Doody's Medical Reviews This is a comprehensive reference for long term care administrators practitioners and students who want to understand the options issues and trends related to the effective administration and management of long term care communities The book is unique in its in depth focus on what needs to be accomplished and the evidence based information about what actually works Multifaceted insights address the ever changing world of the long term care industry and offer best practices and model programs in eldercare This multidisciplinary book covers the most crucial aspects of management including federal and or state regulations required to provide long term care services and operate long term care communities It offers advice on care at home naturally occurring retirement communities and continuing care retirement communities client care staff retention

preventing elder abuse and neglect anticipating and managing litigation and arbitration in long term care aging and human diversity Alzheimer's Disease palliative care care transitions and much more Distilling many years of practical research and teaching experience the authors provide the necessary tools and tips that will enable professionals to maximize the quality of care and the quality of life for older adults living in long term care communities Each chapter includes helpful pedagogical features such as learning objectives case studies effective practices and or model programs in eldercare Key Features Based on federal and or state regulations required to provide long term care services and operate long term care communities Examines the complex operations of long term care options for effective eldercare Highlights the most cost effective practices and model programs in long term care communities that are currently used throughout the United States Provides useful tips about client care and staff retention as well as marketing and census development financing and reimbursement and legal issues Promotes innovative collaboration between education research and practice that is reflected by the training of the editors and contributing authors

Creative Long-term Care Administration George Kenneth Gordon, Leslie A. Grant, Ruth Perin Stryker, 2003 The prior three editions of this book were extremely well received for use in undergraduate and graduate courses in long term care administration and they were also popular as fundamental resources with practitioners as well as for an array of other long term care practitioners and professions including housing managers board members teachers students administrators owners and health care professionals who are seeking new directions in the field This the fourth edition has been extensively revised There is for example the fundamental updating throughout to reflect structural and regulatory changes that have been occurring in the field as well as the introduction of recent research findings evolving ideas and new practices In addition there are new perspectives introduced by nine new chapter authors plus three entirely new chapters monitoring clinical outcomes spiritual care and using information technology The book is divided into six sections The Evolution of Long Term Care Developing the Organization Human Resource Management Optimizing Health Care Outcomes Creating a Supportive Living Environment and Creating a Better Future This new edition also has an additional author Dr Leslie Grant whose seasoned scholarship and visionary leadership will provide important additional insight for the reader The ideas presented are intended to provide a better understanding of the long term care environment and to suggest ways of applying interdisciplinary knowledge for the administrator in this setting

Handbook of Long-Term Care Administration and Policy Cynthia Massie Mara, Laura Olson, 2008-03-27 Attitudes toward long term care contain a strong residue of negativity in today's society and current problems with the system augment such perceptions Unless dealt with now this will only get worse as the 85 and older crowd is the fastest growing part of the population and the first wave of Baby Boomers is approaching 60 Exploring and delineating

Effective Management of Long-Term Care Facilities Douglas A. Singh, 2021-11-10 Effective Management of Long Term Care Facilities Fourth Edition examines the complex operations of the long term care facility and offers critical skills to current and future long term care administrators for delivering quality

cost effective services An excellent resource for both new and seasoned long term care managers this logically organized text begins with an understanding of what long term care is and why it s an integral part of the health care delivery system It moves on to explore the legal and regulatory parameters and payment constraints within which long term care facilities must be managed each of the main functional departments that administrators must understand and oversee and effective governance and leadership and management of human resources marketing and quality much of which is unique to nursing home administration The final section of the book offers case studies to simulate situations that the administrator is likely to encounter in practice

Effective Management of Long Term Care Facilities Douglas Singh,2010-02-18 Effective Management of Long Term Care Facilities explores the complex operations of the long term care facility and offers critical skills to current and future nursing home administrators for delivering quality cost effective services The Second Edition has been thoroughly revised and reorganized to offer a more cohesive presentation of the material New chapters that have been added cover the long term care industry long term care policy and supportive case studies that incorporate management and patient care issues

Conducting Research in Long-Term Care Settings Brenda Lewis Cleary, PhD, RN, FAAN,2003-11-04 Winner of an AJN Book of the Year Award Nursing homes are rich repositories of data yet are underutilized for controlled research studies This book is a hands on guide to conducting long term care research in both nursing homes and home care settings It offers an overview of possible research in the field along with practical information on how to gain access to and work with complex institutions that may not welcome change The author also suggests the most effective research methodology for long term care settings and how to implement and disseminate successful research

Nursing Home Administration, Sixth Edition James E. Allen,2011-02-25 Named a 2013 Doody s Essential Purchase The sixth edition of Nursing Home Administration contains essential information to prepare an individual for licensure and employment as a nursing home administrator This book addresses all regulatory pieces of information to provide readers with an overview of the entire process of managing a nursing facility This edition has been updated to reflect the most accurate and up to date information to reflect new legislation and regulations passed since previous edition in 2008 This textbook serves as a roadmap for studying and understanding all the various requirements management human resources finance and business industry laws and regulations and patient care It demonstrates how all components fit together to form the coordinated activity set required of a successful nursing home administrator Key Features Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators New federal guidelines to surveyors New resident assessment instrument Updated figures and tables New life safety code inspection processes New ICDM 10 International Classification of Diseases Modified Sub set of federal forms included in appendices Web references to enable the reader to successfully navigate the nursing home administration field
