Ontological and Historical Dimensions of Salvation According to Joseph Ratzinger Isabel C. Troconis,2025-07-24 For Joseph Ratzinger the separation between ontology and history constitutes the crucial problem that underlies all the difficulties of contemporary dogmatic theology since it affected the original unity of two essential dimensions of Christian revelation This study delves into Joseph Ratzinger s approach to the problem his account of the path that led to this separation and into some key insights drawn from his understanding of human salvation that could contribute to overcoming this dichotomy that afflicts contemporary theology Through the study of Joseph Ratzinger s writings Troconis highlights the relational and existential character of the theology of one of the best known and most influential Catholic thinkers of our time

Joseph Ratzinger and the Healing of Reformation-Era Divisions Emery de Gaál ,Matthew Levering,2019-11-01 Edited by Emery de Ga l and Matthew Levering Joseph Ratzinger and the Healing of Reformation Era Divisions examines Joseph Ratzinger Pope Benedict XVI s manifold contributions to Catholic Protestant theological reflection The collection opens with an introduction comparing Ratzinger s approach to ecumenism to that of Karl Rahner Rahner argues that the

structural uniting of Protestants and Catholics should take place now without worrying about doctrinal differences In contrast Ratzinger argues that unity in Christ requires probing the doctrinal differences and seeking a deeper understanding of the reasoning of each side on the grounds that the truth of the Gospel that each side desires to preserve will ultimately be the basis for the only kind of Christian ecclesial unity worth having namely a unity of the basis of the truth of the Gospel of Jesus Christ Detailed essays follow treating a number of loci including papal primacy ecumenical principles liturgy evangelization Mariology Christ's birth and the celebration of Christmas public theology Christocentrism Martin Luther charity conscience missiology justification the reception of Ratzinger Benedict in Radical Orthodoxy and Scripture and Tradition These essays run the full gamut of Ratzinger Benedict's major themes and preoccupations Ten of the essays are by Catholic scholars and seven by Protestant scholars Contributors include many of the world's leading Ratzinger experts and the volume opens with an essay by Bishop Rudolf Voderholzer Director of the Pope Benedict XVI Institute in Regensburg Germany

T&T Clark

Companion to Henri de Lubac Jordan Hillebert, 2017-06-29 The T T Clark Companion to Henri de Lubac introduces the life and writings of one of the most influential theologians of the 20th century A highly controversial figure throughout the 1940s and 50s Henri de Lubac 1896 1991 played a prominent role during the Second Vatican Council and was appointed cardinal by Pope John Paul II in 1983 His work which covers an impressive range of theological philosophical and historical inquiries has left an indelible mark on modern Christian thought This volume including contributions from leading Catholic Protestant

and Anglican scholars of de Lubac's work introduces readers to the key features of his theology. By placing de Lubac's writings in both their immediate context and in conversation with contemporary theological debates, these essays shed light on the theological ingenuity and continuing relevance of this important thinker. **Key Theological Thinkers** Svein Rise, 2016-04-22. The 20th and 21st Centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition. This unique anthology presents contributions from leading contemporary theologians including Rowan Williams, Fergus Kerr, Aidan Nichols, G. R. Evans, and Tracey Rowland, who offer portraits of over fifty key theological thinkers in the modern and postmodern era. Distinguished by its broad ecumenical perspective, this anthology spans arguably one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions: Protestant, Catholic, and Orthodox. Each individual portrait in this anthology includes a biographical introduction, an overview of theological or philosophical writing, presentation of key thoughts, and contextual placing of the thinker within 20th Century religious discourse. Overview articles explore postmodern theology, radical orthodoxy, ecumenical theology, feminist theology, and liberation theology. A final section includes portraits of important thinkers who have influenced Christian thought from other fields, not least from Continental philosophy and literature. **Karl Rahner** Pádraic Conway, Fáinche Ryan, 2010. Pádraic Conway is Director of the UCD International Centre for Newman Studies and a Vice President of University College Dublin. **Book Jacket: The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12. Written by an international team of distinguished scholars, this comprehensive book introduces students to the fundamental historical, systematic, moral, and ecclesiological aspects of the study of the church, as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues. *The Oxford Handbook of Vatican II* Catherine E. Clifford, Massimo Faggioli, 2023. This Handbook presents 44 chapters covering the complex history of the Second Vatican Council of the Catholic Church, 1962-1965, including contributions from a wide range of geographical and theological perspectives. **The Epiphany of Love** Livio Melina, 2010-09-14. In this volume, Livio Melina attempts to overcome the deadlock in which moral theology can easily find itself due to the false alternative between moralism with its emphasis on external rules and antimoralism with its insistence on freedom from all norms. The key Melina argues here is not to regard morality as a simple list of principles directing our choices and helping us to make correct moral judgments. Rather, we must step back and begin to comprehend the dynamic mystery of Christian action. Only in the light of Christ can the proper correlation between faith and morality, freedom and truth, be clearly understood. True morality springs from a synergistic relationship with God, born of faith in Christ, nurtured in the church, and made manifest in that which inspires all authentic goodness: the epiphany of love. **Joseph Ratzinger in Dialogue with Philosophical Traditions** Tracey Rowland, Alejandro Sada, Rudy Albino de Assunção, 2024-01-25. This book extensively explores the various influences and connections between Joseph Ratzinger and a number of leading philosophers, engaging with his work by means of Spanish

