The Twins' mate:book 5 Emmarentia Snyman,2021-06-01 Sebrina looks at Josh as he stands in front of her She knows what he is going to say She knows he will reject her for her more beautiful blond twin sister She and Leona can not be more different and everyone can not believe they are twins Her parents always loved Leona more than her as she had red hair and green eyes and freckles while Leona was the pretty one with blond hair blue eyes and perfect skin Sebrina has learned not to ask her parents for love and attention from a young age as all their love and attention went to the cute child They ignored her like she did not exist It made Sebrina push people away from her and that is why she is standing here in front of Josh her mate waiting for him to reject her It is not uncommon for twins to have the same mate It happened before Sebrina being the rebel she is smiles as she waits for Josh s words I Josh Norton future alpha of the Red Wood Pack reject you Sebrina Dawson as my mate Josh says Everything inside Sebrina feels like it is dying a slow death her wolf is whimpering but she quiets her down I Sebrina Dawson accept your rejection future alpha of the Red Wood Pack I hope you and Leona will be happy Sebrina says with a sarcastic smile on her face She knows her sister and she knows she is spoiled rotten You are just going to accept it like that Leona asks from the side Sebrina knows her sister wants a fight but she will not give her the satisfaction Sebrina looks at Leona as smiles Best of luck to the two of you Sebrina says My father is the beta to Josh s father and Sebrina knows her life is not worth a dime after today Leona will want her dead to make sure Josh stays hers forever and that he does not change his mind in the future Sebrina knows she is risking her life to leave her pack but going away or staying in the same for her If she stays she will die but she might have a chance out there in the big evil world So she runs away not knowing what adventure waited for her and that she will meet her biggest nightmare the Alpha of all Alphas Blaze Walker and she have to run not only from her sister but also from Blaze

Creature Comforts Rochelle Holt,2008 To understand the shifting emotions human beings go through daily regarding any and all relationships to family friends lovers acquaintances and strangers ourselves included each of us needs to continue to evolve and to become educated while living creatively in a stressful society and world My original purpose was to match a different animal and subject for every day of the year As it turned out some months have more entries than others but none is less than a month without Sundays and or weekends Often true benefit only takes place when the self who feels victimized expresses emotions on paper i e in form of a missive to someone else to comprehend whatever may be bothering the letter writer But these letters aren t intended to be sent they are private Instead consider this volume a way and means to comfort and or offer a solution or resolution to a troubling issue For only by appreciating ourselves can we totally fathom others before ultimately caring about humanity at large enough to accept and tolerate eventually love each other s distinct uniqueness in this vast universe still striving for peace and harmony Writing letters has become a dying art So too comprehending the significance of all creatures to balance our environment that is dependent on survival of on animals and insects Perhaps you won t be able to resist sending one or two missives to the

and neither seems to have much respect for the other This diverse collection of essays highlights common ground between earth and animal advocates most notably the protection of wildlife and personal dietary choice If earth and animal advocates move beyond philosophical differences and resultant divergent priorities turning attention to shared goals both will be more effective and both animals and the environment will benefit Given the undeniable seriousness of the environmental problems that we face including climate change and species extinction it is essential that activists join forces Drawing on a wide range of issues and disciplines ranging from wildlife management hunting and the work of NGOs to ethics ecofeminism religion and animal welfare this volume provides a stimulating collection of ideas and challenges for anyone else who cares about the environment or animals
