Mont Royal Ville Marie Early Plans And Views Of Montreal:

Patrician Families and the Making of Quebec Brian Young, 2014-10-01 History has often ignored the influence in modern Quebec of family dynasties patriarchy seigneurial land and traditional institutions Following the ascent of four generations from two families through eighteenth century New France to the onset of the First World War Patrician Families and the Making of Quebec compares the French Catholic Taschereaus and the Anglican and English speaking McCords Consulting private institutional and legal archives Brian Young studies eight family patriarchs Working as merchants or colonial administrators in the first generation they became seigneurial proprietors officeholders and prelates The heads of both families used marriage arrangements land stewardship and judgeships to position their heirs Young shows how patriarchy was a central force in both domestic and public life as well as the ways in which Taschereau and McCord family strategies extended into the marrow of Quebec society through moral authority influence on national identities and their positions within senior offices in religious judicial and university institutions Through courthouses cemeteries belfries and their own chapels and neoclassical estates they created encompassing cultural landscapes Later generations used museums archives historian collaborators photography and modern print to elevate family achievement to the status of heroic national narratives Sagas of the monied and entrepreneurial nationalist imperatives to protect a vulnerable people and skepticism about the lasting power of great families and historical institutions have relegated the influence of the Taschereaus and McCords to obscurity Patrician Families and the Making of Quebec resuscitates the central role these elite families played in English and French Quebec [Montreal, City of Spires](#) Clarence Epstein, 2012-03-19 T00:00:00-04:00 Of the fifty religious buildings discussed in this book only a precious few remain standing despite the fact that Montreal boasts one of the largest and most eclectic groupings of Georgian and Victorian structures of any city in North America Following the British conquest of New France in 1759 a remarkable series of transformations took place in the small Catholic trading town of Montreal Given the diversity of settlers forced to live side by side the new church buildings that were to rise became strategic public spaces meeting places as well as power bases It was no wonder that by the time Mark Twain toured Canada's first metropolis in the 1880s he found that one could not throw a brick in the place without breaking a church window By addressing the social religious and architectural issues surrounding these colonial era structures it will become apparent that Montreal was at once a shining jewel in England's imperial crown a chief outpost of Catholicism in the New World as well as the British North American headquarters for more than a dozen independent congregations **The Making and Unmaking of a University Museum** Brian J. Young, 2000 In *The Making and Unmaking of a University Museum* Young elucidates the relationship between museums and communities by examining the nineteenth century social context of the family who bequeathed their collection to McGill University and the collection's fate in an academic institution Tracing the museum's history from its founding by David Ross McCord he emphasizes the centrality of elite women to the culture of the museum

and its survival in the twentieth century the museum's importance as the collective memory of Montreal's English speaking elite and the difficulty academic historians have had in dealing with material history

Surveyors of Empire Stephen J. Hornsby, 2011-04-05 Using research from both sides of the Atlantic Stephen Hornsby examines the development of British military cartography in North America during and after the Seven Years War as well as advancements in military and scientific equipment used in surveying At the same time he follows the land speculation of two leading surveyors Samuel Holland and J F W Des Barres and the publication history of *The Atlantic Neptune* Richly illustrated with images from *The Atlantic Neptune* and earlier maps *Surveyors of Empire* is an insightful account of the relationship between science and imperialism and the British shaping of the Atlantic world

Mont Royal, Ville Marie Conrad Graham, McCord Museum, 1992 Dessins et aquarelles retraient l'expansion urbaine de Montréal aux 18e et 19e siècles Les 107 œuvres originales présentées dans ce catalogue ont été réalisées par des arpenteurs et cartographes français puis par des artistes et topographes britanniques Chaque œuvre est analysée de la façon la plus complète possible et une section composée d'une brève biographie de chaque artiste complète le catalogue

Until Next Year Jane E. Harrison, Canadian Museum of Civilization, Canadian Postal Museum, 1997-06-09 Quickly easily by e-mail fax and phone in a variety of ways we communicate with distant friends family and associates and we think nothing of it Canadians in the past knew a very different world Over long distances in all sorts of weather and amidst the dangers of war pirates and myriad other hazards the growing colony of Canada was entirely dependent upon letters to communicate news commerce loneliness or desire To carry each letter to its destination correspondents had to rely on ad hoc unofficial and occasional opportunities as well as upon the efforts of friends travelers and members of the society at large Letters were precious possessions their arrival anxiously anticipated often for months *Until Next Year* recreates this exciting and engaging world when writing a letter was considered an art and when creating paper itself took the patience and skill of a seasoned artisan Using the private letters of Canadians and their correspondents Harrison details how letters were written how they were delivered who wrote them and why Beyond the letters themselves this story is amply enriched with an abundance of maps photographs and prints

