Adventuring with Books Amy A. McClure, Janice V. Kristo, National Council of Teachers of English. Committee to Revise the Elementary School Booklist, 2002. In this 13th edition of *Adventuring with Books*, teachers and librarians will find descriptions of more than 850 texts published between 1999 and 2001 suitable for student use in background research, unit study, or pleasure reading, and children will find books that delight, amuse, and entertain. The texts described in the book are divided into 24 general topics, including Science Nonfiction, Struggle and Survival, Fantasy Literature, Sports, Games, and Hobbies, and Mathematics in Our World. To highlight literature that reflects the schools' multiple ethnicities, the booklist also introduces readers to recent literature that celebrates African American, Asian, and Pacific Island, Hispanic American, and indigenous cultures. Each chapter begins with a brief list of selection criteria, a streamlined list of all annotated titles in that chapter, and an introduction in which chapter editors discuss their criteria and the status of available books in that subject area. While the reviews were written by adults, the voices and opinions of children are often included as well, lending credence to adult choices of the quality children's books. NKA
