Department of Printed Books,1911 **Speculative Poetry and the Modern Alliterative Revival** Dennis Wilson Wise,2023-12-08 If a literary movement arises but no one notices is it still a movement In Speculative Poetry and the Modern Alliterative Revival A Critical Anthology Dennis Wilson Wise argues that the answer is yes Over the last ten decades poets working in fantasy science fiction and horror have collectively brought forth a revival in alliterative poetics akin to what once happened in the mid fourteenth century Altogether this anthology collects for the first time over fifty speculative poets several of whom are previously unpublished from across North America and Europe Alongside such established names as C S Lewis Patrick Rothfuss Edwin Morgan Poul Anderson Jo Walton P K Page and W H Auden this anthology includes representative texts from cultural movements such as contemporary neo Paganism and the Society for Creative Anachronism A lengthy critical introduction by the editor written accessibly for a general audience explains and contextualizes the Modern Revival for critics and readers alike and extensive footnotes offer aids to anyone new to medieval history or Norse mythology Overall this indispensable anthology the first major academic book to focus on speculative poetry establishes where the medieval meets the modern in the hitherto unrecognized Modern Alliterative Revival The Works. Containing Interesting and Valuable Papers, Not Hitherto Published. With Memoir of the Author, by Thomas Roscoe Jonathan Swift,1841 **The works of Jonathan Swift, containing papers not hitherto publ. social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children s stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children s literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time