Portuguese German and English schools of thought through the contributions of a global body of scholars Each chapter in this volume examines precisely how Ratzinger has dealt with the ideas of a particular philosopher and how he has appropriated their ideas and thoughts Moving from philosophers he has modified or critiqued such as Kant Comte or Wittgenstein to those who have contributed to his philosophical theology such as Guardini and Pieper this truly international endeavour is an extraordinary journey into Ratzinger's engagement with his competing and congenial schools of thought

Historical Dictionary of Catholicism William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The *Historical Dictionary of Catholicism* Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism

Leaving Christendom for Good James Gerard McEvoy, 2014-05-01 *Leaving Christendom for Good* argues that the solution to some of the most troubling tensions in the life of the Catholic Church since Vatican II can be found in the council's document *Gaudium et spes* This text's view of the church's mission and social relationships as dialogical has the capacity to liberate Part One studies the contemporary place of religion with particular reference to Charles Taylor's groundbreaking work *A Secular Age* and examines *Gaudium et spes*'s dialogical view of the church world relationship Part Two explores what true dialogue entails and how it is best understood theologically engaging critically with Joseph Ratzinger's view of the church world relationship The book's final chapter considers two practical implications of its argument how evangelization can be best understood today and how the church can best approach issues in the public sphere

A Council for the Global Church Massimo Faggioli, 2015-05-01 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering decided by St John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and it is the key to understanding Catholicism and its inner tensions today

Ecclesiology and Postmodernity Gerard Mannion, 2017-01-13 What in the world is postmodernity Is it the dominant reality today If it is what does it mean to be a church in a postmodern world It seems that the church had a difficult time coming to terms with a modern world an era ruled by the claims of scientific certainty Having done so more or less it is now confronted by the claims of postmodernity which seem to reverse the whole equation to say that certainty and objectivity are chimeras What is truth Pilate asked and

postmodernity at least as caricatured by its opponents responds There s no such thing Gerard Mannion in Ecclesiology and Postmodernity addresses the situation of the church in a postmodern world The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty first century What is the church s moral Vision how does its practice look what is the nature of its aspiration toward holiness in our times Mannion believes that since Vatican II the Catholic Church has been in a kind of limbo awaiting a Vision of its own life for the future Rather than focusing on specific controversies Mannion offers concrete suggestions about how the church can create a better harmony between its own self understanding its ecclesiological Vision and its day to day life its ecclesial practice Gerard Mannion PhD educated at King s College Cambridge University and New College Oxford University is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University UK He is also the director of Church In Our Times Centre for the Study of Contemporary Ecclesiology co director of the Applied Ethics Initiative at Liverpool Hope co chair of the AAR American Academy of Religion Ecclesiological Investigations Program Unit and co ordinator of the Ecclesiological Investigations International Research Network Mannion is the author of Schopenhauer Religion and Morality and co editor of Readings in Church Authority Gifts and Challenges for Contemporary Catholicism both published by Ashgate in 2003 and co editor of the forthcoming volumes The Routledge Companion to the Christian Church and Catholic Social Justice Theological and Practical Explorations

Deifying Vision James McCullough, 2025-02-10

The anagogical sense of Scripture is that which identifies the ways in which the church s participation in its heavenly existence is expressed and taught Anagogical interpretation highlights the eschatological tension between the now and not yet of the experience of redemption but gives this tension an unapologetic priority over the way it is too often relegated to the backroom of last things The book introduces and explores the anagogical imagination as the capacity to live in this tension while appropriating more consciously the fullness of one s ascended identity in Christ
