Understanding Hubert Selby, Jr James Richard Giles, 1998 Since the publication in 1964 of his novel *Last Exit to Brooklyn* which arguably achieved the status of a cult classic Hubert Selby Jr has held a place as one of the foremost exponents of American underground literature His work has yet to receive extensive critical attention in part because of its deliberately shocking subject matter and its resistance to precise classification In *Understanding Hubert Selby Jr* James R Giles examines the writer's four novels and one collection of short stories to make the case that the full complexity of his fiction has not previously been understood Giles contends that Selby's writings which are usually labelled as either naturalistic or surrealistic represent an innovative merger of both narrative modes

The Distance of Irish Modernism John Greaney, 2022-06-16 The Distance of Irish Modernism interrogates the paradox through which Irish modernist fictions have become containers for national and transnational histories while such texts are often oblique and perverse in terms of their times and geographies John Greaney explores this paradox to launch a metacritical study of the modes of inquiry used to define Irish modernism in the 21st century Focused on works by Samuel Beckett Elizabeth Bowen John McGahern Flann O

Brian and Kate O'Brien this book analyses how and if the complex representational strategies of modernist fictions provide a window on historical events and realities Greaney deploys close reading formal analysis narratology and philosophical accounts of literature alongside historicist and materialist approaches as well as postcolonial and world literature paradigms to examine how modernist texts engage the cultural memories they supposedly transmit Emphasizing the proximities and the distances between modernist aesthetic practice and the history of modernity in Ireland and beyond this book enables a new model for narrating Irish modernism
