Seduction Of Silence:

Seduction of Silence Bern Le Hunte,2000 RECOGNITION OF A TRUE MAN OR JUST GOOD GAME? Melvin Stitt Sr.,2019-03-19 The recognition of respect being given to one another in a relationship The rewards behind the recognition of one s own self worth that causes them to take a stand and settle for nothing less than that respect due to then Fulfillment of desires and fetishes the acknowledgement of strengths and weaknesses within the relationship Literary Hybrids Erika E. Hess,2004-08-02 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company *Feminist Approaches to the Body in Medieval Literature* Linda Lomperis,Sarah Stanbury,1993 *Feminist Approaches to the Body in Medieval Literature* forges a new link between contemporary feminist and cultural theory and medieval history and literature The essays establish crucial historical connections between feminist theorizing about the body and specific accounts of gendered bodies in medieval texts Looting and Rape in Wartime Tuba Inal,2013-03-15 Women were historically treated in wartime as property Yet in the Hague Conventions of 1899 and 1907 prohibitions against pillaging property did not extend to the female body There is a gap of nearly a hundred years between those early prohibitions of pillage and the prohibition of rape finally enacted in the Rome Statute of 1998 In *Looting and Rape in Wartime* Tuba Inal addresses the development of these two separate prohibition regimes exploring why states make and agree to laws that determine the way war is conducted and what role gender plays in this process Inal argues that three conditions are necessary for the emergence of a global prohibition regime first a state must believe that it is necessary to comply with the prohibition and that to do otherwise would be costly second the idea that a particular practice is undesirable must become the norm finally a prohibition regime emerges with state and nonstate actors supporting it all along the way These conditions are met by the prohibition against pillage which developed from a confluence of material circumstances and an ideological context the nineteenth century fostered ideas about the sanctity of private property which made the act of looting seem more abhorrent Meanwhile the existence of conscripted and regulated armies meant that militaries could take measures to prevent it In that period however rape was still considered a crime of passion or a symptom of behavioral disorder in other words a distortion of male sexuality and outside of state control and it would take many decades to erode the grip of those ideas Only toward the end of the twentieth century did transformations in gender ideology and the increased participation of women in politics bring about broad cultural shifts in the way we perceive sexual violence women and women s roles in policy and lawmaking In examining the historical and ideological context of how these two regimes evolved *Looting and Rape in Wartime* provides vital perspective on the forces that block or bring about change in international relations **Discourses of Seduction** Hosea Hirata,2020-03-17 If the postmodernist ethical onslaught has led to the demise of literature by exposing its political agenda if all literature is compromised by its entanglement with power why does literature s subterranean voice still seduce us into reading Why do the madness and the scandal of transgressive literature its power to force us to begin anew its evil

escape the gaze of contemporary literary criticism Why do we dare not reject ethics and the ethical approach to literature If the primary task of literary criticism is to correct others ethical missteps should we not begin by confronting the seductiveness of ethics our desire for ethics the pleasure we take in being ethical And what is the relationship between ethics and history in the study of literature What would be the ethical consequences of an erasure of history from literary criticism In a series of essays on the writings of Kawabata Yasunari Murakami Haruki Karatani Kjin Furui Yoshikichi Mishima Yukio Oe Kenzaburo Natsume Soseki and Kobayashi Hideo Hosea Hirata visits the primal force of the scandalous in an effort to repeat in the Kierkegaardian sense the originary scene that initiates the obscure yet insistent poetry that is literature and to confront the questions raised

The Seduction of Pessimism in the Novel Tom Ribitzky,2024-10-18 The Seduction of Pessimism in the Novel Eros Failure and the Quarrel with Philosophy explores the novel as a response to the Platonic myth that narrates the rift at the core of our being Eros is supposedly the consolation for this rift but the history of the novel documents its expression as one of frustrated desires neuroses anxieties and cosmic doom As if repeating the trauma from that original split in Plato a split that also divides philosophy from literature the novel treats eros as a site of loss and grief from the medieval romances to Goethe Bront Proust Mann Woolf Lawrence and Nabokov The pessimism that emerges from this eros tells us something fundamental about who we are something that only the novel can say At a time when both education and leisure are increasingly ignoring the novel s imperative to sit with ambiguity complexity and contingency and as we are hurtling toward a bleak future of climate catastrophe and political instability the novel is one of the last bastions of humanity even as it is quickly being eroded
