Introduction to Colors Daniel W. Weidner Ed.D.D.II,2023-05-23 This work is to be considered as merely an introduction into the realm of colors The voluminous content of this subject is too vast whereby the inclusion would preclude this as a cursory view of this subject Herein included are partial listings of various categories Indeed the voluminous content available is far in excess to be addressed It is the belief of the author not to make this a scholarly project so vast that it would detract from its being a basic introduction for amusement Cultures have their own interpretation of the colors that are most prominent in their belief systems and some common beliefs have over centuries become part of other cultures
