Help For Parents! Maximized Parenting, 112 Solutions to the Parenting Problems of Today Francis Edo Olotu ,Catherine Olubukunola Olotu,2014-02-24 Effective parenting is about raising well adjusted children who are assets to society Maximized Parenting is a book which promotes effective parenting through equipping parents with the knowledge that fosters proper foundation for parenting According to Partnership for 21st Century Skills 2006 and American Management Association s AMA 2010 Survey many employers believe that higher education is failing in its role to adequately develop needed skills in students Parents with the help of this book can bridge the knowledge gap between what higher education provides and what the employment industry requires The book is for parents who consider parenting as one of their most important responsibilities in life One of the greatest assets a child could have is dutiful parents from whom he she learns the act of parenting Parents without this privilege are large in number and to them parenting is a dark continent which they find difficult to navigate This book is written to inform inspire and impart knowledge about parenting in the 21st century The book would enable parents interact with their children in a way that would motivate them to be outstanding persons in life In this information age you cannot limit your child to how you were brought up or what you know because he she was born in another era The gamut of issues covered in this book will equip you to bring up your child to be successful in life Issues treated in this book will help you know healthy parenting methods that are best for your child The book contains a very broad mix of issues a parent would encounter at every stage of a child s life It is written from the perspective that a parent s job is for life and as such parents need help to sustain their long term commitment to their children Issues covered include character building instilling moral values into children basic life skills at every stage of life sexuality education and handling children with special needs While the information in this book is specifically for parents the information would be useful to fathers groups men s groups women s groups grandparents extended family members and childcare providers that have opportunities to relate to children Research now and again has shown that a family is more important to a child s school success than how much money the family makes or how much education the parents have No parent who has read this book should ever ask How can I make my child a success in life The social commentator Michael Novak wrote on the importance of family One unforgettable law has been learned through all the disasters and injustices of the last thousand years if things go well with the family life is worth living when the family falters life falls apart The goal of Maximized Parenting is to fill the knowledge gap in you that will make you a better parent as well as an inspiration to other parents of the 21st century Choose to be an intentional parent who will put in the needed time energy and efforts to raise

successful children Know that expensive toys and vacations are a poor substitute for the valuable time you need to spend with your children Refuse to outsource your parenting duties to care givers and boarding schools and you will be a stakeholder in the next generations through your children who will pass on your legacies Remember when a parent dies one thing that cannot be buried with him her is his her impact on the lives of his her children those things become a living memorial in his her children

Nurturing Soft Skills Peace E. Ani,2021-02-09 *Nurturing Soft Skills* introduces the COACH framework to help parents nurture Confident Outgoing Articulate Creative and Happier children who feel empowered to try new things and believe they can always bounce back if success is not immediate

Nurturing An Endangered Generation Rosemary Thompson,2013-08-21 The statistics are pretty grim the young people of the US face an ever increasing tide of poverty alcohol and drug abuse violence suicide and family dysfunction However society s response has been slow Too many young people do not receive consistent positive and realistic validation of themselves from the adults on whom they depend The problems facing today s youth demonstrate the critical need for responsible adults to establish close helping relationships with our young people This means not only helping them achieve academically but also teaching them skills such as assertiveness decision making conflict resolution impulse control anger management empathy sensitivity and tolerance of difference This book goes beyond the stilted rhetoric on the problems of youth and the dilemma for society by outlining specific treatment intervention and prevention strategies that address the full spectrum of dysfunctional behavior It introduces structured intervention strategies for school and community collaboration with an emphasis on remediation and treatment Educators and helping professionals will find counseling strategies and psychoeducational techniques that focus on primary prevention These primary prevention strategies are supported by an understanding of critical social emotional and cognitive skills Each chapter introduces the latest demographic data and the factors that make children and adolescents vulnerable to self defeating or self destructive behaviors and then counteracts these factors with structured intervention and prevention

Mental Health Practice in Today's Schools Raymond H. Witte,G. Susan Mosley- Howard,2014-10-27 *Mental Health Practice in Today s Schools Issues and Interventions* provides a comprehensive guide to the mental health issues of students in our schools and practical school wide prevention and intervention strategies to address these challenges This text will likely serve as an essential resource for mental health practitioners and educators working in the schools for years to come Michael A Keim NCC Columbus State University The Professional Counselor In today s schools the variety and consequences of mental health problems are growing and receiving greater public attention Moreover dwindling resources add to the difficulties of providing adequate mental health services This practice oriented evidence based resource addresses the key mental health issues and challenges facing school based professionals and helps to facilitate effective and focused mental health consultation training and counseling within the school setting Grounded in a tiered intervention approach to school psychological practices this text focuses on preventive and proactive services that are integrated at the school wide

and classroom levels as well as more intensive mental health services for the most vulnerable students In addition to addressing core issues such as screening for at risk students Response to Intervention RTI and mental health culturally sensitive practices community services and supports law and ethics and the role of micro skills in daily practice this text also covers critical topics such as bullying and cyber bullying physical and sexual abuse suicide prevention and intervention school crisis response threat assessment and substance abuse Chapters feature illustrative case examples as well as summaries of key concepts Facilitating knowledge and awareness of evidence based mental health practices in schools for practitioners at every level of service this textbook is also an essential resource for graduate students in school psychology school guidance and counseling school social work and educational leadership KEY FEATURES Emphasizes mental health practice from school wide prevention to student specific intervention Highlights the essential service connection of RTI to student mental health needs and issues Expands graduate students and practitioners knowledge and skill sets regarding high need issues and challenges Describes state of the art evidence based mental health programs services and approaches Includes case examples within chapters and extensive capstone case studies
