Maelstrom Storytelling:

Story Engine Christian Aldridge, 1998-12 You're holding the cutting edge of roleplaying rules. The Story Engine is designed top to bottom for story games without the vestiges of wargaming that shackle so many other storytelling games. We've included Story Bones out free online introductory version of the rules to help you get started as quickly and easily as possible. Story Engine uses relative instead of linear scales fitting everything from super heroes and high fantasy to film noir and murder mysteries. The rules adapt seamlessly to any genre giving you fluid fun games that focus on the story and not the rules. Action is resolved as whole scenes through a bidding process: players spend their resources to increase their chances of turning crucial moments into dramatic scenes.

Through the Maelstrom Борис Горбачевский, 2008 A junior officer in the Red Army provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front from his combat training in early 1942 until the surrender and occupation of Germany.

Storytelling Organizations David M Boje, 2008-10-07 Boje does not reflect trends; he is among those who set them. Herv Corvellec, Department of Service Management, Lund University. How can I know what I think until I see what David Boje says? What he says about storytelling will forever change what we thought we knew about stories. With remarkable control over a complex argument, Boje recovers, re-punctuates and re-animates a world of narrative and sensemaking that we have previously taken for granted.

Karl E Weick, Rensis Likert, Distinguished University Professor of Organizational Behavior and Psychology, Stephen M Ross School of Business at the University of Michigan. Few people understand stories and storytelling as well as David Boje. It is a measure of Boje's success as a theorist that the word story can never reclaim the innocence and simplicity it once enjoyed. Nor with the benefit of his work can organizations be viewed as spaces which occasionally or incidentally spawn stories. Boje's eagerly awaited book forces us to question many of our assumptions about storytelling; it also demands that we revise several of our assumptions about what organizations are.

Yiannis Gabriel, The School of Management, Royal Holloway University of London. Our company is made up of lots of stories. We've found that stories get told and retold and become the fabric of an organization. Policies lay unread in the company handbook or training manual.

David Boje taught me the value of stories in an organization. Stories are the oil that makes the gears work. How do you get your message heard in an organization with thousands of people?

David Boje taught me the value of telling stories at Stew Leonard's. Stew Leonard Jr. Stew Leonard Organization. David Boje is one of the world's leading authorities on storytelling. His work has influenced a generation of organizational theorists and students. He not only provides new ways of understanding organizations but also provides fresh insights into the way in which stories function to provide meanings.

Heather H pfl, University of Essex. The idea of organizations using storytelling to make sense of themselves and their environment has generated a lot of excitement. Written by the leading scholar in this field, David Boje explores how narrative and storytelling is an important part of an organization's strategy development and learning processes. With excellent examples from Nike, McDonald's and Disney, readers are shown

how the theory that underpins organizational storytelling connects with storytelling in everyday organizational life David Boje's theories and ideas in relation to the study of storytelling in organizations are highly influential and this book will be a must have for any student or scholar interested in the area

Educating Religious Education Teachers Jenny Berglund, Bert Roebben, Peter Schreiner, Friedrich Schweitzer, 2023-07-10 International knowledge transfer in religious education RE is still a fairly new topic Many scholars in the field consider this discussion of prime importance for the future of both the academic discipline of religious education and the related school subject RE This book continues this discussion and specifies it in the direction of teacher education Its focus is on the challenges that teacher students and their trainers are facing in the light of RE in a pluralized and detraditionalized society The impact of these challenges on RE research is obvious However international exchange of research results for purposes of comparison and mutual enrichment is still rare This book provides insights that can encourage and facilitate this exchange

Levinas, Storytelling and Anti-Storytelling Will Buckingham, 2013-02-14 The telling of tales is always a troubling business and the way in which we tell stories about ourselves and about others always involves a degree of ethical risk Levinas Storytelling and Anti Storytelling explores the troubling nature of storytelling through a reading of the work of Emmanuel Levinas Levinas is a thinker who has a complex relationship with literature and with storytelling At times Levinas is a teller of powerful tales about ethics at other times on ethical grounds he disavows storytelling altogether Levinas Storytelling and Anti Storytelling explores the tensions between philosophy and storytelling that run throughout Levinas's work By asking about how Levinas tells and untells his stories and by risking the telling of tales that Levinas himself does not dare to tell this book opens up new ways of thinking about Levinas's ethics of responsibility It may be as Levinas often insists that storytelling presents us with ethical dangers but Levinas Storytelling and Anti Storytelling makes the case that an ethics of responsibility may demand that whilst mindful of these dangers we nevertheless continually seek out new stories to tell about ourselves about others and about the world

Fractured Fables Brandiella Ryan, 2024-11-21 Unlock a world where stories come alive and unravel When David Finch spins the dial of a mysterious antique clock he's plunged from a dusty attic into the bustling marketplace of Agrabah He's not dreaming He's landed inside the Arabian Nights and nothing is as it should be The Chronarium the device responsible for David's unexpected journey is a portal to the Narratorium the realm of all

stories His impulsive act has torn its fabric causing beloved fables to fracture Characters forget their lines plots twist into chaos and the very essence of fiction hangs in the balance Amelia Hayes a steely Guardian of the Narratorium is tasked with retrieving David and repairing the damage She finds him bewildered a fish out of water in a world he only thought he knew But as they navigate the shifting sands of Agrabah the melancholic moors of Wuthering Heights and the increasingly mad tea party in Wonderland Amelia discovers that David is more than a trespasser He s a reluctant hero and his dormant creativity holds the key to mending the fractured fables Their journey is a whirlwind of distorted tales and unexpected encounters A forgetful Genie a confused Heathcliff a Queen of Hearts whose pronouncements grow ever more absurd each encounter underscores the growing crisis As David confronts these unraveling narratives his writer s block begins to crumble replaced by a newfound purpose But a rogue Guardian lurks in the shadows a figure from Amelia s past who believes chaos is the key to true storytelling As David and Amelia s bond deepens amidst the unfolding chaos they must face not only the fracturing narratives but also the ghosts of Amelia s past Can they save the Narratorium or will the stories we cherish fade into oblivion Dive into Fractured Fables and discover a world where love and storytelling collide in a battle for the very soul of fiction
