A Karger Publishing Highlights 1890/2015 title. Explorando las relaciones intradiscursivas Catalina Fuentes Rodríguez, Víctor Pérez Béjar, 2024-11-29 Explorando las relaciones intradiscursivas. Un enfoque multidimensional takes a multifaceted approach to provide a complete and integrative analysis of intra-discursive relationships. This edited collection approaches intra-discursive relationships from different discursive dimensions such as informative, argumentative,

or modal which influence the construction of the text to identify common and functional relationships to any type of discourse. Covering a wide range of topics from multiple perspectives the volume arrives at a global multidimensional and integrated vision that allows the study of relationships to be defined without apriorism or exclusions. Drawing on real texts from various corpora of Spanish the contributions explore the connections between the basic units of the text in order to construct a linguistic model that goes beyond the sentence level. This research offers both general and focused studies on specific phenomena of great interest within a well constructed and comprehensive framework. This innovative volume is ideal for researchers and teachers of discourse analysis linguistics and Spanish as a foreign language. Additionally *Explorando las relaciones intradiscursivas* complements undergraduate and graduate studies in pragmatics and linguistics. *Explorando las relaciones intradiscursivas* Un enfoque multidimensional adopta un enfoque polidrico para ofrecer un análisis completo e integrador de las relaciones intradiscursivas. Los diferentes trabajos que componen esta obra abordan las relaciones intradiscursivas desde diferentes dimensiones discursivas como la informativa la argumentativa o la modal que influyen en la construcción del texto para identificar las relaciones entre enunciados que subyacen a todo tipo de discursos. La obra abarca un amplio abanico de temas y permite el diálogo de diferentes modelos de análisis. Se ofrece así una visión global multidimensional e integrada que permite definir el estudio de las relaciones sin apriorismos ni exclusiones. A partir de textos reales procedentes de diversos corpus del español las contribuciones exploran las conexiones entre las unidades básicas del texto los enunciados con el fin de construir un modelo lingüístico que vaya más allá del nivel oracional. Estas investigaciones ofrecen estudios tanto generales como centrados en fenómenos específicos de gran interés dentro de un marco bien construido y exhaustivo. Este innovador trabajo es fundamental para investigadores y profesores de análisis del discurso lingüístico y español como lengua extranjera. Además complementa los estudios de grado y posgrado en pragmática y lingüística.
