Nurturing Development Aid And Cooperation In Today's Changing World:

Development Cooperation and Emerging Powers Sachin Chaturvedi, Thomas Fues, Elizabeth Sidiropoulos, 2012-05-10

The current framework of development cooperation is dominated by the experiences of industrialized countries. But emerging economies have begun to accelerate their own development programmes and attempts to bring them into existing aid models have been met with caution and reservation. This expert topical volume explores the development policies of Brazil, China, India, Mexico, and South Africa, analysing how South-South cooperation has evolved and where it differs from traditional development cooperation. This vital new collection brings together first-hand experience from these countries to provide a forward-looking analysis of the current global architecture of development cooperation and of the possible convergence of traditional and emerging development actors.

Nurturing Development Ismail Serageldin, 1995

The World Bank and Social Transformation in International Politics David Williams, 2012-08-21

In the 1990s the World Bank changed its policy to take the position that the problems of poverty and governance are inextricably linked and improving the governance of its borrower countries became increasingly accepted as a legitimate and important part of the World Bank's development activities. This book examines why the World Bank came to see good governance as important and evaluate what the World Bank is doing to improve the governance of its borrower countries. David Williams examines changing World Bank policy since the late 1970s to show how a concern with good governance grew out of the problems the World Bank was experiencing with structural adjustment lending, particularly in Sub-Saharan Africa. The book provides an account of the early years of the World Bank and traces the increasing acceptance of the idea of good governance within the Bank through the 1990s while systematically relating the policies of good governance to liberalism. The author provides a detailed case study of World Bank lending to Ghana to demonstrate what the attempt to improve governance looks like in practice. Williams assesses whether the World Bank has been successful in its attempts to improve governance and draws out some of the implications of the argument for how we should think about sovereignty for how we should understand the connections between liberalism and international politics. This book will be of interest to students and scholars of international relations, politics, economics, development, and African studies.

Aid John Degenbol-Martinussen, Poul Engberg-Pedersen, 2003

This is the most comprehensive and up-to-date analysis of the global aid scene.

Rethinking African Development Lual Acuek

Lual Deng, 1998

India's Family Welfare Program Anthony R. Measham, Richard Heaver, 1996

The 1995 conference continued the tradition of holding a roundtable discussion related to the subject of the forthcoming annual World Development Report in this case economies in transition. The conference addressed four themes: redistribution with growth, demographic change and development aid, and development and fiscal decentralization. Among the articles included in the 1995 proceedings are Argentina's Miracle From Hyperinflation to Sustained Growth, Domingo F. Cavallo and Guillermo Mondino, Inequality, Poverty and Growth: Where Do We Stand, Albert Fishlow, Government Provision and Regulation of

Economic Support in Old Age Peter Diamond Is Growth in Developing Countries Beneficial to Industrial Countries Richard N Cooper Fiscal Federalism and Decentralization A Review of Some Efficiency and Macroeconomic Aspects Vito Tanzi *The World Bank Participation Sourcebook*, 1996 Presents case studies resulting from participation in the World Bank by developing countries such as Chad Brazil and Nigeria **Partnerships for Global Ecosystem Management** Ismail Serageldin, Joan Martin-Brown, 1999 The theme for the fifth annual Environmentally and Socially Sustainable Development Conference was the scientific legal and economic requirements of global ecosystem management This volume presents readings and examines the outcomes from this conference The objectives were to engage external experts and Bank managers and staff to provide a unique opportunity for major professional groups to interact on the requirements to link scientific economic and legal solutions for global ecosystem management at the country level and to promote understanding as to how best practice and innovations can be used for shared ecosystem management in sustainable development planning

Transforming Settlement in Southern Africa Chris de Wet, 2020-03-31 This volume examines the ways in which changing political and economic processes impact upon patterns of population movement and settlement It focuses on the southern African region as it has moved from the experiments of the early independence era through civil war and refugee flight into the current era characterised by globalization and the demise of apartheid Focused case studies from across the region deal with specific aspects of these transformations and their policy implications **Advancing Sustainable Development**, 1997-01-01 This book is the first systematic analysis of Russia's poverty and living standards since the country's independence Its primary goal is to quantify the nature and extent of changes in the welfare of Russians during the course of transition and beyond Part 1 establishes the economic and methodological framework within which poverty in the Russian Federation is studied Part 2 comprises a series of chapters that analyze poverty profiles and trends ranging across monetary and non monetary indicators Part 3 addresses selected critical aspects of the system of social support in the impact of public transfers the extent of private interhousehold transfers and public opinion about social problems
