with the later fulfillment of these promises in the book The proposed forms for the seven letters forms such as edicts oracles and epistles are examined and it is concluded that they are a mixtum compositum best called prophetic letters The sociological significance of victory is explored within the Greco Roman world The text of the promises and their co texts as reflected intertextually in traditions of biblical literature receive thorough examination The eschatological fulfillment of the victor sayings is surveyed in Revelation s later chapters especially in chapters 21 22 where the new Jerusalem is depicted The study concludes with an investigation of the ways that the promises were appropriated for the time and the text world of Revelation
