My Soul Is A Woman The Feminine In Islam:

My Soul Is a Woman Annemarie Schimmel, 2003-02-25 An internationally acclaimed scholar who has dedicated more than fifty years of her life to understanding the Islamic world Annemarie Schimmel examines a much misunderstood feature of Islam the role of women Schimmel is critical of those especially Western feminists who take Islam to task without taking the time to comprehend the cultures language and traditions of the many societies in which Islam is the majority religion Shattering stereotypes Schimmel reconstructs an important but little known chapter of Islamic spirituality With copious examples she shows the clear equality of women and men the conception of the Prophet Muhammad the Quran the feminine language of the mystical tradition and the role of holy mothers and unmarried women as manifestations of God This work is studded with luminous texts from Arabic Turkish Persian and particularly Indo Muslim cultures which reveal how physical love can give expression to the highest forms of mysticism *Female Personalities in the Qur'an and Sunna*

Rawand Osman, 2014-10-03 This book investigates the manner in which the Qur'an and sunna depict female personalities in their narrative literature Providing a comprehensive study of all the female personalities mentioned in the Qur'an the book is selective in the personalities of the sunna examining the three prominent women of ahl al bayt Khadija Fatima and Zaynab Analysing the major sources of Imami Shi'i Islam including the exegetical compilations of the eminent Shi'i religious authorities of the classical and modern periods as well as the authoritative books of Shi'i traditions this book finds that the varieties of female personalities are portrayed as human beings on different stages of the spiritual spectrum They display feminine qualities which are often viewed positively and are sometimes commendable traits for men at least as far as the spiritual domain is concerned The theory particularly regarding women's humanity is then tested against the depiction of womanhood in the hadith literature with special emphasis on Nahj al Balagha Contributing a fresh perspective on classical materials this book will be of interest to students and scholars of Islamic Studies Women's Studies and Shi'i Studies *A History of Islam in 21 Women*

Haddad, Jane I. Smith, 2002-03-11 Although they are typically portrayed by the media as dangerous extremists in distant lands Muslims in fact form a permanent peaceful and growing population in nearly every Western country While Westerners are now more commonly seeing mosques in their neighborhoods or scarved Muslim women in their streets misperceptions and

stereotypes remain. With expanding numbers and desires to protect their rights and identities Muslims are coming into more and more into the public view. In *Muslim Minorities in the West* noted scholars Haddad and Smith bring together outstanding essays on the distinct experiences of minority Muslim communities from Detroit Michigan to Perth Australia and the wide range of issues facing them. Haddad and Smith in their introduction trace the broad contours of the Muslim experience in Europe America and other areas of European settlement and shed light on the common questions minority Muslims face of assimilation discrimination evangelism and politics. *Muslim Minorities in the West* provides a welcome introduction to these increasingly visible citizens of Western nations.

Gender and Succession in Medieval and Early Modern Islam Alyssa Gabbay, 2020-03-19 In *Gender and Succession in Medieval and Early Modern Islam* Bilateral Descent and the Legacy of Fatima Alyssa Gabbay examines episodes in pre modern Islamic history in which individuals or societies recognized descent from both men and women. Fatima daughter of the Prophet Muhammad features prominently in this study for her example constituted a striking precedent for acknowledging bilateral descent in both Sunni and Shi'i societies with all of its ramifications for female inheritance succession and identity. Covering a broad geographical and chronological swath *Gender and Succession in Medieval and Early Modern Islam* presents alternative perspectives to patriarchal narratives and breaks new ground in its focus upon how people conceived of family structures and bloodlines. In so doing it builds upon a tradition of studies seeking to dispel monolithic understandings of Islam and Gender.

Islamic Interpretive Tradition and Gender Justice Nevin Reda, Yasmin Amin, 2020-12-10 Since the 1980s Muslim women reformers have made great strides in

critiquing and reinterpreting the Islamic tradition Yet these achievements have not produced a significant shift in the lived experience of Islam particularly with respect to equality and justice in Muslim families A new approach is needed one that examines the underlying instruments of tradition and explores avenues for effecting change In Islamic Interpretive Tradition and Gender Justice leading intellectuals and emerging researchers grapple with the problem of entrenched positions within Islam that affect women investigating the processes by which interpretations become authoritative the theoretical foundations upon which they stand and the ways they have been used to inscribe and enforce gender limitations Together they argue that the Islamic interpretive tradition displays all the trappings of canonical texts canonical figures and canon law despite the fact that Islam does not ordain religious authorities who could sanction processes of canonization Through this lens the essays in this collection offer insights into key issues in Islamic feminist scholarship ranging from interreligious love child marriage polygamy and divorce to stoning segregation seclusion and gender hierarchies Rooting their analysis in the primary texts and historical literature of Islam contributors to Islamic Interpretive Tradition and Gender Justice contest oppressive interpretative canons subvert classical methodologies and provide new directions in the ongoing project of revitalizing Islamic exegesis and its ethical and legal implications *Language, Eros, Being* Elliot R. Wolfson, 2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy poetry and philology draws on theories of sexuality phenomenology comparative religion philological writings on Kabbalah Russian formalism Wittgenstein Rosenzweig William Blake and the very physics of the time space continuum to establish what will surely be a highwater mark in work on Kabbalah Not only a study of texts *Language Eros Being* is perhaps the fullest confrontation of the body in Jewish studies if not in religious studies as a whole Elliot R Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R Wolfson *Through a Speculum That Shines* is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field *Speculum* [Historical Dictionary of Sufism](#) John Renard, 2015-11-19 The most broadly accepted explanation of Sufism is the etymological derivation of the term from the Arabic for wool of associating practitioners with a preference for poor rough clothing This explanation clearly identifies Sufism with ascetical practice and the importance of manifesting spiritual poverty through material poverty In fact some of

