Mother-Infant Attachment and Psychoanalysis Mary Y. Ayers,2014-06-11 Winner of the 2004 Gradiva Award from the National Association for the Advancement of Psychoanalysis The issue of shame has become a central topic for many writers and therapists in recent years but it is debatable how much real understanding of this powerful and pervasive emotion we have achieved Mother Infant Attachment and Psychoanalysis argues that shame can develop during the first six months of life through an unreflected look in the mother s eyes and that this shame is then internalised by the infant and reverberates through its later life The author further expands on this concept of the look through a powerful and extensive study of the concept of the Evil Eye an enduring universal belief that eyes have the power to inflict injury Finally she presents ways of healing shame within a clinical setting and provides a fascinating analysis of the role of eye contact in the therapeutic encounter This book brings together a unique blend of theoretical interpretations of shame with clinical studies and integrates major concepts from psychoanalysis Jungian analysis developmental psychology and anthropology The result is a broad understanding of shame and a real understanding of why it may underlie a wide range of clinical disorders **THE**

The Primacy of Movement Maxine Sheets-Johnstone,1999-01-01 Through diligent and rigorous attention to both natural history and phenomenological accounts of kinetic phenomena particularly the phenomenon of self movement this interdisciplinary book brings to the fore the long neglected topic of animate form and with it a long neglected inquiry into the significance of animation It addresses methodological and foundational issues at length **Mirror Mirror** Thirteen Press,2014-02-23 Mirrors are fascinating They reflect everything accurately the things that are in front of them or do they Scientists were at one time attempting to create a mirror which showed everything the way the viewer would see it not the back to front reflection we are used to Quite what that would do to our minds is anyone's guess Mirrors can be menacing They can reveal our innermost fears sometimes showing us those fears in ghastly and horrific forms Mirrors can speak according to the fairy tale giving the viewer what she wanted up to a point until it no longer became the truth Mirrors hold many secrets This anthology reveals some of those secrets and horrors as the talented writers who have allowed me to use their work explore in tales of woe blood gore and murder Here are the real nasties hiding behind the silvered backs of seemingly innocuous mirrors Look in them at your peril **The EC Archives: Shock SuspenStories Volume 3** Carl Wessler,2023-12-05 Now available in an affordable paperback edition Shock SuspenStories Volume 3 continues the fabled EC tradition of presenting the finest noir comics of the era These hard as nails tales of betrayal larceny and murder are the works of legendary creators Al Feldstein Wally Wood Jack Davis Reed Crandall Jack Kamen and more Includes Squeeze Play the only EC story illustrated solely by Frank Frazetta who appears as the main character in the story Collects Shock SuspenStories 13 18 and features a foreword by comics superstar Brian Michael Bendis *A Haunt of Fears* Martin Barker,1984 An exploration of the British campaign against horror comics between 1949 and 1955 that led to the passage of the Children and Young Persons Act of 1955 *Battle of the Starlords* Prince Patrick,2014-04-29 Long ago in a distant universe an ancient prophecy foretells of two kings that will be born One king will be the savior of the universe and the other will be the instrument of its ultimate destruction Now a galactic peacekeeper Akira Solomon and his partner must stop this apocalypse and try to keep this force from tearing apart the universe **The Battle of Abraham** Semion Vinokur,2020-01-26 The Battle of Abraham is an attempt to reconstruct through novelization the dramatic events in the early years of the life of Abraham one of the most famous heroes in the history of mankind Simultaneously it is a profound story about each and every one of us This book is based on several sources that include The Great Commentary Midrash Raba by Maimonides RAMBAM the great 12th century Jewish scholar the works of Flavius Josephus a first century Romano Jewish historian and scholar dialogues between the author of this book and his Teacher and the author's personal perceptions and suppositions □□2 qi longpantian,2025-02-13 Suddenly I heard a familiar voice What You said that the corpse water was

useless to Master Wen Jiu and them **The Way of the Wise** J.T. Sibley,2015-11-12 Today we worry about Mad Cow Disease AIDS Alzheimers and other prolonged onset ailments But back in the good old days folks worried about infected cuts and slashes internal diseases parasites and a whole variety of ailments which are perfectly treatable or preventable by means of modern medicine Folks rarely lived long enough to suffer from a long slow disease heck just staying alive to see one s fortieth birthday was considered a feat Even as late as the 19th century medicine was pretty medieval to our way of looking at it There were no wonder drugs no X ray or CAT scans no hospitals as we know them today and spotty training of medical professionals The dentist was feared and quack nostrums were sold by the case by traveling snake oil salesmen Many of those nostrums contained relatively innocuous ingredients but some were downright dangerous especially those incorporating psychoactive alkaloids heavy metals or raw isotopes Mercury or radium were primary ingredients in some quack medicinal cures even into the early 20th century And in rural areas the old magic medicine was still practiced by generations of folks who passed on these traditions and lore to their students and or children Much of the material presented in this volume has already been documented and published in the Norwegian language by scholars and folklorists such as Ingjald Reichborn Kjennerud Nils Lid Hjalmar Falk Olav B O A H eg Per Holck Odd Nordland Chr Bang and A Steen among others There has been a growing interest in folklore folk medicine and the old ways in recent years and this volume is an attempt to present a part of this lore to the English speaking audience *Jealousy and Envy* Léon Wurmser,Heidrun Jarass,2011-02-25 Jealousy and envy permeate the practice of psychoanalytic and psychotherapeutic work New experience and new relevance of old but neglected ideas about these two feeling states and their origins warrant special attention both as to theory and practice Their great complexity and multilayered nature are highlighted by a number of contributions the very early inception of the triangular jealousy situations the prominence of womb envy and hatred against femininity rooted in the envy of female procreativity the role of shame and the core of both affects the massive effects of the embodiment of these feelings in the conscience i e the envious and resentful attacks by the inner judge against the self the attempt to construct a cultic system of sacrifices the would countermand womb envy by an all male cast of killing rebirth redemption and blissful nourishment and finally the projection of envy jealousy and their context of shame and self condemnation in the form of the Evil Eye Taken together the contributions to the stunning and insightful volume form a broad spectrum of new insights into the dynamics of two central emotions of rivalry and their clinical and cultural relevance and application **J.M. Coetzee and the Ethics of Power** Emanuela Tegla,2016-01-12 For I was not as I liked to believe the indulgent pleasure loving opposite of the cold rigid Colonel I was the lie that Empire tells itself when times are easy he the truth that Empire tells when harsh winds blow Thus the Magistrate confesses in Coetzee s 1980 novel *Waiting for the Barbarians* The present study looks closely into the unsettling effects Coetzee s novels have on the reader and explores the interconnectedness between stylistic choices and moral insights Its overall aim is to disclose the effectiveness of Coetzee s narrative strategies to

prompt the reader to engage in self questioning and radical revisions of personal and social moral assumptions This is an original and ground breaking study of Coetzee s work Dr Tegla s insightful close readings highlight the ways in which Coetzee fictionalizes a variety of moral dilemmas In particular she shows how he turns narrative into an instrument for moral discernment Her narratological approach advances our understanding of his achievements and I can state without reservation that this book will be referred to as a landmark in Coetzee criticism Richard Bradford Research Professor and Senior Distinguished Research Fellow University of Ulster
