Monstrous Liminality Robert G. Beghetto, 2022-01-24 This book examines the transformation of the figure of the stranger in the literature of the modern age in terms of liminality As a spectral monster that has a paradoxical and liminal relationship to both the sacred and the secular the figure of the modern stranger has played a role in both adapting and shaping a culturally determined understanding of the self and the other With the advent of modernity the stranger the monster and the spectre became interconnected Haunting the edges of reason while also being absorbed into normal society all three together with the cyborg manifest the vulnerability of an age that is fearful of the return of the repressed Yet these figures can also become re appropriated as positive symbols able to navigate between the dangerous and chaotic elements that threaten society while serving as precarious and ironic symbols of hope or sustainability The book shows the explanatory potential of focusing on the resacralizing in a paradoxical and liminal manner of traditionally sacred concepts such as messianic time and the utopian and the conflicts that emerged as a result of secularized modernity s denial of its own

hybridization This approach to modern literature shows how the modern stranger a figure that is both paradoxically immersed and removed from society deals with the dangers of failing to be re assimilated into mainstream society and is caught in a fixed or permanent state of liminality a state that can ultimately lead to boredom alienation nihilism and failure These monstrous aspects of liminality can also be rewarding in that traversing difficult and paradoxical avenues they confront both traditional and contemporary viewpoints enabling new and fresh perspectives suspended between imagination and reality past and future nature and artificial In many ways the modern stranger as a figure of literature and the cultural imagination has become more complicated and challenging in the post modern contemporary age both clashing with and encompassing people who go beyond simply the psychological or even spiritual inability to blend in and out of society However while the stranger may be altering once again the defining or essentializing the figure could result in the creation of other sets of binaries and thereby dissolve the purpose and productiveness of both strangeness and liminality The intention of Monstrous Liminality is to trace the liminal sphere located between the secular and sacred that has characterized modernity itself This space has consequently altered the makeup of the stranger from something external into a figure far more liminal which is forced to traverse this uncanny space in an attempt to find new meanings for an age that is struggling to maintain any

M Anton Kaes,2021-03-25 Fritz Lang's *M* 1931 is an undisputed classic of world cinema Lang considered it his most lasting work Peter Lorre's extraordinary performance as the childlike misfit Hans Beckert was one of the most striking of film debuts and it made him an international star Lang's vision of a city gripped with fear haunted by surveillance and total mobilization is still remarkably powerful today And *M* resonates too in the serial killer genre which is so prominent in contemporary cinema *M* speaks to us as a timeless classic but also as a Weimar film that has too often been isolated from its political and cultural context In this groundbreaking book Anton Kaes reconnects *M*'s much studied formal brilliance to its significance as an event in 1931 Germany recapturing the film's extraordinary social and symbolic energy Interweaving close reading with cultural history Kaes reconstitutes *M* as a crucial modernist artwork In addition he analyzes Joseph Losey's 1951 film noir remake and in an appendix publishes for the first time *M*'s missing scene *The Collected Works of D.W. Winnicott* Donald Woods Winnicott,2017 Volume eight 1967-68 is introduced by the eminent British child psychotherapist Ann Horne It gathers together Winnicott's interests in play and playing and in health including papers on infantile schizophrenia the squiggle game the roots of aggression interpretation his significant late paper The Use of an Object and his obituary of James Strachey his first analyst and editor of the Standard Edition of Sigmund Freud It also includes a number of Winnicott's letters charting his recovery from a serious illness from hospital in New York to his secretary Joyce Coles

I Know Where I'm Going! Pam Cook,2021-10-21 *I Know Where I'm Going!* 1945 is widely regarded as one of Michael Powell and Emeric Pressburger's most remarkable achievements and a cinematic tour de force A simple moral tale set in the wild Scottish Highlands it follows the journey of a headstrong young woman forced by her encounter with this magical mythic

world and its exotic customs to revise her materialistic priorities Pam Cook traces the film's production history exploring its place in Powell and Pressburger's canon and showing how it wove into its narrative the memories and aspirations of an international group of film makers working in 1940s Britain Focusing on the extensive use of special effects she reveals a technologically ambitious masterpiece I Know Where I'm Going is for Cook a multilayered work rich in allusions whose emotional power reaches beyond boundaries of time and place to touch profound human desires In her foreword to this new edition Cook argues that I Know Where I'm Going's ability to be both of its time and timeless is what ensures that it continues to captivate successive generations of viewers

A Companion to Martin Scorsese Aaron Baker, 2021-05-04 A Companion to Martin Scorsese A Companion to Martin Scorsese This valuable book brings the exceptional scale of Martin Scorsese's film work into clear view His achievements are monumental and the essays collected in this work provide wonderfully detailed and vivid analyses of his oeuvre A comprehensive study of the most exciting filmmaker working today Robert Burgoyne University of St Andrews A Companion to Martin Scorsese Revised Edition is a comprehensive collection of original essays assessing the career of one of America's most prominent contemporary filmmakers The first reference work of its kind this book contains contributions from influential scholars in North America and Europe The essays use a variety of analytic approaches to study numerous aspects of Scorsese's work from his earliest films to his place within the history of American and world cinema They consider his work in relation to auteur theory the genres in which he has worked his use of popular music and his recent involvement with film preservation Several of the essays offer fresh interpretations of some of Scorsese's most influential films including Mean Streets Taxi Driver Raging Bull GoodFellas Gangs of New York Hugo and The Irishman Others take a broader approach and discuss the representation of violence ethnicity religion sexuality gender race and other themes across his work With insights that will interest film scholars as well as movie enthusiasts this is an important contribution to the scholarship of contemporary American cinema

Class, Crime and International Film Noir D. Broe, 2014-04-08 Class Crime and International Film Noir argues that in its postwar classical phase this dark variant of the crime film was not just an American phenomenon Rather these seedy tales with their doomed heroes and heroines were popular all over the world including France Britain Italy and Japan

The Dual State Dr Eric Wilson, 2012-12-28 This volume presents a practical demonstration of the relevance of Carl Schmitt's thought to parapolitical studies arguing that his constitutional theory is the one best suited to investing the deep state with intellectual and doctrinal coherence Critiquing Schmitt's work from a variety of intellectual perspectives the chapters discuss current parapolitical reality within the domain of criminology the parapolitical nature of both the dual state and the national security state corporate complex Using the USA as a prime example of the world's current dual or deep political state the criminogenic dimensions of the parapolitical systems of post 9 11 America are discussed Using case studies the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world including Sweden Canada Italy Turkey and Africa

From Deleuze and Guattari to Posthumanism Christine Daigle, Terrance H. McDonald, 2022-01-27 Uncovering the theoretical and creative interconnections between posthumanism and philosophies of immanence this volume explores the influence of the philosophy of immanence on posthuman theory the varied reworkings of immanence for the nonhuman turn and the new pathways for critical thinking created by the combination of these monumental discourses With the philosophy of Gilles Deleuze and Félix Guattari serving as a vibrant node of immanence this

volume maps a multiplicity of pathways from Deleuze Guattari and their theoretical allies including Spinoza and Nietzsche to posthuman thought. As positions that insist respectively on the equal yet distinct powers of mind and body immanence and the urgent need to dismantle human privilege and exceptionality posthumanism each chapter reveals concepts for rethinking established notions of being thought experience and life. The authors here take examples from a range of different media including literature and contemporary cinema featuring films such as *Enthiran* (The Robot India 2010) and *CHAPPIE* (USA Mexico 2015) and new developments in technology and theory. In doing so they investigate Deleuzian and Guattarian posthumanism from a variety of political and ethical frameworks and perspectives from afro pessimism to feminist thought disability studies biopolitics and social justice. Countering the dualisms of Cartesian philosophy and flattening the hierarchies imposed by Humanism. From Deleuze and Guattari to Posthumanism launches vital interrogations of established knowledge and sparks the critical reflection necessary for life in the posthuman era.

Psychoanalysis and Ethics in Documentary Film Agnieszka Piotrowska, 2023-06-14 This distinctively interdisciplinary book draws upon psychoanalytic theory to explore how expectations desires and fears of documentary subjects and filmmakers are engaged and the ethical issues that can arise as a result. Urban Disasters and the Roman Imagination Virginia M. Closs, Elizabeth Keitel, 2020-09-21 This book affords new perspectives on urban disasters in the ancient Roman context attending not just to the material and historical realities of such events but also to the imaginary and literary possibilities offered by urban disaster as a figure of thought. Existential threats to the ancient city took many forms including military invasions natural disasters public health crises and gradual systemic collapses brought on by political or economic factors. In Roman cities the memory of such events left lasting imprints on the city in psychological as well as in material terms. Individual chapters explore historical disasters and their commemoration but others also consider the effect of anticipated and imagined catastrophes. They analyze the destruction of cities both as a threat to be forestalled and as a potentially regenerative agent of change and the ways in which destroyed cities are revisited and in a sense rebuilt in literary and social memory. The contributors to this volume seek to explore the Roman conception of disaster in terms that are not exclusively literary or historical. Instead they explore the connections between and among various elements in the assemblage of

experiences texts and traditions touching upon the theme of urban disasters in the Roman world Texas School Journal,1905
