Macarthur As Military Commander, *Macarthur's War* Bevin Alexander, 2013-05-07 General Douglas MacArthur was highly skilled and world famous as a military commander Under his leadership after World War II Japan was rebuilt into a democratic ally But during the Korean War in defiance of President Harry S Truman and the Joint Chiefs of Staff he pushed for an aggressive confrontation with Communist China a position intended to provoke a wider war regardless of the consequences While MacArthur aspired to stamp out Communism across the globe Truman was much more concerned with containing the Soviet Union The infamous clash between them was not only an epic turning point in history but the ultimate struggle between civil and military power in the United States While other U S generals have challenged presidential authority no other military leader has ever so brazenly attempted to dictate national policy In *MacArthur's War* Bevin Alexander details MacArthur's battles from the alliances he made with Republican leaders to the threatening ultimatum he delivered to China against orders the action that led directly to his downfall INCLUDES PHOTOGRAPHS *MacArthur as Military Commander* Gavin Merrick Long, 1979 *Douglas MacArthur* Earle Rice, 2003-01-01 A look at the life and military accomplishments of General Douglas MacArthur whose career included serving as commander of the United States Army in the Far East during World War II *The Legal Status of General MacArthur as Military Commander in Korea* Paul S. Davis, 1952 **Douglas MacArthur** Earle Rice (Jr.), 2013 A look at the life and military accomplishments of General Douglas MacArthur whose career included serving as commander of the United States Army in the Far East during World War II

MacArthur Gavin Long, 1998-04-01 But his self confidence the breadth and depth of his thinking and his eloquence and commanding presence ensured that he filled with distinction the senior appointments into which he was swiftly elevated between the wars When Douglas MacArthur returned to the U S after being relieved of command in Korea in 1951 he was setting foot on American soil for the first time since 1935 During his long sojourn in the Pacific he had fought against America's enemies in concert with a wide array of often contentious European allies and emerging Asian forces In *MacArthur* Gavin Long examined one of the most complex personalities thrust into some of the most complex situations to be found in

the Military Commanders series It is scarcely surprising that he sometimes gave his subject mixed reviews Long was editor of the Australian Official History of World War II and offers an interesting account of MacArthur's relationship with his Australian allies Examples of MacArthur's initiative and leadership ability in Mexico and World War I ignored in some studies are given due attention here Of particular interest due to rapid changes of government throughout the world in recent years is Long's insightful account of MacArthur's administration of post war Japan MacArthur himself later recalled that Japan had become the world's greatest laboratory for an experiment in the liberation of a people from totalitarian rule and for the liberalization of government from within

Reminiscences Douglas MacArthur, 2010-10 Written in his own hand and finished only weeks before his death Reminiscences by General Douglas MacArthur spans more than half a century of modern history These pages show a man whose unique vantage point at the center of the stage enabled him to illuminate major controversies of our time and whose views and ideas never before published in full are now bound to bring new and unexpected reappraisals to the conflicts in which he himself was the central figure Douglas MacArthur served under eight presidents He was honored as few men have been His genius for command and his ability to implement that command by strategy stand as landmarks in military history No man was ever so outspoken in his commitment to his troops or in his beliefs A legend in his own lifetime he was a man who aroused controversy yet stood above the awe and the conflicts he inspired Never before has one soldier's life so completely reflected a nation's military history After graduation from West Point with the highest average ever achieved by a cadet MacArthur served in Vera Cruz during the Mexican uprisings and then as military attache in the Far East where he first perceived Japanese aspirations for hegemony the Orient His courage in the trenches and his leadership of the famous Rainbow Division during the First World War were cited by General Pershing who seven times awarded MacArthur the Silver Star

Eisenhower As Military Commander E. K. G. Sixsmith, 1989-08-21

The Role of the Operational Artist U S Military, Department of Defense (Dod), Brandon Pasko, 2019-10-30 This study applies the theory of the operational artist to evaluate General Douglas MacArthur's command in the Korean War to illuminate considerations in regards to a senior military commander's authority to discuss policy and negotiate military strategy with policymakers and their responsibility to operate within the constraints imposed by policy to achieve the political aim through the military aim Victory emerged through the restoration of the 38th Parallel where discourse and negotiation between policymakers and the operational artist resolved the tension between policy and military strategy while tragedy and failure emerged in the remainder of General MacArthur's command when the discourse failed and the operational artist disregarded policy constraints in pursuit of his own aims The analysis implicates

considerations for senior military commanders in their role as operational artists in the context of large scale combat operations within wars of limited aims constrained by competing interests This compilation also includes a reproduction of the 2019 Worldwide Threat Assessment of the U S Intelligence Community Publishing Field Manual FM 3 0 Operations in October 2017 the U S Army shifted the priority from focusing on counterinsurgency to large scale combat operations LSCO making LSCO against a peer threat represent the most significant readiness requirement This realignment responds to a perceived threat from the military advancement and recent aggressive activity by competitor nations such as Russia China North Korea and Iran Russia s annexation of Crimea in 2014 and China s activity in the South China Sea serve as examples of the intent to contest the world order In addition the overlapping interests between the nations heighten concern Within this context the potential exists for miscalculation leading to escalation as well as simultaneous conflict in multiple regions This strategic environment challenges the National Command Authority NCA supported by military professionals in establishing political aims and allocation of resources across competing global interests Thus arises the question with consideration to the dynamics of the political environment and potential for LSCO with limited aims what is the role of senior military commanders with relation to the NCA in the development and implementation of policy and military strategy to further U S interests Carl von Clausewitz s theory On War explains the nature of war which remains relevant in understanding warfare in the twenty first century He derived the nature of real or limited war as a political endeavor in pursuit of limited aims establishing the necessity for the civil military relationship Clausewitz deduced that war is an instrument of policy emerging from the realm of politics consisting of the interrelationship between the enmity of the people the chance of military victory deduced by commanders and the purpose or reason narrative and legitimacy given by the government for the use of force Because of political origins the degree of force employed depends on the political aim with consideration to the conditions and capacities of the belligerents Thus war does not reach the logical extremes of uncontrolled violence because political interests moderate the effort The greater the political motivation for war the greater the belligerent contributes to the war effort
