Sociology of the Next Society Gerhard Preyer,Reuss-Markus Krausse,2023-08-04 This innovative volume provides insight into the vast changes in societies now and in the near future and highlights the need for a new sociological approach to analyse these changes It particularly reviews and critiques existing theories of globalization and analyses how global changes affect all subsystems of social membership systems the scientific academic legal and political systems The authors propose a new theoretical paradigm in sociology to analyse this next society The book studies emergent communication structures between these systems and looks at the concept of membership as a new research area in the study of the next society In this context it particularly assesses the problems of further modernization of Chinese society and the directions of this modernization This book is of interest to researchers and students of social theory globalization studies theory of evolution and those studying modern Chinese society

The Sociology of Emotions Jonathan H. Turner,Jan E. Stets,2005-03-14 All social relations involve emotional responses from the simplest face to face encounter through the mobilization of social movements to the commitments that individuals develop for culture and society The social world is thus dependent upon the arousal of emotions and equally significant conflict and change in societies is ultimately driven by emotional arousal Thus it is important to understand how human emotions influence and are influenced by the social world This understanding takes us into the sociology of emotions that has emerged as a distinct area of inquiry over the last thirty years

Sociological Theory John Scott,2023-01-13 This thoroughly revised and updated third edition provides an expanded analysis of the nature and future of sociological theory It offers new sections on feminist post colonial and critical race theories as well as a discussion of theories of system structure and complexity

Talcott Parsons on Economy and Society (RLE Social Theory) Bryan S. Turner,Robert J. Holton,2014-08-27 In this remarkable collection of essays Holton and Turner demonstrate that Parsonian sociology addresses the most central problems of our time issues of sickness and health power and inequality the nature of capitalism and its possible alternatives They develop a mature and original perspective on Parsons as the only classical theorist who avoided crippling nostalgia Holton and Turner not only talk about Parsonian sociology in a profound and insightful way they do it and do it well As sociology moves away from the rigid dichotomies of earlier debate this book will help point the way Jeffrey Alexander Professor and Director of Graduate Studies in Sociology UCLA

The Oxford Handbook of Political Ideologies Michael Freeden,Lyman Tower Sargent,Marc Stears,2013-08-15 This is the first comprehensive volume to offer a state of the art investigation both of the nature of

political ideologies and of their main manifestations The diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones Ideologies however are always with us The Handbook is divided into three sections The first is divided into three sections The first reflects some of the latest thinking about the development of ideology on an historical dimension from the standpoints of conceptual history Marx studies social science theory and history and leading schools of continental philosophy The second includes some of the most recent interpretations and theories of ideology all of which are sympathetic in their own ways to its exploration and close investigation even when judiciously critical of its social impact This section contains many of the more salient contemporary accounts of ideology The third focuses on the leading ideological families and traditions as well as on some of their cultural and geographical manifestations incorporating both historical and contemporary perspectives Each chapter is written by an expert in their field bringing the latest approaches and understandings to their task The Handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions
