these questions and more providing essential information on over 90 legendary aircraft from the celebrated Spitfire to the jet powered Me 262 Featuring full colour artwork to aid recognition as well as all the details you need to assess their performance this is the perfect pocket guide to the Allied and Axis fighters of World War II The Ardennes, 1944-1945 Christer Bergström, 2014-12-19 A comprehensive photo filled account of the six week long Battle of the Bulge when panzers slipped through the forest and took the Allies by surprise In December 1944 just as World War II appeared to be winding down Hitler shocked the world with a powerful German counteroffensive that cracked the center of the American front The attack came through the Ardennes the hilly and forested area in eastern Belgium and Luxembourg that the Allies had considered a quiet sector Instead for the second time in the war the Germans used it as a stealthy avenue of approach for their panzers Much of US First Army was overrun and thousands of prisoners were taken as the Germans forged a fifty mile bulge into the Allied front But in one small town Bastogne American paratroopers together with remnants of tank units offered dogged resistance Meanwhile the rest of Eisenhower's broad front strategy came to a halt as Patton from the south and Hodges from the north converged on the enemy incursion Yet it would take an epic six week long winter battle the bloodiest in the history of the US Army before the Germans were finally pushed back Christer Bergström has interviewed veterans gone through huge amounts of archive material and performed on the spot research in the area The result is a large amount of previously unpublished material and new findings including reevaluations of tank and personnel casualties and the most accurate picture yet of what really transpired from the perspectives of both sides With nearly four hundred photos numerous maps and thirty two superb color profiles of combat vehicles and aircraft it provides perhaps the most comprehensive look at the battle yet published *Modelling the Messerschmitt Bf 110* Brett Green, 2012-02-20 The Messerschmitt Bf 110 was undoubtedly one of the most significant aircraft of World War II Despite suffering setbacks in the summer of 1940 at the hands of the RAF it continued to be used effectively in other theatres and roles until the last days of the war particularly as a night fighter against RAF Bomber Command's strategic bombing campaign over the Reich This volume shows you how to correct and convert basic 1/48 scale kits of the Bf 110 into many different variants using a wide selection of aftermarket detail sets conversions accessories and decals for both day and night fighter schemes TANKER DIGITAL 01 , *The Battle of Britain* Christer Bergström, 2015-09-19 A thorough look at this turning point WWII aerial battle with eyewitness accounts maps and rare photos incredibly well researched Aircrew Book Review By late summer 1940 Nazi Germany had conquered all its opponents on the continent including the British Army itself which was forced to scramble back aboard small boats to its shores A non aggression pact with the Soviet Union in hand Hitler had only one remaining object that season the British Isles themselves However before he could invade his Luftwaffe needed to wipe the Royal Air Force from the skies History's first strategic military campaign conducted in the air alone was about to take place This book contains a large number of dramatic eyewitness accounts even as it reveals new facts that will alter common

perceptions of the battle For example the twin engined Messerschmitt Bf 110 was actually a good day fighter and it performed at least as well in this role as the Bf 109 during the battle The Luftwaffe s commander Hermann G ring performed far better than has been believed The British night bombers played a more decisive role than previously thought in addition this book disproves that the German 109 pilots were in any way superior to their Hurricane or Spitfire counterparts The author has examined records from both sides and provides surprising statistics that shatter much conventional wisdom laying out the Battle of Britain as seldom seen before Includes color photos of the relevant aircraft **ACES HIGH MAGAZINE**
