Alvarez,2013-02-12 This book is a compilation of facts and ideas expressed by Guevara in his own speeches essays interviews working papers diary and others from conversations of family members friends subordinates and Castro including information from his best known biographers and supporters persuasive works published in Cuba and out after Che s death in Bolivia This was when he was not a threat to Fidel Castro s megalomania when Guevara did not constitute anymore a danger to Fidel s dream of becoming a hero and he would be the most important politician in America even perhaps in the whole world At that moment it was very important for Castro to use his limitless power in the Cuban government to develop the instrumentality necessary to transform Che s figure in what he is today an icon *Acerca del pensamiento económico de Ernesto Che Guevara* Carlos Tablada,1987 **Conferencia Teórica sobre el Pensamiento Económico del Comandante Ernesto Che Guevara** ,1990 *The Political Theory of Che Guevara* Renzo Llorente,2018-02-09 Nearly half a century after his death Ernesto Che Guevara remains a compelling and controversial figure He was an original social theorist and many of his writings attest to an innovative interpretation of various concepts and commitments central to Marxist thought This is one of the first works to comprehensively consider his contribution to social and political theory for a student audience Firstly the book provides thorough and reliable accounts of the key theses concepts and commitments that give Che Guevara s theoretical and political orientation its distinctive character It addresses Guevara s views on topics such as work morality in socialism egalitarianism prefigurative politics internationalism and the process of disembourgeoisement Secondly the study situates Guevara s ideas within the context of the Marxist theoretical tradition and on the other hand twentieth century Latin American social thought To this end it will explore both the affinities and dissimilarities between Guevara s views on certain fundamental questions and the views represented by such figures as Marx Lenin Herbert Marcuse and Jos Carlos Mari tegui Finally The Political Thought of Che Guevara will provide critical assessments of Che s key ideas many of which remain relevant to contemporary debates in socialist theory *El pensamiento del Che Guevara* Michael Löwy,1985 Tras la apariencia mítica y novelesca se oculta algo más profundo que ilumina y da su sentido verdadero a la vida del Che la coherencia rigurosa total y monolítica entre la teoría y la práctica entre la palabra y la acción El pensamiento del Che está construido sobre las premisas fundamentales del marxismo leninismo y aporta una contribución teórica original para el marxismo **Che Guevara** H. Yaffe,2009-02-25 Che Guevara remains an iconic figure four decades after his death Yet his most significant contribution his work as a member of the Cuban government is rarely discussed This book explores his impact on Cuba s economy through fascinating new archival material and interviews **Guevara, Also Known as Che** Paco

Ignacio Taibo (II), Paco Ignacio Taibo, 1999-08-19 Mexican novelist and historian Paco Ignacio Taibo II here captures the life and character of Che Guevara the preeminent Latin American revolutionary of the late twentieth century The symbol of radical egalitarianism and the war against social injustice Guevara was gunned down in the jungles of southeastern Bolivia in 1967 his death surrounded by questions that remain unanswered In the years since he died fascination with Che and his independent and pragmatic brand of Guerilla Marxism have become increasingly focused Taibo whose extensive contacts in Latin American political activism gives him unprecedented access to hitherto untapped sources probes Che s life with a storyteller s pen and an historian s judgment Delving into vast archives to which few researchers have entry Taibo investigates the mystery and myth surrounding Che s life careers and ideals Pensamiento Económico Internacional.
