Franny K. Stein's Crate of Danger Jim Benton,2005-10-01 Goosebumps and Bill Nye the Science Guy fans meet Franny A boxed set of the first four books in the Franny K Stein Mad Scientist series Franny K Stein is not your average girl she s a mad scientist She prefers poison ivy to daisies and piranha to goldfish and when Franny jumps rope she uses her pet snake Being a mad scientist is exciting but it does have its drawbacks From fending off giant monstrous fiends to getting a lab assistant to battling her own teenage self Franny has her hands full Join her on her first four wacky weird creepy adventures and find out why Franny is everyone s favorite mad scientist This collection includes Lunch Walks Among Us Attack of the 50 Ft Cupid The Invisible Fran The Fran That Time Forgot [The Early Reader in Children's Literature and Culture](#) Jennifer

Miscec,Annette Wannamaker,2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe *Frantastic Voyage* Jim Benton,2013-06-18 Goosebumps and Bill Nye the Science Guy fans meet Franny Franny s faithful Lab assistant Igor has swallowed a doomsday device that is ready to go off at any moment For a regular scientist it might seem like there s only one way to get the device out um make that two ways But Franny K Stein is no ordinary scientist so she concocts her own way to get the device back and save her friend With her miniaturization machine Franny shrinks herself to the size of a pin and goes on a field trip like no other through the body of a ticking time dog Fasten your seat belts it s going to be a bumpy ride *Bad Hair Day* Jim Benton,2019-07-23 Franny K Stein is back with another laugh out loud experimental adventure in the eighth book in the Mad Scientist series from Jim Benton the New York Times bestselling author illustrator of the Dear Dumb Diary and It s Happy Bunny series Franny K Stein isn t a fan of glamour She doesn t style her hair the thought of wearing makeup makes her want to gag and she couldn t care less about wearing dressy dresses when she d much prefer her lab coat But sometimes Franny wonders if her mom wishes she were different Which gives Franny an idea for an experiment What if she can turn the beauty products her mom loves into something more exciting Every experiment has its experimental error and when Franny s hair takes on a life of its own Franny must save the day and her hair to finally realize her mom loves her just the way she is **Mood Science** Jim Benton,2022-08-30 Fans of Goosebumps and Bill Nye the Science Guy will fall head over heels for Franny K Stein who is back with another laugh out loud experimental adventure in the tenth book in the Mad Scientist series Franny K Stein has had quite enough of her feelings getting in the way So she

physically removes them with the help of one of her machines But it turns out that not having feelings can make things even worse especially when you ve accidentally released a virus that s turning everybody into toads Good thing she has the help of her grandma Granny Fran and her Sense of Duty to help her shake the apathy