the earliest Western descriptions of individuals now widely associated with the larger phenomenon of Sufism identified them with the Arabic term faqir mendicant or its most common Persian equivalent darwish Sufism as presented here embraces a host of features including the ritual institutional psychological hermeneutical artistic literary ethical and epistemological This second edition of Historical Dictionary of Sufism contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on important personalities major historical figures and movements practices economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sufism

Sufism East and West Jamal Malik, Saeed Zarrabi-Zadeh, 2019-07-15 In Sufism East and West the contributors investigate the redirection and dynamics of Sufism in the modern era specifically from the perspective of global cross cultural exchange Edited by Jamal Malik and Saeed Zarrabi Zadeh the book explores the role of mystical Islam in the complex interchange and fluidity in the resonance spaces of East and West The volume challenges the enduring Orientalist binary coding of East versus West and argues instead for a more mutual process of cultural plaiting and shared tradition By highlighting amendments adaptations and expansions of Sufi semantics during the last centuries it also questions the persistent perception of Sufism in its post classical epoch as a corrupt imitation of the legacy of the great Sufis of the past

For God's Sake Antony Loewenstein, Jane Caro, Rachel Woodlock, Simon Smart, 2013-07-01 Four Australian thinkers come together to ask and answer the big questions such as What is the nature of the universe Doesn't religion cause most of the conflict in the world and Where do we find hope We are introduced to the detail of different belief systems Judaism Christianity Islam and to the argument that atheism like organised religion has its own compelling logic And we gain insight into the life events that led each author to their current position Jane Caro flirted briefly with spiritual belief inspired by 19th century literary heroines such as Elizabeth Gaskell and the Brontë sisters Antony Lowenstein is proudly culturally yet unconventionally Jewish Simon Smart is firmly and resolutely a Christian but one who has had some of his most profound spiritual moments while surfing Rachel Woodlock grew up in the alternative embrace of Baha'i belief but became entranced by its older parent religion Islam Provocative informative and passionately argued For God's Sake encourages us to accept religious differences but to also challenge more vigorously the beliefs that create discord

Gray,2012-11-08 Are women in North Africa and the Middle East feminist Or is being a Muslim incompatible with feminism Is there such a thing as Islamic feminism Through interviews with Moroccan activists and jurists both male and female and by situating these interviews within their socio political and economic contexts Doris Gray addresses these questions By doing so she attempts to move beyond the simple bifurcation of feminist and Islamist to look at the many facets of internal gender discourse within one Muslim country allowing for a more nuanced understanding of the discussion on women s rights in the Muslim world in general By marking out a third way that looks beyond feminism and Islamism Gray presents religion and faith not as blocking gender equality but as a source of inspiration to explore new ways of conceiving modernity While Western models are taken into consideration within Morocco the men and women involved in this third way of understanding gender and equality inevitably negotiate internal tensions between what has been dubbed tradition and modernity thus incorporating national and cultural identity post colonialism and religious principles into their gender discourse Examining issues such as gender equality gender justice abortion and gay

rights Gray explores the nexus of gender religion and democracy in modern Morocco and the ways in which different groups understand these ideas Many of the world s pressing twenty first century problems are embodied within Morocco s borders tensions between the West and the Muslim world minority rights migration the role of religion in a modern society and the issue this book is chiefly concerned with women s rights The status and the role of women is one of the most hotly debated topics throughout the Middle East and North Africa and this is particularly visible through this discussion of what it means to engage with and promote feminist thought and actions in the region *Chosen among Women* Mary F. Thurlkill,2008-01-15

Chosen among Women Mary and Fatima in Medieval Christianity and Shi ite Islam combines historical analysis with the tools of gender studies and religious studies to compare the roles of the Virgin Mary in medieval Christianity with those of Fatima daughter of the prophet Muhammad in Shi ite Islam The book explores the proliferation of Marian imagery in Late Antiquity through the Church fathers and popular hagiography It examines how Merovingian authors assimilated powerful queens and abbesses to a Marian prototype to articulate their political significance and at the same time censure holy women s public charisma Mary Thurlkill focuses as well on the importance of Fatima in the evolution of Shi ite identity throughout the Middle East She examines how scholars such as Muhammad Baqir al Majlisi advertised Fatima as a symbol of the Shi ite holy family and its glorified status in paradise while simultaneously binding her as a mother to the domestic sphere and patriarchal authority This important comparative look at feminine ideals in both Shi ite Islam and medieval Christianity is of relevance and value in the modern world and it will be welcomed by scholars and students of Islam comparative religion medieval Christianity and gender studies **Shifting Allegiances: Networks of Kinship and of Faith** Isabel Moyra Dale,2016-07-13

Ahsanullah,2013-01-16
