and themes relating to the Arab Israeli conflict and US intervention in the Middle East It will also be of value to those with an interest in the practicalities of peacebuilding
