Seeking Asylum Intrigue:

Seeking Asylum Mallory Kane, 2005 SAFE HAVEN As one of the Bureau's top criminal profilers it was Eric Baldwin's job to get inside killers' heads. Only this time the crazed shooter who'd taken a beautiful doctor hostage was Eric's brother, the identical twin he'd long thought dead. Being abducted by her own patient was terrifying enough. Now the man who'd just rescued her needed Dr. Rachel Harper's help. Assuming his brother's identity to infiltrate a conspiracy inside a mental hospital, Eric Baldwin was about to embark on the most dangerous mission of his life. And as danger fanned the flames of irresistible desire much.

Homicide in the Biblical World Pamela Barmash, 2005 Homicide in the Biblical World analyses the treatment of homicide in the Hebrew Bible and demonstrates that it is directly linked to the unique social structure and religion of ancient Israel. Close parallels between biblical law and ancient Near Eastern law are evident in the laws of the ox that gored and the pregnant woman who is assaulted, but when the total picture of the process by which homicide was adjudicated comes into view, what is most noticeable is how little of it is similar to ancient Near Eastern law. This book reconstructs biblical law from both legal texts and narrative texts and analyses both the law collections and documents from actual legal cases from the ancient Near East.

Systemic and Narrative Work with Unaccompanied Asylum-Seeking Children Ana Draper, Elisa Marcellino, Samantha Thomson, 2024-06-28 Systemic and Narrative Work with Unaccompanied Asylum-Seeking Children: Stories of Relocation provides a contextualised research-based understanding of how to enhance and support the emotional health and well-being of unaccompanied asylum-seeking children. The framework presented in this book is an innovative intervention that enhances the well-being of children who have experienced trauma by improving their therapeutic abilities for all who support and care for them. This book presents the evidence base for this new systemic and narrative trauma-informed framework of care, creates a wider understanding of working with trauma responses in unaccompanied asylum-seeking children, and offers coherence for practitioners wanting to use this approach. The authors provide a physiological view as well as identify embodied aspects of trauma experience and describe a narrative approach developed from a clinical understanding of trauma as well as presenting the words of children who took part in the project. Creating a common multi-disciplinary language, this approach can be used to improve coherence, coordination, and excellence within the whole system. This book is essential reading for all practitioners working with unaccompanied asylum-seeking children. It will also be of interest to students and trainees of social work and other mental health disciplines, as well as other professionals seeking to understand the needs of this group.

Gender in Cross-Cultural Perspective Adrienne E. Strong, Richard Powis, 2024-08-19 This fully updated new edition of Gender in Cross-Cultural Perspective carefully introduces and responds to changes in anthropological approaches to and perspectives on gender. With two new editors and new authors from the Global South and underrepresented communities, it combines theoretically and ethnographically based chapters to examine gender roles and ideology around the world. The

books is divided thematically into five parts with the editors opening each section with a succinct introduction to the principal issues The book retains some of the classic chapters while offering new contributions and extended discussions throughout on methodology It also has entirely new contributions that reflect more recent developments in the discipline including more emphasis on LGBTQ communities COVID and migration This new edition also features additional support for teaching and learning including a film list and discussion questions that are now offered as supplemental online materials The eighth edition of *Gender in Cross Cultural Perspective* continues to be an essential resource for undergraduate and graduate students encountering the anthropology of gender for the first time *Imperial China* Michael Loewe, 2021-12-30 First published in 1966 *Imperial China* sets out to explain China's past histories to non specialists Too often the West has misunderstood the East China is credited with an excessively long cultural history with a continuous line of dynastic succession with uniformly practised institutions or with intellectual stagnation Michael Loewe sets out here to dispel some of these misconceptions and to mark the stages in the evolution of China's political forms social organizations and economic progress that can be traced from the days of the first empire from 221 B C until the dynamic changes of the nineteenth century He believes that a full understanding of modern China depends on a more than perfunctory glance at her past and has tried to provide the general historical context The author is well aware that thanks to the research of the last fifty years it is now possible and indeed requisite to reach a deeper understanding of China's past This book will be an essential read for scholars and researchers of Chinese history Asian history history in general *Rewriting the Torah* Jeffrey Stackert, 2007 Jeffrey Stackert explores literary correspondences among the pentateuchal legal corpora and especially the relationships between similar laws in Deuteronomy and the Holiness Legislation Lev 17 26 the so called Holiness Code as well as significant parts of the Priestly source elsewhere in the Pentateuch Resemblances between these law collections range from broad structure to fine detail and include treatments of similar legal topics correlations with regard to sequence of laws and precise grammatical and lexical correspondences Yet the nature and basis of these resemblances persist as debated points among biblical scholars Through an analysis of the pentateuchal laws on asylum seventh year release manumission and tithes the author argues that the Holiness Legislation depends upon both the Covenant Collection and Deuteronomy He also elucidates the compositional logic of the Holiness legislators showing that these authors do not simply replicate pre existing legal content Rather they employ a method of literary revision in which they reconceptualize source material according to their own ideological biases In the end the Holiness Legislation proves to be a super law that collects and distills the Priestly and non Priestly laws that precede it By accommodating reformulating and incorporating various viewpoints from these sources the Holiness authors create a work that is intended to supersede them all *Dirty Little Secrets* Mallory Kane, 2013-11-19 DECEPTION TURNS DEADLY IN MALLORY KANE'S DIRTY LITTLE SECRETS New Orleans detective Ethan Delancey has a mission to solve a senator's murder Putting Laney Montgomery the sole witness who now has a cold blooded