Place Ville Marie France Vanlaethem, 2012 This book traces the fascinating history of what Montrealers still call the city's grande dame From the complex's earliest beginnings with developer William Zeckendorf through its later transformations the reader will discover in these pages a broad swath of our architectural heritage replete with lavish illustrations Authored by a team of seasoned writers to coincide with the celebrations surrounding the 50th anniversary of the complex this book is intended for both architecture enthusiasts the people who shaped this showplace of corporate life and anyone who is simply curious to know more about the circumstances surrounding the creation of this skyscraper that has

been is still today and will continue to be the pride of Montrealers Canadian Book Review Annual ,1992 **Montréal en évolution** Jean-Claude Marsan,2019-04-26T00:00:00-04:00 Le présent ouvrage retrace l'évolution de l'architecture et de l'environnement urbain montréalais des premières visites du Sieur de Champlain jusqu'à la métropole postmoderne d'aujourd'hui. Cette fresque historique unique accompagnée de plus de 200 photographies en couleur et en noir et blanc s'étend sur quatre siècles. Jamais Montréal avec ses structures, ses rues, ses parcs, ses édifices publics, ses habitations, ses lieux de travail et de culte n'aura paru aussi passionnante. *Les Sulpiciens de Montréal* John Alexander Dickinson, Ollivier Hubert, 2007 Présentation de l'éditeur. En août 1657 quatre sulpiciens venus de Paris s'installent Ville Marie au Canada. Ainsi commence il y a 350 ans l'aventure de Saint Sulpice de Montréal : éducation, charité, publique, direction des missions, organisation des paroisses missionnaires et seigneurs de la terre, mœurs, cultures, les Sulpiciens, hommes d'action et de goût, oeuvrent sur tous les fronts et sont profondément associés à l'histoire de Montréal. Mais ils opèrent dans l'humilité et la discrétion propres à leur vocation religieuse. Aussi leur histoire restait-elle obscure. C'est maintenant chose faite grâce aux travaux des historiens. La question ici réunis. Ceux-ci ont eu librement accès aux archives qui comptent parmi les plus anciennes au Canada. L'ouvrage, fort documenté et richement illustré, qui en résulte n'est pas seulement une référence. Il est aussi une invitation à entreprendre un périple dans une histoire moins connue, non exempte de soubresauts. C'est que tout en vivant leur sacerdoce sous le regard de Dieu, les Sulpiciens de Montréal entendaient aussi entendre toujours vivre ici-bas, parmi les hommes. *Montreal in Evolution* Jean-Claude Marsan, 1990. Montreal in Evolution presents the rich and complex history of Montreal's architectural and environmental development from the first fort of Ville Marie to the skyscrapers of today. It also examines the forces which shaped the city during the past three hundred and fifty years. International Books in Print ,1997 *Subject Guide to Books in Print* ,1996 **Irish Watercolours and Drawings** Anne Crookshank, 1995. Irish Watercolors and Drawings offers a unique chronicle of Irish history. The exquisite watercolor drawings and pastels reproduced here capture a broad range of Irish experience extending beyond picturesque landscapes and pretty scenes to Irish emigrants arriving in America, polar expeditions, Maori encampments, army barracks, horse races, taverns, grand country houses and the interiors of Irish cabins. Key Irish artists such as George Barret, Francis Danby, Frederick William Burton and Jack Yeats, along with many less well-known figures, are seen in historical and social contexts. Irish painters abroad in North America, Australia, New Zealand, India and elsewhere are treated in a special section. Artists who visited and were inspired by Ireland are also represented. The comprehensive text accompanies more than 400 illustrations, among them many unfamiliar works from museums and private collections around the world. BOOK JACKET Title Summary field provided by Blackwell North America Inc. All Rights Reserved **Canadian Books in Print 2002** Edited by Butler Marian, Marian Butler, 2002-02. Containing more than 48,000 titles of which approximately 4,000 have a 2001 imprint, the author and title index is extensively cross-referenced. It offers a complete directory of Canadian publishers available, listing the names and ISBN prefixes as well as the street, e-mail and web addresses.
