**Abstraction in Post-War British Literature 1945-1980** Natalie Ferris,2022-03-29 In a catalogue note for the 1965 exhibition Between Poetry and Painting at the Institute of Contemporary Arts the poet Edwin Morgan probed the relationship between abstraction and literature Abstract painting can often satisfy but abstract poetry can only exist in inverted commas Language may be fragmented rearranged or distorted abstract in so far as it is withdrawn from a particular system of knowledge but Morgan was of the mind that to be wholly disruptive was to deprive a poem of its point as an object of contemplation Whilst abstract art may have come to fulfil or or fortify an impression of post war taste abstraction in literature continued to be treated with suspicion But how does this speak to the extent to which Britain s literary culture was responsive to progress compared to its artistic culture Abstraction in Post War British Literature 1945 1980 traces a line of literary experimentation in post war British literature that was prompted by the aesthetic philosophical and theoretical demands of abstraction Spanning the period 1945 to 1980 it observes the ways in which certain aesthetic advancements initiated new forms of literary expression to posit a new genealogy of interdisciplinary practice in Britain At a time in which Britain became conscious of its evolving identity within an increasingly globalised context this study accounts for the range of Continental and Transatlantic influences in order to more accurately locate the networks at play Exploring the contributions made by individuals such as Herbert Read Ian Hamilton Finlay and Christine Brooke Rose as well as by groups of practitioners It brings a wide range of previously unexplored archival material into the public domain and offers a comprehensive account of the evolving status of abstraction across cultural institutional and literary contexts **Reading**

**the graphic surface** Glyn White, 2018-02-28 This book critically engages with the visual appearance of prose fiction where it is manipulated by authors from alterations in typography to the deconstruction of the physical form of the book It reappraises the range of effects it is possible to create through the use of graphic devices and explores why literary criticism has dismissed such features as either unreadable experimental gimmicks or more recently as examples of the worst kind of postmodern decadence Through the examination of problematical texts which utilise the graphic surface in innovative and unusual ways including Samuel Beckett's *Watt* B S Johnson's *Albert Angelo* Christine Brooke-Rose's *Thru* and Alasdair Gray's *Lanark* this book demonstrates that an awareness of the graphic surface can make significant contributions to interpretation

**Christie Malry's Own Double-entry** Bryan Stanley Johnson, 1985 A disaffected young man Christie Malry is a simple man who learns the principles of double entry book keeping while taking an evening class in accountancy and working in the local bank He begins to apply these principles to his own life revenging himself against society in an increasingly violent manner for perceived debits Debit the unpleasantness of the bank manager is the first on an ever growing list Credit scratching the facade of the office block All accounts are settled in the most alarming way **The B. S. Johnson - Zulfikar**

**Ghose Correspondence** Vanessa Guignery, 2015-04-01 From 1959 to 1973 the writers B S Johnson and Zulfikar Ghose regularly wrote letters to each other in which they discussed their own work and literary preoccupations They exchanged early drafts of poems short stories plays and novels and their correspondence contains detailed comments and extended analyses of these texts as well as illuminating reflections on literature criticism poetics and aesthetics Though much of the correspondence is an extended literary discussion it also contains moments of personal revelation jokes and anecdotes so that the letters with their surprising asides are enjoyable to read even as they inform with their biographical and intellectual content The two authors also frequently refer to the university poetry journals and literary magazines they contributed to or edited and they write about the poetry meetings they attended and the writers they met or read Their involvement in literary groups and their dealings with publishers editors and agents are indicative of the publishing mechanisms of the time This correspondence thus not only provides insight into the work of both B S Johnson and Zulfikar Ghose but also conjures up a comprehensive picture of the London literary world of the 1960s **The Legacies of Modernism** David James, 2011-10-20 An

engagement with the continued importance of modernism is vital for building a nuanced account of the development of the novel after 1945 Bringing together internationally distinguished scholars of twentieth and twenty first century literature these essays reveal how the most innovative writers working today draw on the legacies of modernist literature Dynamics of influence and adaptation are traced in dialogues between authors from across the twentieth century Lawrence and A S Byatt Woolf and J M Coetzee Forster and Zadie Smith The book sets out new critical and disciplinary foundations for rethinking the very terms we use to map the novel's progression and renewal enhancing our understanding not only of what modernism was but also what it might still become With its global reach *The Legacies of Modernism* will appeal to scholars working not only

in the new modernist studies but also in postcolonial studies and comparative literature
