Lundy Paul Harrison,2008 Lundy Gary Gibson,Paul Harrison,1994 **Mountaineering Literature** Jill Neate,1986

Long established as a standard reference work worldwide this is a thorough bibliography of all mountaineering books that are of practical use to climbers or for reading pleasure or historical interest Documenting more than 2000 books of mountaineering literature it also includes nearly 900 climber s guidebooks a sampling of more than 400 works of mountaineering fiction plus journals and bibliographies *The British National Bibliography* Arthur James Wells,2009

Encyclopaedia of Mountaineering ,1975 **Mountaineering and Its Literature** Jill Neate,1980 Few areas of human endeavor and adventure have such an extensive literature as does mountaineering perhaps because the activity itself is so diverse ranging from gymnastic feats of modern rock climbers through alpinism to Himalayan conquests and exploration Even before Edward Whymper climbed the Matterhorn in 1865 and wrote the celebrated Scrambles in the Alps mountaineers had felt compelled to record their adventures and their sense of wonder at the mountain world In recent years the literature has expanded considerably to account for the phenomenal growth of mountain activities Expeditions are now commonplace and the great mountain ranges are no longer beyond the reach of the average climber This extensive bibliography describes works on mountaineering published in the English language since 1744 But it s far more than a dry catalog of books as author Neate gives notes which help the reader assess as book s reliability and significance An indispensable reference for the active climber would be explorer and bibliophile alike *Mountain* ,1987 *The Alpine Journal* ,1987 *Coastal Paths of the South West* Edward C. Pyatt,1971 *Landmarks* David Craig,1995 Owing much to Bruce Chatwin of whom David Craig is a great admirer this book is a discursive mixture of travel the cultural influence of large outcrops of rock and the lives of people round the world who live in their shadow or on their tops **Climber and Rambler** ,1975 **Lundy** ,197?
